

ROBERT WOHL

THE GENERATION OF 1914

The Generation Of 1914

Richard Carr

The Generation Of 1914:

The Generation of 1914 Robert WOHL, Robert Wohl, 2009-06-30 The generation of 1914 holds a special place in memory affection and myth In this irresistible and moving book Robert Wohl rescues it from the shadows of legend and brings it fully into the realm of understanding He tells the story of the young men the middle class elite of five European countries France Germany England Spain and Italy to recreate the generational consciousness that united them as well as the unique national experience that made them different These were men born at the end of the nineteenth century when the world of reason was disintegrating into a world of irrationality They were destined to rule but their lives were interrupted by the greatest of wars leaving them searching for identity and historical continuity Wohl recaptures this search through novels poems autobiographies memoirs sociological treatises philosophical essays university lectures political speeches conversations when recorded letters personal notebooks and newspaper articles His book is a brilliant study of European mentalities both collective and individual Probing behind ideas to find the experience that inspired them Wohl illuminates in unexpected ways the origins of World War I and its impact on its participants His exploration of the consciousness of generational unity and the power of the generational bond enables him to place in a novel context the spread of pessimism and despair the waning of liberal and humanitarian values the rise of Communist and Fascist movements and the sudden eruption of violence in Europe s progressive countries between the two world wars

Jehovah's Witnesses Edmond C. Gruss, 2001

The French Generation of 1820 Alan Barrie Spitzer, 2014-07-14 Alan Spitzer approaches the history of the French Restoration by examining the experience of a particular age group born between 1792 and 1803 the generation of 1820 A predominantly male middle class educated minority of this group was perceived as representing all that was most promising and specifically youthful in the period Their response to the pressures of transition was expressed in the fractious behavior of the youth of the schools and in voluntary associations masonic lodges conspiratorial cells and influential journals which depended on a dense network of personal relationships Professor Spitzer portrays these connections in a set of sociograms using new techniques for the visual representation of social networks Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

An Avant-garde Theological Generation Jon Kirwan, 2018-03-09 An Avant garde Theological Generation examines the Fourvi re Jesuits and Le Saulchoir Dominicans theologians and philosophers who comprised the influential reform movement the nouvelle th ologie Led by Henri de Lubac Jean Dani lou Yves Congar and Marie Dominique Chenu the movement flourished from the 1930s until its suppression in 1950 It aims to remedy certain historical deficiencies by constructing a history both

sensitive to the wider intellectual political economic and cultural milieu of the French interwar crisis and that establishes continuity with the Modernist crisis and the First World War Chapter One examines the modern French avant garde generations that have shaped intellectual and political thought in France providing context for a historical narrative of the nouvelle th ologie Chapters Two and Three examine the influential older generations that flourished from 1893 to 1914 such as the Dreyfus generation the generation of Catholic Modernists and two generations of older Jesuits and Dominicans which were instrumental in the Fourvi re Jesuits development Chapter Four explores the influence of the First World War and the years of the 1920s during which the Jesuits and Dominicans were in religious and intellectual formation relying heavily on unpublished letters and documents from the Jesuits archives in Paris Vanves Chapter Five analyses the crises of the interwar period and the emergence of the wider generation of 1930 to which the nouveaux th ologiens belonged and its intellectual thirst for revolution Chapter Six examines the emergence of the ressourcement thinkers during the tumultuous years of the 1930s The decade of the 1940s explored in Chapter Seven saw the rise to prominence of the members of the generation of 1930 who thanks to their participation in the resistance emerged from the Second World War with significant influence on the postwar French intellectual milieu Finally the monograph concludes in Chapter Eight with an examination of the triumph of French Left Catholicism and the nouvelle th ologie during the 1960s at the Second Vatican Council

