achievements or lack of achievements We should be grateful if the stories we leave behind in the insubstantial pages of literature or history can offer someone somewhere an insight or some moments of satisfaction having decoded the messages held in stories poems and dramas Such are the delights offered in stories like Adam Send for Eliab Through Fire and Brimstone Cleansing the Land Lamp Shades and Cushion Covers and When the God of Death Is the Death of God Some readers may find some stories distressing but the poetry that emanates from them tries to compensate for the harsh reality of a heartless and cold world that is indifferent to the stories that derive from our lives we are driven to leading These stories are like the metaphors of life we leave narrated in and left to time It is you the reader that will give them a measure of immortality as you keep reading making the stories of these sad victims your own Live again but in another dimension your own and these others
