Wild and ridiculous fancies soon grew up among Hindus referring to Them as Mahatmas belittling Them with weird pictures and maintaining that such Great Souls were debarred from holding personal intercourse with mortals particularly in Kali Yuga Still the Masters have already bore good fruit in India by those who believe in Them through their representative Madame Blavatsky who is not only the origin and fountainhead of the modern Theosophical Movement she also has the means and the necessary knowledge to teach Aye my good unforgettable Hindu Brothers the Name alone of the Holy Masters which was at one time invoked with prayers for Their blessings from one end of India to the other Their Name alone has wrought a mighty change for the better in your land It is not to Colonel Olcott or to me that you owe anything but verily to our venerated Masters So long as I remained at Adyar things went on smoothly enough because one or the other of the Masters was constantly present among us and Their Spirit protected the fledgling Theosophical Society from real harm In 1884 Colonel Olcott and I left for a visit to Europe and while we were away the Padri Coulomb thunderbolt descended upon us When I returned in November I was taken most dangerously ill It was during that time coinciding with Colonel Olcott s absence in Burma that the seeds of future strifes and disintegration of the Theosophical Society were planted by the enemies of Truth on fertile ground What with the Patterson Coulomb Hodgson conspiracy and the faintheartedness of the chief Theosophists that the Society did not then and there collapse should be sufficient proof of how it was protected No Adept of the Right Path is allowed to interfere with the just workings of Karma Not even the greatest of Yogis can divert the progress of Karma or arrest the natural results of actions for more than a short period and even in that case the same results will only reassert themselves later with tenfold force for such is the Unerring Law of Karma and the Nidanas We all have to win our Moksha or Nirvana by merit and not because a Guru or a Deva may absolve our shortcomings Salvation by self forgetfulness and personal merit are the cornerstones of Lord Buddha s teachings What merit can there be in an Immaculate Deva unconnected with matter who can claim no virtue for her purity Yet the eternal bliss of Moksha is looming forth for the man who becomes God by his self induced and self devised exertions It is the mission of the Moral Law of Karma to punish the immoral and not the duty of a Master who is the servant of the Law and not the arbiter Those who embrace the Masters teachings and live the life of which They are the best exemplars will never be abandoned by Them and will always find Their beneficent help whenever needed whether overtly or covertly Had the leaders at Adyar stood shoulder to shoulder firm in their conviction of the presence and power of the Masters Theosophy would have come out more triumphantly than ever and none of their fears would have ever been realised however cunning the legal traps set for me and whatever mistakes and errors of judgment I their humble representative might have made But the loyalty and courage of the Adyar authorities and of the few Europeans who had put their trust in the Masters were not equal to the trial when it came In spite of my protests I was hurried away from headquarters like a persona non grata Ill as I was almost dying in truth yet I protested and would have battled for Theosophy in India to my last breath had I found loyal support But some feared legal entanglements while

my friends were alarmed at the doctors dire prognosis if I were to remain in India So I was sent to Europe to regain my strength with a promise of speedy return to Adyar When the S P R Report was published and this soap bubble burst over our heads it unleashed a long series of false charges every mail bringing something new With the exception of Colonel Olcott everyone else ostracised the Masters from their thoughts and Their spirit from Adyar Every imaginable incongruity was connected with Their Holy Names and I alone was held responsible for every disagreeable event that took place and every mistake made I implored Colonel Olcott to let me return promising that I would live at Pondicherry should my presence not be desirable at Adyar To this I received the ridiculous answer that should I return I would be sent to the Andaman Islands as a Russian spy which of course Olcott subsequently found out to be absolutely untrue The readiness with which such a futile pretext for keeping me from Adyar was seized upon shows in clear colours the ingratitude of those to whom I had given my life and health Vilified slandered persecuted and thrashed by the ingrate and heartless mob at Adyar I voluntarily exiled myself to Europe in spite of my ardent desire not to abandon my beloved Aryavarta Since my departure not only the activity of the Movement in India gradually slackened but those for whom I had the deepest affections regarding them as a mother would her own sons have turned against me Acting under the Master s orders I began a new Movement in the West on the original lines founded Lucifer and the Lodge that bears my name Eventually I was invited to return to India but the invitation came too late neither would my doctor permit it nor could I if I were to remain true to my solemn pledge and vows live in a place from which the Masters and Their Spirit have been cast out I could never return to India in any other capacity than as Their faithful agent for no advice of mine on occult lines was likely to be accepted because of my association with the Masters was doubted and even totally denied by some Half measures are worse than none People have either to believe entirely in me or to honestly disbelieve No one no Theosophist is compelled to believe but it is worse than useless for people to ask me to help them if they do not trust me My only reason for accepting the exoteric direction of European affairs was to save those who really had Theosophy at heart and worked for it and the Society without being hampered by those who not only do not care for Theosophy as laid out by the Masters but who are diligently working against both endeavouring to undermine and counteract the influence of the good work done a by open denial of the existence of the Masters b by declared and bitter hostility to myself and c by joining forces with the most desperate enemies of our Society The only claim which India could ever have upon me would be strong only in proportion to the activity of the Fellows for Theosophy and their loyalty to the Masters You should not need my presence among you to convince you of the Truth of Theosophy any more than your American brothers need it A conviction that wanes when any particular personality is absent is no conviction at all Further proof and teachings I shall give only to the Esoteric Section for the following reason its members are the only ones whom I have the right to expel for open disloyalty to their pledge not to me H P B but to their Higher Self and the Mahatmic aspect of the Masters a privilege that I cannot exercise with the Fellows at large yet one which is the only means of cutting

off a diseased limb from the healthy body of the tree and thus save it from decay The rest of my life is devoted only to those who believe in the Masters and are willing to work for Theosophy and for the T S on the lines devised by the founders of the T S upon which they were originally established