A History of the Apocalypse Catalin Negru, 2023-01-20 Religion For thousands of years this thing has dictated which people should live and which people should die what shape our buildings should have or what colors our garments should contain what food people should eat or what words people should speak If religion is the opium of the masses then beliefs about the end of the world are like overdoses People touched by such beliefs no longer rely on a hidden personal and intimate god contemplated upon from the safe distance of the beating human heart They live with the promise of divine intervention at a grand scale on the current coordinates of space and time This can be an exceptional motivator and a game changer in terms of civil obedience both at an individual and collective level In the name of an immediate and palpable deity people can commit shocking cruelties However such belief can also account for some of the most exceptional social developments in human history

Crossfire Roberta Johnson, 2014-07-11 The marriage of philosophy and fiction in the first third of Spain s twentieth century was a fertile one It produced some truly notable offspring novels that cross genre boundaries to find innovative forms and treatises that fuse literature and philosophy in new ways In her illuminating interdisciplinary study of Spanish fiction of the Silver Age Roberta Johnson places this important body of Spanish literature in context through a synthesis of social literary and philosophical history Her examination of the work of Miguel de Unamuno Pio Baroja Azorin Ramon Perez de Ayala Juan Ramon Jimenez Gabriel Miro Pedro Salinas Rosa Chacel and Benjamin Jarnes brings to light philosophical frictions and debates and opens new interpersonal and intertextual perspectives on many of the period s most canonical novels Johnson reformulates the traditional discussion of generations and isms by viewing the period as an intergenerational

complex in which writers with similar philosophical and personal interests constituted dynamic groupings that interacted and constantly defined and redefined one another Current narratological theories including those of Todorov Genette Bakhtin and Martinez Bonati assist in teasing out the intertextual maneuvers and philosophical conflicts embedded in the novels of the period while the sociological and biographical material bridges the philosophical and literary analyses The result solidly grounded in original archival research is a convincingly complete picture of Spain s intellectual world in the first thirty years of this century Crossfire should revolutionize thinking about the Generation of 98 and the Generation of 14 by identifying the heterogeneous philosophical sources of each and the writers reactions to them in fiction

Romain Rolland and the Politics of the Intellectual Engagement David Fisher, 2017-07-05 This intellectual portrait of Romain Rolland 1866 1944 French novelist musicologist dramatist and Nobel prizewinner in 1915 focuses on his experiments with political commitment against the backdrop of European history between the two world wars Best known as a biographer of Beethoven and for his novel *Jean Christophe* Rolland was one of those nonconforming writers who perceived a crisis of bourgeois society in Europe before the Great War and who consciously worked to discredit and reshape that society in the interwar period Analyzing Rolland s itinerary of engaged stands David James Fisher clarifies aspects of European cultural history and helps decipher the ambiguities at the heart of all forms of intellectual engagement Moving from text to context Fisher organizes the book around a series of debates Rolland s public and private collisions over specific committed stands introducing the reader to the polemical style of French intellectual discourse and offering insight into what it means to be a responsible intellectual Fisher presents Rolland s private ruminations extensive research and reexamination of the function and style of the French man of letters He observes that Rolland experimented with five styles of commitment oceanic mysticism linked to progressive democratic politics free thinking linked to antiwar dissent pacifism and ultimately Gandhism antifacism linked to anti imperialism antiracism and all out political resistance to fascism and most controversially fellow traveling as a form of socialist humanism and the positive side of antifascism Fisher views Rolland s engagement historically and critically showing that engaged intellectuals of that time were neither naive propagandists nor dupes of political parties David James Fisher makes a case for the committed writer and hopes to re ignite the debate about commitment For him Romain Rolland sums up engagement in a striking dialectical formula

