Shasha Hu

The General Theory Of Law Marxism Law And Society Series:

The General Theory of Law and Marxism Evgeny Pashukanis, 2017-09-04 E B Pashukanis was the most significant contemporary to develop a fresh new Marxist perspective in post revolutionary Russia In 1924 he wrote what is probably his most influential work *The General Theory of Law and Marxism* In the second edition 1926 he stated that this work was not to be seen as a final product but more for self clarification in hopes of adding stimulus and material for further discussion A third edition was printed in 1927 Pashukanis s commodity exchange theory of law spearheaded a perspective that traced the form of law not to class interests but to capital logic itself Until his death he continued to argue for the ideal of the withering away of the state law and the juridic subject He eventually arrived at a position contrary to Stalin s who at that time was attempting to consolidate and strengthen the state apparatus under the name of the dictatorship of the proletariat Inevitably Pashukanis was branded an enemy of the revolution in January 1937 His works were subsequently removed from soviet libraries In 1954 Pashukanis was rehabilitated by the Soviets and restored to an acceptable position in the historical development of marxist law In Europe and North America a number of legal theorists only rediscovered Pashukanis s work in the late 1970s They subjected it to careful critical analysis and realized that he offered an alternative to the traditional Marxist interpretations which saw law simply and purely as tied to class interests of domination By the mid 1980s the instrumental Marxist perspective in vogue in Marxist sociology criminology politics and economics gave way to a significant extent due to Pashukanis s insights to a more structural Marxist accounting of the relationship of law to economics and other social spheres In his new introduction Dragan Milovanovic discusses the life of Pashukanis Marx and the commodity exchange theory of law and the historical lessons of Pashukanis s work This book *The Political Economy of Public Sector Governance* Anthony Michael Bertelli, 2012-03-26 In *The Political Economy of Public Sector Governance* Anthony Michael Bertelli introduces core ideas in positive political theory as they apply to public management and policy Though recent literature that mathematically models relationships between politicians and public managers provides insight into contemporary public administration the technical way these works present information limits their appeal This book helps readers understand public sector governance arrangements and the implications these arrangements have for public management practice and policy outcomes by presenting information in a non technical way **Classic Writings in Law and Society** A. Javier Trevino, 2017-07-05 This volume consists of outstanding essays by contemporary scholars and specialists on classic writings in law and society This second edition expands the previous volume by adding additional statements Included are commentaries on Edward A Ross s *Social Control A Survey of the Foundations of Order* Karl N Llewellyn s *Jurisprudence Realism in Theory and Practice* Jerome Frank s *Law and the Modern Mind* Leon Petrazycki s *Law and Morality* and Karl Renner s *The Institutions of Private Law and their Social Functions* The goal of *Classic Writings in Law and Society* is to acquaint a new generation of students with classic writings by diverse social and legal scholars ranging

from Henry Sumner Maine Oliver Wendell Holmes Jr and Hans Kelsen to Eugen Ehrlich Nicholas S Timasheff and Richard Quinney This work continues to demonstrate their contemporary theoretical relevance Accordingly each chapter speaks of the scholars work in general how the particular book under consideration fits into that corpus and how the book is assessed in a present day context These essays have a clear relation to the classic tradition in sociolegal thought Reading the classics is useful in gaining a better understanding and appreciation of the essential foundation for a post classic approach in law and social inquiry an approach that can be found in such orientations as critical legal studies chaos theory in law and legal semiotics Classic Writings in Law and Society includes commentaries that consider early writings that set the standard for the social scientific approach in examining issues of law and punishment social control joint stock companies business firms and nation states in the study of law and society

