Tamdgidi, Khaldoun Samman, 2005-09-01 This Fall 2004 Spring 2005 III 1 2 double issue of Human Architecture Journal of the Sociology of Self Knowledge demonstrates the extent to which the sociology of self knowledge as advanced by this journal from its inception can serve as both a course topic as well as a pedagogical strategy in teaching sociology and related subjects The issue includes student papers of various faculty at UMass Boston and a symposium of student and faculty papers organized by Khaldoun Samman from Macalester College Samman had earlier taken the step of turning his senior seminar into a course on the sociology of self knowledge and encouraging his students all graduating seniors at Macalester to subject their own lives and troubles to their sociological imaginations The student papers included in the issue as a whole are highly demonstrative of how self and socially critical and liberating the sociology of self knowledge can be Authors use a variety of class and outside readings as well as films and documentaries to explore in depth currently unresolved issues in their lives while making every effort to move in depth to relate their personal troubles to broader public issues Contributors include Deborah D Isabel Claudia Contreras Katherine Heller Rebecca Tink Caitlin Farren Haing Kao Harold Muriaty Rachel A DeFilippis Lee Kang Woon N I B Sharon Brown Jennifer Lambert Anonymous Jorge Capetillo Ponce Khaldoun Samman also as journal issue guest editor Ellen Corrigan Jeremy Cover Jesse Mortenson Jessica Sawyer and Mohammad Tamdgidi also as journal editor in chief Human Architecture Journal of the Sociology of Self Knowledge is a publication of OKCIR The Omar Khayyam Center for Integrative Research in Utopia Mysticism and Science Utopystics For more information about OKCIR and other issues in its journal s Edited Collection as well as Monograph and Translation series visit OKCIR s homepage *Gender and Socialization to Power and Politics* Rita Mae Kelly, 1986 This thought provoking book illustrates how the interaction of childhood socialization and the reality of the adult woman s life produces variations in political attitudes and in perceptions of available options for political behavior Important suggestions for facilitating resocialization to feminism and increasing political participation are included The 5-year Outlook on Science and Technology, 1981 , 1981 **Management of Knowledge-intensive Companies** Mats Alvesson, 1995 No detailed description available for Management of Knowledge Intensive Companies **They Make Themselves** Jane Fajans, 1997-08-04 For generations of anthropologists the Baining people have presented a challenge because of their apparent lack of cultural or social structure This group of small scale horticulturists seems devoid of the complex belief systems and social practices that characterize other traditional peoples of Papua New Guinea Their daily existence is mundane and repetitive in the extreme articulated by only the most elementary familial relationships and social connections The routine of everyday life however is occasionally punctuated by stunningly beautiful festivals of masked dancers which the Baining call play and to which they attribute no symbolic significance In a

Contemporary Introduction to Sociology Jeffrey C. Alexander, Kenneth Thompson, Laura Desfor Edles, 2016-01-08 The first edition of A Contemporary Introduction to Sociology was the first truly new introductory sociology textbook in decades Written by two leading sociologists at the cutting edge of theory and research the text reflected the idioms and interests of contemporary American life and global social issues The second edition continues to invite students to reflect upon their lives within the context of the combustible leap from modern to postmodern life The authors show how culture is central to understanding many world problems as they challenge readers to confront the risks and potentialities of a postmodern era in which the futures of both the physical and social environment seem uncertain As culture rapidly changes in the 21st century the authors have broadened their analysis to cover developments in social media and new data on gender and transgender issues *The Rhythm of Modernization: How Values Change over Time* Raúl Tormos, 2019-11-04 In *The Rhythm of Modernization* Raúl Tormos analyses the pace at which belief systems change across the developed world during the modernization process It is often assumed that value change follows the slow rhythm of generational replacement This book however reports trends that contradict this assumption in the field of values Challenging Inglehart's modernization theory the transition from traditional to modern values happens much quicker than predicted Many baby boomers who were church going morally conservative materialists when they were young become unchurched and morally tolerant postmaterialists in their later years Using surveys from multiple countries over many years and applying cutting edge statistical techniques this book shows how citizens quickly adapt their belief systems to new circumstances throughout their lives