Weimar Republic And The Younger Proletariat Peter D Stachura, 2016-01-06

Dictionary of J. W. Ese David Reed, 2010-01-03 Jehovah s Witnesses have a unique vocabulary incomprehensible to outsiders They also use familiar Christian terms to mean something different from standard usage This book is a dictionary of such J W ese language Moreover it explains how JWs engage in doubletalk when speaking with outsiders and tells the reader how to break through that doubletalk to share the Gospel of Christ with those trapped inside the cult Reed is the author of *Answering Jehovah s Witnesses Subject by Subject* and the popular book *Jehovah s Witnesses Answered Verse by Verse* This *Dictionary of J W ese* was originally published in 1997 under the title *Jehovah Talk* by Baker Book House This volume is the

2010 Lulu edition **The Pursuit of Serenity** Chris Nottingham, 1999 Havelock Ellis reputation has been in free fall since his death in 1939 Though still acknowledged as a pioneer in the study of human sexuality he now evokes hostility from those he would have considered his natural heirs Feminist authors have been particularly critical identifying him as the kind of friend women would have done well to ignore While there is no need to put Ellis back on his pedestal it is clear that recent interpretations underestimate his significance for progressive politics on both sides of the Atlantic This book examines the many areas to which he contributed preventive medicine progressive penology internationalism the championing of Ibsen and Nietzsche as well as feminism and human sexuality and argues that the vision unifying his endeavors was rooted in the radical generational movement which swept through London in the late nineteenth century This approach offers both appreciation of Ellis and a richer more realistic view of the progressive tradition itself The German Unemployed (Routledge Revivals) Richard J. Evans, Dick Geary, 2015-06-05 Unemployment was perhaps the major problem confronting European society at the time in which this book was first published in 1987 and is arguably still the case today This collection of essays by British and German historians contributes to the debate by taking a close look at unemployment in the Weimar Republic What groups were most severely affected and why How did they react How effective were welfare and job creation schemes Did unemployment fuel social instability and political extremism How far was unemployment a cause of the collapse of the Weimar Republic and the triumph of the Third Reich Did the Nazis solve the unemployment problem by peaceful Keynesianism or through massive rearmament This book is ideal for students of history sociology and economics

Brooklyn Star Robert Israel, 2003-04 **Jews, Catholics, and the Burden of History** Eli Lederhendler, 2006-03-02 Volume XXI of the distinguished annual Studies in Contemporary Jewry marks sixty years since the end of the Second World War and forty years since the Second Vatican Council's efforts to revamp Church relations with the Jewish people and the Jewish faith Jews Catholics and the Burden of History offers a collection of new scholarship on the nature of the Jewish Catholic encounter between 1945 and 2005 with an emphasis on how this relationship has emerged from the shadow of the Holocaust **A Nation in Arms** Ian Frederick William Beckett, 1985 *The Outbreak of the First World War* Hew Strachan, 2004 Professor Strachan brings his trademark clarity of thought and lucid expository style to bear on the long contested ground of the causes of the First World War **International History of the Twentieth Century** Antony Best, Jussi Hanhimäki, Joseph A. Maiolo, Kirsten E. Schulze, Jussi M. Hanhimäki, 2004-02-24 This major new global history of the twentieth century is written by four prominent international historians for first year undergraduate level and upward Using their thematic and regional expertise the authors have produced an authoritative yet accessible account of the history of international relations in the last century covering events in Europe Asia the Middle East Africa and the Americas They focus on the history of relations between states and on the broad ideological economic and cultural forces that have influenced the evolution of international politics over the past one hundred years Among the areas this book covers are the

