The Changing World Religion Map Stanley D. Brunn, 2015-02-03 This extensive work explores the changing world of religions faiths and practices It discusses a broad range of issues and phenomena that are related to religion including nature ethics secularization gender and identity Broadening the context it studies the interrelation between religion and other fields including education business economics and law The book presents a vast array of examples to illustrate the changes that have taken place and have led to a new world map of religions Beginning with an introduction of the concept of the changing world religion map the book first focuses on nature ethics and the environment It examines humankind's eternal search for the sacred and discusses the emergence of green religion as a theme that cuts across many faiths Next the book turns to the theme of the pilgrimage illustrated by many examples from all parts of the world In its discussion of the interrelation between religion and education it looks at the role of missionary movements It explains the relationship between religion business economics and law by means of a discussion of legal and moral frameworks and the financial and business issues of religious organizations The next part of the book explores the many new faces that are part of the religious landscape and culture of the Global North Europe Russia Australia and New Zealand the U S and Canada and the Global South Latin America Africa and Asia It does so by looking at specific population movements diasporas and the impact of globalization The volume next turns to secularization as both a phenomenon occurring in the Global religious North and as an emerging and distinguishing feature in the metropolitan cosmopolitan and gateway cities and regions in the Global South The final part of the book explores the changing world of religion in regards to gender and identity issues the political religious nexus and the new worlds associated with the virtual technologies and visual media

The Lotus and the Lion J. Jeffrey Franklin, 2011-03-15 Buddhism is indisputably gaining prominence in the West as is evidenced by the growth of Buddhist practice within many traditions and keen interest in meditation and mindfulness In *The Lotus and the Lion* J. Jeffrey Franklin traces the historical and cultural origins of Western Buddhism showing that the British Empire was a primary engine for curiosity about and then engagement with the Buddhisms that the British encountered in India and elsewhere in Asia As a result Victorian and Edwardian England witnessed the emergence of comparative religious scholarship with a focus on Buddhism the appearance of Buddhist characters and concepts in literary works the publication of hundreds of articles on Buddhism in popular and intellectual periodicals and the dawning of syncretic religions that incorporated elements derived from Buddhism In this

fascinating book Franklin analyzes responses to and constructions of Buddhism by popular novelists and poets early scholars of religion inventors of new religions social theorists and philosophers and a host of social and religious commentators Examining the work of figures ranging from Rudyard Kipling and D H Lawrence to H P Blavatsky Thomas Henry Huxley and F Max Müller Franklin provides insight into cultural upheavals that continue to reverberate into our own time Those include the violent intermixing of cultures brought about by imperialism and colonial occupation the trauma and self reflection that occur when a Christian culture comes face to face with another religion and the debate between spiritualism and materialism The Lotus and the Lion demonstrates that the nineteenth century encounter with Buddhism subtly but profoundly changed Western civilization forever

Religion and Family Links Donald Swenson, 2008-01-01 For many the experience of religion and the family are organically connected first exposure to religion often comes through the family and in families that practice a religion it often has a shaping effect on their traditions roles practices or structure The author of this text captures the important relationship between religion and the family with a review of relevant literature on the subject synthesizing it within a theoretical framework The work begins with an introduction to the neofunctionalist theoretical framework of the family This framework is connected to a multidimensional understanding of religion With a focus on systems and a holistic interpretation of religion the author uses a systems approach to construct a synthesis of the salient literature on the link between religion and the family Four systems that are embedded in the Neofunctionalist theoretical framework are presented the chronosystem including time and history the organic system that which is part of our biology the personality system with an accent on the individual in social context the social system everything to do with relationships and social organizations and the cultural system including mythology and ethos The concepts from religion that create a unity include the idea of the sacred religious experience ritual ethos and sacred organizations Another feature of the text is that it is not restricted to the modern era Much of the research is historical in nature that assists the reader in understanding links of the two social phenomena in the light of the past Further whenever appropriate literature will be drawn from folk religion Christianity Judaism and Islam

Lubavitcher Messianism Simon Dein, 2011-01-20 In 1994 the Lubavitcher Rebbe Menachem Schneerson died leaving no successor For many years his followers had maintained that he was Moshiach the Jewish Messiah and would usher in the Redemption After his death Lubavitch divided into two opposing groups While some messianists hold that the Rebbe died but is to be resurrected as the messiah others hold that he is still alive but concealed The anti messianists maintain that the Rebbe could have been Moshiach if God had willed it but they disagree vehemently that as such he could come back from the dead Using ethnographic data obtained by the author through twenty years of fieldwork this book presents a social psychological account of Lubavitcher Messianism and moves beyond the typical scholarly preoccupation with belief and dissonance to examine the role of rhetoric religious experience and ritual in maintaining counterintuitive convictions Through examining the parallels between early Christianity and messianism in

Lubavitch this book provides a comprehensive perspective for examining messianism generally *Introducing Religion* Robert S. Ellwood, Patrick Horn, 2024-08-22 *Introducing Religion* examines the different ways of looking at religion in the twenty first century Providing a broad overview to the discipline of religious studies this new edition continues to introduce students to engaging and contemporary topics such as sociology of religion psychology of religion history of religion religion and art religious ethics popular religion religion and violence Thoroughly updated throughout this sixth edition includes new coverage of current debates and hot topics in the field such as concerns about essentialism in religion the importance of categorization and the role of psychology in religious experience This textbook is fundamental reading for students approaching this subject area for the first time **Social Cognition, Social Identity, and Intergroup Relations** Roderick M. Kramer, Geoffrey J. Leonardelli, Robert W. Livingston, 2011-07-04 Perhaps the defining feature of humanity is the social condition how we think about others identify ourselves with others and interact with groups of others The advances of evolutionary theory social cognition social identity and intergroup relations respectively as major fields of inquiry have been among the crowning theoretical developments in social psychology over the past three decades Marilynn Brewer has been a leading intellectual figure in the advancement of each of them Her theory and research have had international impact on the way we think about the self and its relation to others This festschrift celebrates Marilynn s numerous contributions to social psychology and includes original contributions from both leading and rising social psychologists from around the world The volume will be of interest to social psychologists industrial organizational psychologists clinical psychologists and sociologists

Sufism in Ottoman Damascus Nikola Pantić, 2023-09-29 Sufism in Ottoman Damascus analyzes thaumaturgical beliefs and practices prevalent among Muslims in eighteenth century Ottoman Syria The study focuses on historical beliefs in baraka which religious authorities often interpreted as Allah s grace and the alleged Sufi ulamaic role in distributing it to Ottoman subjects This book highlights considerable overlaps between Sufis and ulam with state appointments in early modern Province of Damascus arguing for the possibility of sociologically defining a Muslim priestly sodality a group of religious authorities and wonder workers responsible for Sunni orthodoxy in the Ottoman Empire The Sufi ulam were integral to Ottoman networks of the holy networks of grace that comprised of hallowed individuals places and natural objects Sufism in Ottoman Damascus sheds new light on the appropriate scholarly approach to historical studies of Sufism in the Ottoman Empire revising its position in official early modern versions of Ottoman Sunnism This book further reapproaches early modern Sunni beliefs in wonders and wonder working as well as the relationship between religion thaumaturgy and magic in Ottoman Sunni Islam historical themes comparable to other religions and other parts of the world
