**The German Single-leaf Woodcut, 1600-1700** Dorothy Alexander, Walter L. Strauss, 1977      **German Histories in the Age of Reformations, 1400-1650** Thomas A. Brady, 2009-07-13 This book studies the connections between the political reform of the Holy Roman Empire and the German lands around 1500 and the sixteenth century religious reformations both Protestant and Catholic It argues that the character of the political changes dispersed sovereignty local autonomy prevented both a general reformation of the Church before 1520 and a national reformation thereafter The resulting settlement maintained the public peace through politically structured religious communities confessions thereby avoiding further religious strife and fixing the confessions into the Empire s constitution The Germans emergence into the modern era as a people having two national religions was the reformation s principal legacy to modern Germany      Catalog of Printed Books of the Folger Shakespeare Library, Washington, D. intabulations composed and printed in sixteenth century Milan by examining their function within the urban milieu in which they were first performed Finally it musically documents Milan s transformation from a ducal state dominated by provincial traditions into a mercantile centre of international acclaim Such an important study in Italian Renaissance music will therefore appeal to anyone interested in the culture of Renaissance Italy **The Renaissance Print, 1470-1550** David Landau, Peter W. In and Out of the Ghetto R. Po-Chia Hsia, Hartmut Lehmann, 2002-04-30 During the 1920s much attention was paid to the history of Jews in Germany since the Enlightenment and the subject became popular again with renewed emphasis after 1945 Many historians were deeply committed to understanding and explaining the tragic path that led from the emancipation of the Jews to the Holocaust For a long time much less work was done on the history of Jews in Germany in earlier periods particularly the period between the late Middle Ages and the Enlightenment This book is the first comprehensive account of Jewish Gentile relations in central Europe from the fifteenth to the eighteenth century It lays particular emphasis on cultural economic social and political issues and incorporates much new research