decline of European hegemony over the international order the diffusion of power to the two superpowers the rise of newly independent states in Asia and Africa the course and consequences of the three major global conflicts of the twentieth century the Great War the Second World War and the Cold War This is an absolutely essential book in the study of twentieth century history Students will find themselves lacking without it **Changing the World** Alan Dawley, 2005-07-25 In May of 1919 women from around the world gathered in Zurich Switzerland and proclaimed We dedicate ourselves to peace Just months after the end of World War I the Womens International League for Peace and Freedom a group led by American progressive Jane Addams and comprising veteran campaigners for social reform knew that a peaceful world was essential to their ongoing quest for social and economic justice Alan Dawley tells the story of American progressives during the decade spanning World War I and its aftermath He shows how they laid the foundation for progressive internationalism in their efforts to improve the world both at home and abroad Unlike other accounts of the progressive movement and of American politics in general this book fuses social and international history Dawley shows how interventions in Latin America and Europe affected domestic plans for social reform and civic engagement and he depicts internal battles among progressives between unabashed imperialists like Theodore Roosevelt and their implacable opponents like Robert La Follette He draws a contrast between Woodrow Wilson s use of force in exporting American ideals and Addams s more cosmopolitan pursuit of economic justice and world peace In discussing the debate over the League of Nations within the context of turbulent domestic affairs Dawley brings keen insight into that complicated moment in American history In striking and original ways Dawley brings together domestic and world affairs to argue that American progressivism cannot be understood apart from its international context Focusing on world historical events of empire revolution war and peace he shows how American reformers invented a new politics built around progressive internationalism Changing the World retrieves the progressive tradition in American politics and makes it available to contemporary debates The book speaks to anyone seeking to be both a good citizen within the nation and a good citizen of today s troubled world *Writing the History of Memory* Stefan Berger, Bill Niven, 2014-02-13 How objective are our history books This addition to the Writing History series examines the critical role that memory plays in the writing of history This book includes Essays from an international team of historians bringing together analysis of forms of public history such as museums exhibitions memorials and speeches Coverage of the ancient world to the present on topics such as oral history and generational and collective memory Two key case studies on Holocaust memorialisation and the memory of Communism International History of the Twentieth Century and Beyond Antony Best, Jussi Hanhimäki, Joseph A. Maiolo, Kirsten E. Schulze, 2014-12-17 This hugely successful global history of the twentieth century is written by four prominent international historians for first year undergraduate level and upward Using their thematic and regional expertise the authors have produced an authoritative yet accessible and seamless account of the history of international relations in the last century covering events in Europe Asia the Middle East Africa and the Americas

They focus on the history of relations between states and on the broad ideological economic and cultural forces that have influenced the evolution of international politics over the past one hundred years The third edition is thoroughly updated throughout to take account of the most recent research and global developments and includes a new chapter on the international history of human rights and its advocacy organizations including NGOs Additional new features include New material on the Arab Spring including specific focus on Libya and Syria Increased debate on the question of US decline and the rise of China A timeline to give increased context to those studying the topic for the first time A fully revised companion website including links to further resources and self testing material can be found at www.routledge.com/cw/best Antony Best is Associate Professor in International History at the London School of Economics Jussi M Hanhimäki is Professor of International History and Politics at the Graduate Institute of International Studies Geneva Joseph A Maiolo is Professor of International History at the Department of War Studies Kings College London Kirsten E Schulze is Associate Professor in International History at the London School of Economics

Veteran MPs and Conservative Politics in the Aftermath of the Great War Richard Carr, 2016-03-03 Between 1918 and 1939 448 men who performed uniformed service in the First World War became Conservative MPs This relatively high profile cohort have been under explored as a distinct body yet a study of their experiences of the war and the ways in which they and the Conservative Party represented those experiences to the voting public reveals much about the political culture of Interwar Britain and the use of the Great War as political capital Radicalised ex servicemen have thus far been considered a rather continental phenomenon historiographically And whilst attitudes to Hitler and Mussolini form part of this analysis the study also explores why there were fewer such types in Britain The Conservative Party it will be shown played a crucial part in such a process with British politics serving as a contested space for survivors interpretations of what the war should mean

The book delves into The Generation Of 1914. The Generation Of 1914 is a vital topic that must be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into The Generation Of 1914, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:

- Chapter 1: Introduction to The Generation Of 1914
- Chapter 2: Essential Elements of The Generation Of 1914
- Chapter 3: The Generation Of 1914 in Everyday Life