The General Theory of Law & Marxism EvgeniĀ Bronislavovich PaĀiukanis,2001-01-01 E B Pashukanis was the most significant contemporary to develop a fresh new Marxist perspective in post revolutionary Russia In 1924 he wrote what is probably his most influential work The General Theory of Law and Marxism In the second edition 1926 he stated that this work was not to be seen as a final product but more for self clarification in hopes of adding stimulus and material for further discussion A third edition was printed in 1927 Pashukanis s commodity exchange theory of law spearheaded a perspective that traced the form of law not to class interests but to capital logic itself Until his death he continued to argue for the ideal of the withering away of the state law and the juridic subject He eventually arrived at a position contrary to Stalin s who at that time was attempting to consolidate and strengthen the state apparatus under the name of the dictatorship of the proletariat Inevitably Pashukanis was branded an enemy of the revolution in January 1937 His works were subsequently removed from soviet libraries In 1954 Pashukanis was rehabilitated by the Soviets and restored to an acceptable position in the historical development of marxist law In Europe and North America a number of legal theorists only rediscovered Pashukanis s work in the late 1970s They subjected it to careful critical analysis and realized that he offered an alternative to the traditional Marxist interpretations which saw law simply and purely as tied to class interests of domination By the mid 1980s the instrumental Marxist perspective in vogue in Marxist sociology criminology politics and economics gave way to a significant extent due to Pashukanis s insights to a more structural Marxist accounting of the relationship of law to economics and other social spheres In his new introduction Dragan Milovanovic discusses the life of Pashukanis Marx and the commodity exchange theory of law and the historical lessons of Pashukanis s work This book will be of interest to sociologists criminologists and political scientists interested in issues of law and Marxism

A General Jurisprudence of Law and Society Brian Z. Tamanaha,2001 Law is generally understood to be a mirror of society that functions to maintain social order Focusing on this general understanding this text conducts a survey of Western legal and social theories about law and its relationship within society

The Law and Society Canon Carroll Seron,2018-02-06 This volume presents seminal monographs that continue to shape the contemporary discipline of

law and society Long before the turn toward cultural analysis of social institutions socio legal scholars demonstrated the ways in which law and its activities is contingent on the context of time place and hierarchy The works selected for this volume demonstrate this foundational principle of the discipline of law and society **Crime, Law and Society** Malcolm M. Feeley, 2017-07-05 Malcolm Feeley's work is well known to scholars around the world and has influenced two generations of criminologists and legal scholars He has written extensively on crime and the legal process and has published numerous articles in law history social science and philosophy journals two of his books *The Process is the Punishment* and *Court Reform on Trials* have won awards This volume brings together many of his better known articles and essays as well as some of his lesser known but nevertheless important contributions all of which share the common theme of the value of the rule of law albeit a more sophisticated concept than is commonly embraced The selections also reveal the full range of his interests and the way in which his research interests have developed *A Critical Theory of Police Power* Mark Neocleous, 2021-01-12 Putting police power into the centre of the picture of capitalism The ubiquitous nature and political attraction of the concept of order has to be understood in conjunction with the idea of police Since its first publication this book has been one of the most powerful and wide ranging critiques of the police power Neocleous argues for an expanded concept of police able to account for the range of institutions through which policing takes place These institutions are concerned not just with the maintenance and reproduction of order but with its very fabrication especially the fabrication of a social order founded on wage labour By situating the police power in relation to both capital and the state and at the heart of the politics of security the book opens up into an understanding of the ways in which the state administers civil society and fabricates order through law and the ideology of crime The discretionary violence of the police on the street is thereby connected to the wider administrative powers of the state and the thud of the truncheon to the dull compulsion of economic relations , *Punishment and Modern Society* David Garland, 2024-05-31 In this path breaking book David Garland argues that punishment is a complex social institution that affects both social relations and cultural meanings Drawing on theorists from Durkheim to Foucault he insightfully critiques the entire spectrum of social thought concerning punishment and reworks it into a new interpretive synthesis *Punishment and Modern Society* is an outstanding delineation of the sociology of punishment At last the process that is surely the heart and soul of criminology and perhaps of sociology as well punishment has been rescued from the fringes of these disciplines This book is a first class piece of scholarship Graeme Newman *Contemporary Sociology* Garland's treatment of the theorists he draws upon is erudite faithful and constructive *Punishment and Modern Society* is a magnificent example of working social theory John R Sutton *American Journal of Sociology* *Punishment and Modern Society* lifts contemporary penal issues from the mundane and narrow contours within which they are so often discussed and relocates them at the forefront of public policy This book will become a landmark study Andrew Rutherford *Legal Studies* This is a superbly intelligent study Its comprehensive coverage makes it a genuine review

of the field Its scholarship and incisiveness of judgment will make it a constant reference work for the initiated and its concluding theoretical synthesis will make it a challenge and inspiration for those undertaking research and writing on the subject As a state of the art account it is unlikely to be bettered for many a year Rod Morgan British Journal of Criminology Winner of both the Outstanding Scholarship Award of the Crime and Delinquency Division of the Society for the Study of Social Problems and the Distinguished Scholar Award from the American Sociological Association s Crime Law and Deviance Section

