David Herd

Society And Literature 1945 197:

Theatre Audiences Susan Bennett, 2013-09-13 Susan Bennett's highly successful *Theatre Audiences* is a unique full length study of the audience as cultural phenomenon which looks at both theories of spectatorship and the practice of different theatres and their audiences. Published here in a brand new updated edition *Theatre Audiences* now includes a new preface by the author a stunning extra chapter on intercultural theatre a revised up to date bibliography. *Theatre Audiences* is a must buy for teachers and students interested in spectatorship and theatre audiences and will be valuable reading for practitioners and others involved in the theatre.

The Image of the English Gentleman in Twentieth-Century Literature Christine Berberich, 2016-03-03 Studies of the English gentleman have tended to focus mainly on the nineteenth century encouraging the implicit assumption that this influential literary trope has less resonance for twentieth century literature and culture. Christine Berberich challenges this notion by showing that the English gentleman has proven to be a remarkably adaptable and relevant ideal that continues to influence not only literature but other forms of representation including the media and advertising industries. Focusing on Siegfried Sassoon Anthony Powell Evelyn Waugh and Kazuo Ishiguro whose presentations of the gentlemanly ideal are analysed in their specific cultural historical and sociological contexts Berberich pays particular attention to the role of nostalgia and its relationship to Englishness. Though Englishness and by extension the English gentleman continue to be linked to depictions of England as the green and pleasant land of imagined bygone days Berberich counterbalances this perception by showing that the figure of the English gentleman is the medium through which these authors and many of their contemporaries critique the shifting mores of contemporary society. Twentieth century depictions of the gentleman thus have much to tell us about rapidly changing conceptions of national class and gender identity.

Heiner Müller's Democratic Theater Michael Wood, 2017 Analyzes not just Müller's texts but also the theatrical events that emerged from them showing that from the beginning of his career Müller tried to create democracy both within and outside the theater.

John Osborne Patricia D. Denison, 2012-12-06 For British playwright John Osborne there are no brave causes only people who muddle through life who hurt and are often hurt in return. This study deals with Osborne's complete oeuvre and critically examines its form and technique the function of the gaze its construction of gender and the relationship between Osborne's life and work. Gilman has also traced the evolution of Osborne's reception by turning to critical reviews at the beginning of each chapter.

John Ashbery and American Poetry David Herd, 2024-07-30 David Herd sets out to provide readers with a new critical language through which they can appreciate the beauty and complexity of Ashbery's writing. Presenting the poet in all his forms avant garde nostalgic sublime and camp the book argues that the perpetual inventiveness of Ashbery's work has always been underpinned by the poet's desire to write the poem fit to cope with its occasion. Tracing Ashbery's development in the light of this idea and from its origins in the dazzling artistic environment of 1950's New York the book evaluates his poetry against the aesthetic literary and historical backgrounds that

have informed it The story of a brilliant career and a history of the period in which that career has taken shape John Ashbery and American Poetry provides a compelling account of Ashbery's importance to Twentieth Century Literature

A History of English Drama 1660-1900 Allardyce Nicoll, 2009-06-25 Nicoll's History which tells the story of English drama from the reopening of the theatres at the time of the Restoration right through to the end of the Victorian period was viewed by Notes and Queries 1952 as a great work of exploration a detailed guide to the untrodden acres of our dramatic history hitherto largely ignored as barren and devoid of interest

Enter The Body Carol Chillington Rutter, 2002-09-11 One of the most provocative writers on women's performances of Shakespeare on stage and film in Britain today Rutter speculates on how the theatre plays women's bodies and how audiences read them

The American Archivist, 1946 Includes sections Reviews of books and Abstracts of archive publications Western and Eastern Europe

Drama + Theory Peter Buse, 2001 Peter Buse illuminates the relationship between modern British drama and contemporary critical and cultural theory He demonstrates how theory allows fresh insights into familiar drama pairing well known plays with classic theory texts The theoretical text is more than applied to the dramatic text instead Buse shows how they reflect on each other Drama Theory provides not only provides new interpretations of popular plays but of the theoretical texts as well

Socialist Realism in Central and Eastern European Literatures Under Stalin Evgeny Dobrenko, 2018-02-15 Socialist Realism in Central and Eastern European Literatures is the first published work to offer a variety of alternative perspectives on the literary and cultural Sovietization of Central and Eastern Europe after World War II and emphasize the dialogic relationship between the centre and the satellites instead of the traditional top down approach The introduction of the Soviet cultural model was not quite the smooth endeavour that it was made to look in retrospect rather it was always a work in progress often born out of a give and take with the local authorities intellectuals and interest groups Relying on archival resources the authors examine one of the most controversial attempts at a cultural unification in Europe by providing an overview with a focus on specific case studies an analysis of distinct particularities with attention to the patterns of negotiation and adaptation that were being developed in the process
