interesting subject I've included the earliest photo available sometimes one or two decades after the battle. Most of the maps in the book are tied to Google online maps and or to maps on the website CivilWarBattles.us so you can simply click or type the book's map links on your computer or smart phone to find the exact photo locations. In all you'll find over 100 then and now Gettysburg photos in this book as well as numerous landscape photos showing modern views of the battlefield. Whether you tour the battlefield from your easy chair or actually walking the field I hope and believe you'll find this book to be an invaluable companion.
