THE MIND, BODY, SPIRIT, And STORYTELLING Hakeem R. Jelani, 2023-05-23 For a controversial yet refreshing perspective this book you are holding right now is one that will give you a salient insight into the author s discourse with a new subjective viewpoint regarding the Anunnaki ancient world Their significant deeds and contributions to humanity Which syncs very nicely with the modern ancient astronauts hypothesis Events that are largely associated with the Old Testament Bible Genesis narrative are inextricably linked back to Anunnaki as Those who from Heaven came down to Earth were a fifty man crew under command of the Anunnaki Royal Prince Enki Ea From his home planet Nibiru the eponymous God of creation imbued Kemetic spiritual science philosophy to the African Pharaohs dynasties of Egyptians Mithrum Its speculation

and bold assumptions will brighten up your vision as you discover what has long been hidden by the elites who promulgate mendacious truthiness and storytelling as the vicars of God on Earth. Reading this book gives you this powerful insight from a mind/body and spirit perspective. You discover a different view of the Holy Old Testament Bible Genesis narrative and storytelling. Hakeem invites readers to reexamine the Bible myth as a dichotomy between the significant transition into the Western New Testament Christian Church religion of western Europe and the African Egyptian consciousness of spiritual science precepts. The Kemetian ankh/life became the Christian cross/death. Each represents important symbolism. Whereas the former was plagiarized and replaced and incorporated into the Roman Catholic New Testament Christian Bible religion and canons as the doctrine of theology. It's a great story that postulates an assertion that calls one to reexamine the Bible book of Genesis. Which the Hebrew and Greek Septuagint Bible scribes removed/acknowledge to conceal God's Anunnaki identity of the gods. The truth about the elite Royalty pantheon of alien gods as Anunnaki/Anu/Enlil and Enki as Those who from the Heavens came down. The ancient account pertaining to the Sumerian Bible Genesis is the original codex of historical manuscript religious described rituals and rites which was the hidden books of sacred knowledge and wisdom taught in the halls of the mystery schools by the ancient Egyptian Priesthood. This book imparts his speculative unvarnished anecdotal details about Genesis from a different perspective. The Biblical history of Genesis as it should be taught. Not like the Christian Catholic Protestant and Baptist religions teach the gospels of the Christian savior of the crucified Jesus Christ as the human savior or of the crucified Jesus Christ of heaven. Not like the Christian Catholic Protestant and Baptist religions of blind faith. But in its purest form of theology that is primarily the Gospels of death/salvation and the resurrection after the end of Jesus Christ's crucifixion by the Roman. Albeit speculative its conjecture dovetails nicely with attributions described in the Old Testament Bible. God corresponds precisely to Enki/Ea/deeds. This book is complete speculation with emphasis on the Bible book of Genesis. Hakeem boldly conflated the creator of the homo sapien sapiens with Enki who was a brilliant scientist and chief medical doctor. Which means that he was exceptionally qualified to genetically fuse his biological DNA/chromosome code by genetic manipulation of an African female mitochondrial DNA as described in the Old Testament Genesis narrative tale. Which raises curious questions as to why the book of Genesis accounts can be examined with great skepticism and a misdirection play because much of the factual information about the Genesis of history was either burned by invading armed forces/omitted the rulers suppressed by the Church or destroyed in order to control the narrative of historical evidence. He pointed to Enki's process concerning an African female's mitochondrial DNA biological chromosome genetic codes manipulated and used to fashion Adam/men as his Hebrew ancestral Royal bloodline. It's a fictionalized story written to make people think about this with intellectual intuition/logic and reason.
