Society In Crisis:

Social Problems Daniel J. Curran, 1987 Political Views and Ideas R. G. Williams, 2022-07-13 This book is a study of modern politics from a Socialist and Left wing perspective As a collection of essays on political ideas it presents an analysis of the crisis of our times through examining the various crises and problems which define modern society It considers individual political aspects of the contemporary problems of Capitalist politics ranging from economic crisis to social crisis from Imperialism to the environmental crisis As such it serves to outline a solid argument for a better politics today the politics of Socialism and Democratic Socialism Radicals, Revolutionaries, and Society R. G. Williams, 2025-04-17 This book is a study of radicals revolutionaries and society Specifically it tries to look at the historical social and political struggles of radicals in modern politics since the emergence of modern politics after the French Revolution of 1789 While the book is a political study the main focus is that of a socialist study as a Socialist argument for the vital political role of radicals and revolutionaries in creating modern society The main focus of the book is on how radicals and revolutionaries usually change modern society for the better through their struggle for democracy freedom and socialism **Civil Society and Global Finance** Jan Aart Scholte, Albrecht Schnabel, 2002 This key text brings together twenty activists officials and researchers from the five continents to discuss this burning question of today s globalization debate Providing rare authoritative analyses by those who deal with the issues first hand Civil Society and Global Finance is rich in insight and policy ideas for decision makers students and concerned citizens Jurgen Habermas on Society and Politics Juergen Habermas, 1989-11-01 Here for the first time are Habermas s most important writings on society the state and social theory collected in one volume For more than three decades Habermas has consistently attempted to supply foundations for a reconstructed Marxist social theory that provides a critical analysis of modernity He has defended the position that only if a general notion of reason can be invoked can we hope to sustain a democratic social order This carefully edited volume includes selections from Habermas s earliest works through his most recent essays on the aim of social science the structure of a theory of action and society the development of modern society psychoanalysis and the crisis of the welfare state **Emerging Horizons: Business and Society in the Post-Pandemic Era** Rajiv Divekar, Komal Chopra, Smita Mehendale, Pravin Kumar Bhoyar, 2024-11-11 The COVID 19 pandemic dominated our lives since its outbreak in the year 2020 The whole economy was disrupted and businesses and society had to adapt to the new normal Since the last two years the release of different vaccines and the vaccination drive have helped to contain the pandemic to quite an extent It is believed that irrespective of the different doses of vaccination and its impact on the citizens the virus is here to stay and will translate into an endemic An endemic situation is where the COVID 19 virus will be confined to certain people and regions The COVID 19 pandemic drastically impacted businesses which had to move from a physical mode to an online mode and hybrid mode While several steps were taken to contain the pandemic its lasting effect made organizations and society rethink the future Organizations have moved from

offline to hybrid mode and now work from home The propositions in sales have changed from price to consumer well being and convenience Consumers have become health conscious Healthcare has become a necessity and healthcare companies are taking different steps to penetrate the market with immunity boosters Education is now offered extensively through digital media and has become another alternative The conference theme Pandemic to Endemic Propositions for the Future aims to identify the initiatives businesses and society will adopt for their sustained growth and development The book provides research insights on how organizations should deal with endemic situations in different business areas This book includes research in finance marketing human resources healthcare economics education and general management such as leadership and decision making *The Atomic Bomb and American Society* Rosemary B. Mariner, G. Kurt Piehler, 2009

Drawing on the latest research on the atomic bomb and its history the contributors to this provocative collection of eighteen essays set out to answer two key questions First how did the atomic bomb a product of unprecedented technological innovation rapid industrial scale manufacturing and unparalleled military deployment shape U S foreign policy the communities of workers who produced it and society as a whole And second how has American society's perception that the bomb is a means of military deterrence in the Cold War era evolve under the influence of mass media scientists public intellectuals and even the entertainment industry In answering these questions *The Atomic Bomb and American Society* sheds light on the collaboration of science and the military in creating the bomb the role of women working at Los Alamos the transformation of nuclear physicists into public intellectuals as the reality of the bomb came into widespread consciousness the revolutionary change in military strategy following the invention of the bomb and the development of Cold War ideology the image of the bomb that was conveyed in the popular media and the connection of the bomb to the commemoration of World War II As it illuminates the cultural social political environmental and historical effects of the creation of the atomic bomb this volume contributes to our understanding of how democratic institutions can coexist with a technology that affects everyone even if only a few are empowered to manage it Rosemary B Mariner is formerly Joint Chiefs of Staff Chair and Professor of Military Studies for the National War College She is currently a lecturer in history at the University of Tennessee Knoxville G Kurt Piehler is associate professor of history and former director of the Center for the Study of War and Society at the University of Tennessee Knoxville which hosted the conference that formed the basis of this volume He is the author of *Remembering War the American Way* and *World War II in the American Soldiers Lives Series* as well as the coeditor with John Whiteclay Chambers II of *Major Problems in American Military History*

Religious Communities and Civil Society in Europe Rupert Graf Strachwitz, 2019-08-19 The seemingly vitalizing impact of religiosity on civil society is a research topic that has been extensively looked into not only in the USA but increasingly also in a European context What is missing is an evaluation of the role of institutionalized religious communities and of circumstances that facilitate or impede their status as civil society organisations This anthology in two volumes aims at

closing this gap by providing case studies regarding political legal and historical aspects in various European countries Vol I provides an introduction and looks at cases in Greece Italy the Netherlands Sweden and Bosnia and Herzegovina as well as chapters on legal issues and data and comprehensive bibliography *The SAGE Encyclopedia of Business Ethics and Society* Robert W. Kolb, 2018-03-27 Thoroughly revised updated and expanded The SAGE Encyclopedia of Business Ethics and Society Second Edition explores current topics such as mass social media cookies and cyber attacks as well as traditional issues including accounting discrimination environmental concerns and management The new edition also includes an in depth examination of current and recent ethical affairs such as the dangerous work environments of off shore factories for Western retailers the negligence resulting in the 2010 BP oil spill the gender wage gap the minimum wage debate and increasing income disparity and the unparalleled level of debt in the U S and other countries with the challenges it presents to many societies and the considerable impact on the ethics of intergenerational wealth transfers Key Features Include Seven volumes available in both electronic and print formats contain more than 1 200 signed entries by significant figures in the field Cross references and suggestions for further readings to guide students to in depth resources Thematic Reader s Guide groups related entries by general topics Index allows for thorough browse and search capabilities in the electronic edition

Harmony of Economy and Society: Uraz Baimuratov, 2014-11-14 A novel theme of Harmony of society and its economy on spiritual basis is highlighted for the first time in scientific literature in this book Thanks God based on a synthesis of scientific knowledge and spiritual essence the features and the global paradigm and the laws of Harmony D 3D wrote the entire book Special attention is paid to the study of huge role of spiritual and moral and intellectual development of individuals social groups in building of harmonious social economy in countries with four D The monograph shows the ways of disharmonies elimination in the modern world beginning of new epoch and civilizational changes and the need for broad partnership of East and West all continents in the face of global challenges to the Nations is based here The book is intended for workers of science and education PhD candidates graduate students students engaged in scientific research in the fields of economics finance sociology political science demography and other branches of social Sciences and Humanities It is of great interest to practitioners and to all the readers who are conscious about the choice of vector of harmonious development of the countries
