The Gaudy Place:

The Gaudy Place Fred Chappell, 2002 Violence and sex in a small Southern city Arkie Clemmie Oxie and Johns are linked by a schoolboy's prank Arkie Clemmie and Oxie are three of a kind cons who grub for small change They have no history and no future Johns is their counterpart in a brighter universe His thievery is sanctioned because he's Family in a small Southern city Arkie Suddenly it occurred to him that this street Gimlet Street could take you anywhere in the world it was joined to all the other streets there were He shook his head grinning This was his territory He was chained to Gimlet and he was chained to Clemmie that green-eyed girl he was so helplessly in love with Chappell has outstanding gifts as a writer Southern Observer Chappell writes like a whiz Book Wee Chappell writes with imagination and descriptive grace Los Angeles Times Chappell is a powerful and demanding and uncompromising writer OC very powerful and impressive Greensboro Daily News Fred Chappell is a past Poet Laureate of North Carolina Boson Books also offers *The Inkling Dagon Moments of Light and It Is Time Lord* by Fred Chappell

Inhabiting Contemporary Southern and Appalachian Literature Casey Clabough, 2012-08-26 The idea of place any place remains one of our most basic yet slippery concepts It is a space with boundaries whose limits may be definite or indefinite it can be a real location or an abstract mental spiritual or imaginary construction Casey Clabough's thorough examination of the importance of place in southern literature examines the works of a wide range of authors including Fred Chappell George Garrett William Hoffman Julien Green Kelly Cherry David Huddle and James Dickey Clabough expands the definition of here beyond mere geography offering nuanced readings that examine tradition and nostalgia and explore the existential nature of place Deeply concerned with literature as a form of emotional intellectual and aesthetic engagement with the local and the regional Clabough considers the idea of place in a variety of ways as both a physical and metaphorical location as an important factor in shaping an individual informing one of the ways the person perceives the world and as a temporal as well as geographic construction This fresh and useful contribution to the scholarship on southern literature explains how a text can open up new worlds for readers if they pay close enough attention to place

Vale of Humility George Hovis, 2007 This is an inviting look at the influence of the yeoman's small farm on six modern southern writers In a deft analysis of works by Doris Betts Reynolds Price Fred Chappell Lee Smith Clyde Edgerton and Randall Kenan Vale of Humility explores the lives of the plain folk white and black who populate the worlds of contemporary North Carolina fiction Hovis explains that a wealthy planter elite was significantly less prominent in North Carolina than in neighboring regions and as such the state's plain folk did not develop a class identity based as deeply in relation to a superior planter class Instead the identification of the yeoman's small farm rather than the plantation as necessary to the ideal life has been a distinguishing feature of the state's literature In this first full-length study of North Carolina's contemporary fiction Hovis examines the work of six representative writers from the state's three geographic regions Lee Smith and Fred Chappell from the mountains Doris Betts and Clyde Edgerton from the Piedmont and Reynolds

