Summerson,John Newenham Summerson, Sir,1993-01-01 The author charts the development of architectural theory and practice from Elizabeth I to George IV Questions of style technology and the social framework are resolved as separable but always essential components of the building worlds      **A Forger's Progress** Alasdair McGregor,2014-11-01 A forger and convicted felon Francis Greenway was transported to Sydney in 1814 Only a decade later his dreams of a city superior in architectural beauty to London began to be realized as he designed Hyde Park Barracks St James Church the Supreme Court St Luke s Church in Liverpool and the Windsor courthouse In this first biography of Greenway since 1953 award winning author Alasdair McGregor scrutinizes the character and creative output of a man beset by contradictions and demons He profiles Greenway s landmark buildings his complex and fraught relationship with Governor Lachlan Macquarie and his thwarted ambitions and self destruction      *The English Spa, 1560-1815* Phyllis May Hembry,1990 Beginning in the reign of

Queen Elizabeth I members of the English nobility and gentry made a practice of taking relaxation at the country s inland spas This account shows the spas to have been not only centers of healing and recreating but also venues of intrigue extending to political religious economic and social issues      **The Oxford Companion to Family and Local History** David Hey,2010-02-25 The Oxford Companion to Family and Local History is the most authoritative guide available to all things associated with the family and local history of the British Isles It provides practical and contextual information for anyone enquiring into their English Irish Scottish or Welsh origins and for anyone working in genealogical research or the social history of the British Isles This fully revised and updated edition contains over 2 000 entries from adoption to World War records Recommended web links for many entries are accessed and updated via the Family and Local History companion website This edition provides guidance on how to research your family tree using the internet and details the full range of online resources available Newly structured for ease of use thematic articles are followed by the A Z dictionary and detailed appendices which include further reading New articles for this edition are A Guide for Beginners Links between British and American Families Black and Asian Family History and an extended feature on Names With handy research tips a full background to the social history of communities and individuals and an updated appendix listing all national and local record offices with their contact details this is an essential reference work for anyone wanting advice on how to approach genealogical research as well as a fascinating read for anyone interested in the past      **Britain in the First Age of Party,**

**1687-1750** Clyve Jones,1986-07-01 The 70 years of late Stuart and early Hanoverian Britain following 1680 were a crucial period in British politics and society seeing the growth both of political parties and of stability This collection of original

essays provides a coherent account of Britain in the First Age of Party      Familiar Past? Sarah Tarlow, Susie West, 2002-01-08 The Familiar Past surveys material culture from 1500 to the present day Fourteen case studies grouped under related topics include discussion of issues such as the origins of modernity in urban contexts the historical anthropology of food the social and spatial construction of country houses the social history of a workhouse site changes in memorial forms and inscriptions the archaeological treatment of gardens The Familiar Past has been structured as a teaching text and will be useful to students of history and archaeology      *English Counties and Public Building, 1650-1830* Christopher W. Chalklin, 1998-01-01 Before the modern growth of centralised government the most important unit of administration was the county Counties were run by Justices of the Peace sitting together at Quarter Sessions where as well as trying criminal cases they dealt with all county business In the years between 1650 and 1830 a increasing proportion of their time and resources was taken up in erecting public buildings Building by counties taken together represents a substantial and previously little noticed programme of public works Unlike most other building works in this period where the details of planning building execution and cost are lost county building is well documented allowing us to follow clearly the stages of erection The county building programme reflected changes in society and in the economy apart from being itself an indication of the growing wealth of the period A sizeable part of county budgets was spent on bridges A series of increasingly elaborate bridewells and gaols reflected concerns over employment and crime also reflected in the erection of judges lodgings and court houses the latter being often incorporated in shire halls Rising humanitarian alarm about mental illness led to the building of pauper lunatic asylums after 1800 English Counties and Public Building 1650 1830 is an original and important contribution to both administrative and architectural history Before the modern growth of centralised government the most important unit of administration was the county Counties were run by Justices of the Peace sitting together at Quarter Sessions where as well as trying criminal cases they dealt with all county business In the years between 1650 and 1830 a increasing proportion of their time and resources was taken up in erecting public buildings Building by counties taken together represents a substantial and previously little noticed programme of public works Unlike most other building works in this period where the details of planning building execution and cost are lost county building is well documented allowing us to follow clearly the stages of erection The county building programme reflected changes in society and in the economy apart from being itself an indication of the growing wealth of the period A sizeable part of county budgets was spent on bridges A series of increasingly elaborate bridewells and gaols reflected concerns over employment and crime also reflected in the erection of judges lodgings and court houses the latter being often incorporated in shire halls Rising humanitarian alarm about mental illness led to the building of pauper lunatic asylums after 1800 English Counties and Public Building 1650 1830 is an original and important contribution to both administrative and architectural history      **New Directions in Urban History** Peter Borsay, Ruth-Elisabeth Mohrmann, Gunther Hirschfelder,      *Slavery Obscured* Madge

