Society And Religion In Elizabethan England:

Society and Religion in Elizabethan England Richard L. Greaves,1981-01-01 *Society and Religion in Elizabethan England* Richard L. Greaves,1981 **Parish Clergy Wives in Elizabethan England** Anne Thompson,2019-02-11 In *Parish Clergy Wives in Elizabethan England* Anne Thompson shifts the emphasis from the institution of clerical marriage to the people and personalities involved Women who have hitherto been defined by their supposed obscurity and unsuitability are shown to have anticipated and exhibited the character virtues and duties associated with the archetypal clergy wife of later centuries Through adept use of an extensive and eclectic range of archival material this book offers insights into the perception and lived experience of ministers wives In challenging accepted views on the social status of clergy wives and their role and reception within the community new light is thrown on a neglected but crucial aspect of religious social and women s history **Christian Humanism and the Puritan Social Order** Margo Todd,2002-11-07 The author contends that the traditional views of puritan social thought have done a great injustice to the intellectual history of the 16th century Margo Todd reveals the puritans to be the heirs to a complex intellectual legacy **Marriage and Land Law in Shakespeare and Middleton** Nancy Mohrlock Bunker,2014-07-30 *Marriage and Land Law in Shakespeare and Middleton* examines the dynamics of early modern marriage making a time honored practice that was evolving often surreptitiously from patriarchal control based on money and inheritance to a companionate union in which love and the couple s own agency played a role Among early modern playwrights the marriage plays of Shakespeare and Middleton are particularly though not uniquely concerned with this evolution observing the movement towards spousal choice determined by the couple themselves Through the late Elizabethan and early Jacobean period the role of the patriarch though often compromised remained intact the father or guardian negotiated the financial terms And in a culture that was still tied to feudal practices land law held a primary place in the bargain This book while following the arc of changing marriage practices focuses on the ways in which the oldest determination of status land affects marital decisions Land is not a constant topic of conversation in the twenty one theatrical marriages scrutinized here but it is a persistent and omnipresent truth of family and economic life In paired discussions of marriage plays by Shakespeare and Middleton *The Taming of the Shrew* *A Chaste Maid in Cheapside* *All s Well That Ends Well* *A Trick To Catch the Old One* *Measure for Measure* *A Mad World My Masters* *The Merchant of Venice* *The Roaring Girl* and *Much Ado About Nothing* *No Wit No Help Like A Woman s* this book explores the attempts maneuvers intrigues ruses and schemes that marriageable characters deploy in order to control spousal choice and secure land Special attention is given to patriarchal figures whose poor judgment exploits inheritance law weaknesses and to the lack of legal protection and hence the vulnerability of women and men who engage the system in unconventional ways Investigation into the milieu of early modern patriarchal influence in marriage making and the laws governing inheritance practices enables a fresh reading

of Shakespeare's and Middleton's marriage comedies *Authority and Representation in Early Modern Discourse* Robert Weimann, 1996 This path breaking study attempts to view both Reformation discourse and Renaissance fiction and by implication the Elizabethan theater as constitutive of an early modern paradigm change in the authorization of discourse The profound crisis in traditional locations of authority affecting religious political and poetic courts of appeal is traced as interactive with an unprecedented proliferation of both signifying practices and communicative technologies Representation itself seeks to cope with these changing uses of language and power vis vis deep divisions but also new patterns of socialization in contemporary culture and society Authority now that it is less given before an utterance begins comes to constitute itself through the competence cogency and efficacy of representational practice itself even as this practice privileges and draws upon pictorial form in diverse cultural contexts This book continues to search for answers to questions of why and under what conditions in the early modern period the representation of authority could increasingly be challenged by the authority of signs Initially raised in Weimann's *Shakespeare und die Macht der Mimesis* these questions are developed towards a theory and history of early modern representation that involves close encounters with a wide variety of texts from Luther Henry Tudor Edward Seymour Gardiner and Bancroft to Malory Erasmus Rabelais Sidney Nashe and Cervantes Robert Weimann is one of the world's most eminent and intellectually formidable scholars of early modern culture and he has written a work of the utmost importance to the theory and practice of cultural and literary history and to the study of sixteenth century English and European culture in particular The book is an intellectual tour de force yet one utterly devoid of the flourishes of academic self display This work genuinely impresses without ever seeking to impress Louis A Montrose University of California San Diego *The State and Social Change in Early Modern England, 1550-1640* S. Hindle, 2000-03-02 This is a study of the social and cultural implications of the growth of governance in England in the century after 1550 It is principally concerned with the role played by the middling sort in social and political regulation especially through the use of the law It discusses the evolution of public policy in the context of contemporary understandings of economic change and analyses litigation arbitration social welfare criminal justice moral regulation and parochial analyses administration as manifestations of the increasing role of the state in early modern England [The Experience of Authority in Early Modern England](#) Adam Fox, Paul Griffiths, Steve Hindle, 1996-08-16 This collection is concerned with the articulation mediation and reception of authority the preoccupations and aspirations of both governors and governed in early modern England It explores the nature of authority and the cultural and social experiences of all social groups especially insubordinates These essays probe in depth the ways in which young people responded to adults women to men workers to masters and the common sort to their betters Early modern people were not passive receptacles of principles of authority as communicated in for example sermons statutes and legal process They actively contributed to the process of government thereby exposing its strengths weaknesses and ambiguities In discussing these issues the contributors provide

fresh points of entry to a period of significant cultural and socio economic change **The Rise and Fall of Merry England**
Ronald Hutton, 2001 Highly readable and entertaining Ronald Hutton's acclaimed work is the first comprehensive account of
the religious and secular rituals of late medieval and early modern England