Price and Randall Kenan from the coastal plain The work of these six writers is explored within the broader southern literary tradition with attention to how they have revised such modes as pastoral family saga and southwestern humor in order to portray their own regional experiences Although these writers celebrate the egalitarianism at the heart of the yeoman ideal they also expose the forms of racism sexism and classism that have also marked the state s history Experimentation and Versatility Casey Clabough,2005 Experimentation and Versatility considers Chappell s first four novels and his short fiction the novels chronologically and the short stories thematically in order to demonstrate the unique range and importance of his fictional prose Rather than inserting Chappell s fictional variables into a single theoretical formula Clabough traces and celebrates their various and multifaceted excursions into genres as disparate as Appalachian pastoralism and experimental science fiction Containing both an interview with Chappell and a previously unpublished short story Experimentation and Versatility also offers new primary sources on Chappell s work even as it contextualizes him as one of our most exciting and multi talented contemporary writers Investigating the complexities of Chappell s work Clabough s study offers new ways of considering Chappell who has been characterized variously as a Appalachian Southern and fantasy writer However as Clabough demonstrates he is in fact all and none of these things a writer of immense gifts constantly reinventing himself through his experiments in seemingly disparate genres BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved More Lights Than One Patrick Bizzaro,2004 Under the interpretive gaze Chappell s stories reveal a dazzling range and all of his work shows a concern with the relationship between the spiritual and material in people s lives the moral development of the human race and the flawed enigmatic and yet enlightening interaction between men and women Jacket **The Experience of Place** Tony Hiss,2010-09-29 Why do some places the concourse of Grand Central Terminal or a small farm or even the corner of a skyscraper affect us so mysteriously and yet so forcefully What tiny changes in our everyday environments can radically alter the quality of our daily lives The Experience of Place offers an innovative and delightfully readable proposal for new ways of planning building and managing our most immediate and overlooked surroundings **Inventing Place** Casey Boyle,Jenny Rice,2018-04-30 This book offers a sustained but varying examination of the spatial temporal dynamics that compose place Essays blend personal and scholarly accounts of Texas sites examining place as a creation formed through the collaboration of a body with a particular space *Unfolding the South* Alison Chapman,Jane Stabler,2003-06-28 A radically new version of Anglo Italian cultural relations in the late Romantic and Victorian periods that corrects traditional male centred accounts **Interviewing Appalachia** Jerry Wayne Williamson,Edwin T. Arnold,1994 Interviewing Appalachia is a rich collection of interviews from some of the forerunners of Appalachian Studies and literature such as James Still Marilou Awiakta Fred Chappell Lee Smith Jim Wayne Miller Appalshop and SAWC the Southern Appalachian Writer s Cooperative This collection of articles was gleaned from the pages of the Appalachian Journal founded by co editor J W Williamson in 1972 Published at Appalachian State University in Boone North

Carolina this journal has been on the cutting edge of Appalachian Studies for over 30 years Though Interviewing Appalachia is not a complete spectrum of every great interview to ever grace the pages of the Appalachian Journal you won't find such in depth interviews in one collection anywhere else A must read for anyone interested in the literature and culture of the Appalachian region

Christian Art in the Place and in the Form of Lutheran Worship Paul Edward Kretzmann, 1921 This unique volume offers a handbook for busy pastor student or interested layperson to better understand the use of Christian art and the history of its use in Lutheranism since the time of the Reformation The author states in the introduction to the book The Lutheran Church was never an enemy of the art neither the fine arts nor industrialized arts The Lutheran Church to confess its faith did not hesitate to enlist the aid of pure and beautiful art forms not only in the harmonies of poetry and music but also in architecture sculpture painting bronze work wood carving and embroidery This book concerns itself chiefly with church architecture but necessarily also discusses the place of the fine arts in the construction and use of spaces consecrated to the worship of the One True God Father Son and Holy Spirit where God's people are gathered to receive His gifts of grace and mercy through His Holy Word and the Blessed Sacrament of the Altar

Adolescent Female Portraits in the American Novel 1961-1981 Jane S. Bakerman, Mary Jean DeMarr, 2019-10-01 Originally published in 1983 this title lists and annotates reference sources which will help readers select primary materials useful in studies of the literary portraits of women and their societal roles The years 1961 to 1981 were set as boundaries for this volume because the author's initial research revealed that a twenty year span was a manageable unit because the novels published between those dates yielded abundant materials for such a reference work and because significant changes in the way portraits of adolescent females were being drawn took place during the period for example sex role stereotyping became a shade less prevalent young women's sexuality was discussed more forthrightly and some topics such as single women's pregnancies and lesbianism were treated more overtly sometimes less judgementally

Moments of Light Fred Chappell, 1996-12 Moments of Light proves that the mythic powers of the balladeer and the story teller survive even in this fragmented and unmysterious day In eleven stories gathered here Fred Chappell engages and entrains our minds and sends us away singing in our hearts more knowing more understanding of ourselves
