

The background is a dense, colorful collage of various geometric shapes, patterns, and abstract designs. It includes triangles, circles, and irregular shapes in shades of pink, purple, blue, green, yellow, and orange. Some shapes have internal patterns like stripes or dots. The overall effect is a rich, textured, and artistic composition.

Society Culture Development

Ananta Kumar Giri, Ivan Marquez

Society Culture Development:

Society, Culture, Development Ramkrishna Mukherjee, 1991 This book presents an original approach towards understanding and appraising social reality by drawing a sequential relation between the concepts of society culture and development The author's central objective is to harness social science thinking in order to study developmental processes in the context of the emerging relationship between nation states and the world system Mukherjee achieves a remarkable synthesis among the diverse strands of thought and research in the social sciences that have developed over the last two centuries Mukherjee achieves a methodological breakthrough by treating economy polity and culture as symbiotic variables instead of any one of them as an independent dependent or intervening variable The volume as a whole makes a distinctive contribution to social theory and social science methodology

Culture, Development and Social Theory John Clammer, 2013-10-10 This important book places culture back at the centre of debates in development studies It introduces new ways of conceptualizing culture in relation to development by linking development studies to cultural studies studies of social movements religion and the notion of social suffering The author expertly argues that in the current world crises it is necessary to recover a more holistic vision of development that creates a vocabulary linking more technical and predominantly economic aspects of development with more humanistic and ecological goals Any conception of post capitalist society he argues requires cultural as well as economic and political dimensions

The Essays of Chitta Ranjan Das on Literature, Culture, and Society Ananta Kumar Giri, Ivan Marquez, 2020-03-02 This volume brings together the essays of Chitta Ranjan Das 1923-2011 a creative experimenter and writer on literature culture life and the human condition It presents a different vision and version of the post colonial imagination and social and literary criticism which is rooted in soil soul and cosmos While a majority of post colonial discourse is still predominantly metropolitan giving us very little discussion on creative endeavours in different language spaces of India and the world this book presents radical new pathways and creative collaborations which break conventional boundaries between the periphery and the centre literature and life mother languages and metropolitan languages and East and West It offers a new archaeology of knowledge as a regenerative archaeology of life where knowledge action and devotion come together for new explorations and transformations It broadens and deepens our universe of discourse on literature philosophy and world transformations and is a monumental contribution to alternative imagination and cosmopolitan experimentation

Art, Culture and International Development John Clammer, 2014-11-13 Culture is not simply an explanation of last resort but is itself a rich multifaceted and contested concept and set of practices that needs to be expanded appreciated and applied in fresh ways if it is to be both valued in itself and to be of use in practical development This innovative book places culture specifically in the form of the arts back at the centre of debates in development studies by introducing new ways of conceptualizing art in relation to development The book shows how the arts and development are related in very practical ways as means to achieve

development goals through visual dramatic filmic and craft inspired ways It advocates not so much culture and development but rather for the development of culture Without a cultural content to economic and social transformation the problems found in much development up rooting of cultures loss of art forms languages and modes of expression and performance may only accelerate Paying attention to the development of the arts as the content of development helps to amend this culturally destructive process Finally the book argues for the value of the arts in attaining sustainable cultures promoting poverty alleviation encouraging self empowerment stimulating creativity and the social imagination which in turn flow back into wider processes of social transformation Discussion questions at the end of each chapter make this book ideal to help foster further thinking and debate This book is an inspiring read for postgraduate students and researchers in the fields of development studies cultural studies and sociology of development