Dresser,2016-10-06 *Slavery Obscured* aims to assess how the slave trade affected the social life and cultural outlook of the citizens of a major English city and contends that its impact was more profound than has previously been acknowledged Based on original research in archives in Britain and America this title builds on scholarship in the economic history of the slave trade to ask questions about the way slave derived wealth underpinned the city of Bristol s urban development and its growing gentility How much did Bristol s Georgian renaissance owe to such wealth Who were the major players and beneficiaries of the African and West Indian trades How in an ever changing historical environment were enslaved Africans represented in the city s press theatre and political discourse What do previously unexplored religious legal and private records tell us about the black presence in Bristol or about the attitudes of white seamen colonists and merchants towards slavery and race What role did white women and artisans play in Bristol s anti slavery movement Combining a historical and anthropological approach *Slavery Obscured* seeks to shed new light on the contradictory and complex history of an English slaving port and to prompt new ways of looking at British national identity race and history *South and West Somerset*

Nikolaus Pevsner,2001-01-01 The rural southern part of Somerset is particularly rich in church architecture from the poetic ruins of Glastonbury Abbey to the plain geometry of Lutyen s chapel at Brushford Also discussed are Somerset s elaborate pinnacled church towers *Building the British Atlantic World* Daniel Maudlin,Bernard L. Herman,2016-03-11 Spanning the North Atlantic rim from Canada to Scotland and from the Caribbean to the coast of West Africa the British Atlantic world is deeply interconnected across its regions In this groundbreaking study thirteen leading scholars explore the idea of transatlanticism or a shared Atlantic world experience through the lens of architecture built spaces and landscapes in the British Atlantic from the seventeenth century through the mid nineteenth century Examining town planning churches forts merchants stores state houses and farm houses this collection shows how the powerful visual language of architecture and design allowed the people of this era to maintain common cultural experiences across different landscapes while still forming their individuality By studying the interplay between physical construction and social themes that include identity gender taste domesticity politics and race the authors interpret material culture in a way that particularly emphasizes the people who built occupied and used the spaces and reflects the complex cultural exchanges between Britain and the New World

**Cities Divided** John Miller,2007-03-29 The religious and political history of late seventeenth and early eighteenth century England is typically written in terms of conflict and division This was the period when party conflict exacerbated by religious enmities became a normal part of English life Rather than denying the importance of partisan divisions this book reveals how civic celebration designed as an expression of unity and amity was often used for partisan purposes reaching a peak in the 1710s The animosities were most marked in elections which were often corrupt and drunken and sometimes very violent But division and conflict were not universal Many towns avoided electoral contests not because they were in the pocket of a great aristocrat but as a matter of deliberate policy Despite occasional disorder urban government rarely broke

down and even violent elections ended with bruises rather than fatalities Professor Miller suggests an explanation for this in the nature of urban governance While the formal structures of town government were profoundly undemocratic vacancies on corporations were most often filled by co option there was much participation consultation and negotiation in the lower levels of government In addition corporation members lived in close proximity to and did business with their fellow townspeople and needed to meet their expectations These expectations might have been modest they wanted streets to be reasonably clean and kept in adequate repair sewage and rubbish to be removed law and order maintained and the deserving poor relieved But they were the things that made daily life tolerable and for many they mattered more than politics **The**