General Theory of Social Governance in China Liqun Wei,2021-11-01 This book discusses the connotation and function of social governance and elaborates on social governance thought in classical Marxism Mao Zedong s social governance thought and social governance thought in socialism with Chinese characteristics especially in Xi Jinping s New Era Together these components constitute the basic theory of social governance in China Moreover the book clarifies ancient and modern social governance thought in China and analyzes institutional innovations practices and experiences of Chinese social governance It depicts the evolution and reform of social governance in China both vertically and horizontally In turn it addresses the overall system fundamental institutions hierarchy field and mode of China s social governance as well as its connection to national security It discusses major issues and their causes together with enhancing mechanisms In closing it outlines future trends in Chinese social governance and its role in and effects on the global governance system

Contemporary Political Theory J. C. Johari,1987

Legal Discourse Peter Goodrich,1990-02-19 Lawyers and the law have long been the object of popular criticism and satire for the obscurity and incomprehensibility of their language Legal Discourse provides a novel historical and systematic account of the language of the legal institution together with a sustained criticism of legal exegesis and legalese more generally In the first part of the work the doctrinal history of the legal discipline and its concepts of language text and sign are examined and assessed In the second part the contemporary disciples of linguistics discourse analysis and communication studies are brought to bear upon the task of constructing a theory of legal discourse as a linguistics of legal power

The Ethical Foundations of Marxism Eugene Kamenka,2015-04-17 The Ethical Foundations of Marxism first published in 1962 and corrected and revised for a 1972 edition examines carefully and critically the origin precise nature and subsequent role of Marx s ethical beliefs Drawing freely on Marx s still largely untranslated philosophical works and drafts the author elicits the ethical presuppositions with which Marx began He then examines the intellectual development that made Marx a Communist and seeks to clarify the place of Marx s ethic in his mature materialist work Professor Kamenka distinguishes sharply between the critical ethical views of Marx and the inept conventional applications of his doctrine by Engels He appraises the ethics of the Communist Party and traces the development of the moral and legal theory in the Soviet Union He concludes by subjecting Marxism as a whole to a radical ethical and philosophical criticism for which Marx himself laid some of the foundations

The Human and the Meat Chiara Stefanoni,2025-09-19 Over 85 billion animals are killed in slaughterhouses yearly to sustain a profit driven meat production

system devastating animals workers and the environment How did we get here How has capitalist society reshaped human animal relations Elaborating a novel materialist and intersectional framework Chiara Stefanoni conceptualizes the social form of human animal relations and its centrality within the interconnected structure of domination in capitalist societies especially in relation to gender and class Through a historical analysis of industrial slaughterhouses the study reveals how the human animal divide and meat based diet are not timeless facts but concrete social solutions crucial for the reproduction of capitalist society **A London Bibliography of the Social Sciences** ,1931 Vols 1 4 include material to June 1 1929

Socialist Law in Socialist East Asia Hualing Fu,John Gillespie,Penelope Nicholson,William Partlett,2018-07-05 A fresh perspective on socialist law as practiced in China and Vietnam two major socialist states Marxism Today ,1980 **The Sociology of Political Praxis (RLE: Gramsci)** Leonardo Salamini,2014-04-24 This volume analyses the philosophical nature of Gramsci s Marxism and its Hegelian source the radical critique of the economistic tradition and the original analyses of the role of superstructures ideology consciousness and subjectivity in the revolutionary process It relates the central themes of Gramsci s writings such as hegemony historical blocs the role of intellectuals and political praxis to the more peripheral ones such as science language literature and art The introduction includes a brief intellectual biography of Gramsci **Handbook of Classical Sociological Theory** Seth Abrutyn,Omar Lizardo,2021-11-01 This is the first handbook focussing on classical social theory It offers extensive discussions of debates arguments and discussions in classical theory and how they have informed contemporary sociological theory The book pushes against the conventional classical theory pedagogy which often focused on single theorists and their contributions and looks at isolating themes capturing the essence of the interest of classical theorists that seem to have relevance to modern research questions and theoretical traditions This book presents new approaches to thinking about theory in relationship to sociological methods
