THE SNEAKY GREED M.R. Bamigbade,2014-01-23 Every human being in this world has a natural way of competing aggressively with one another whether during their youth or when we are progressing in age In fact the idea never completely dies in us but it is minimized as age takes its toll on us As time passes we later reveal our competitive edge either openly or secretly while not wanting people to know what we are going to do amongst our playmates companions friends and even our neighbors Furthermore we hide our competitive mood despite our looking forward to using it to acquire our goal Yet we do not allow anybody including our parents to convince us to cease from achieving our competitive advantage Although our desire for advantage may be rudimentary in our minds we still always strive to achieve it by all means possible As it is yet burning in our minds discouraging pieces of advice from rivals are persuading us to step aside Be it so all that we are thinking about is to keep persevering in our competitiveness and not to give up as we are sensing that opportunity is the momentum for competing successfully Immediately as we are tuned to market competition we stick to it and remain firm so as remain in business As we are prospering in the market we quickly set our minds on how to maximize the profit on our products Since our aim is to keep on maximizing profit we do not encourage any other firm with a similar product to compete close to our location The point of view is that selfishness on our part has caused us to think that a firm has the power to monopolize market competition Thus to prevent an unfair monopoly government establishes regulations to protect and control deceitful marketing tactics On the other hand displaying avariciousness is not an abnormal trait but one that is

naturally embedded in us However this natural characteristic can get to the point where it surfaces and becomes observable by others Although human beings may use a common technique to obtain profits for themselves we criticize those who do so when it leads to excess Avarice is displayed in everybody when we see valuable materials at our disposal and our eyes become affixed to them and we grab them like a hungry dog that cannot eat moderately but tries to consume everything within its reach while leaving some small portion for any other dog that is just as hungry Hence it behooves us to remind ourselves that the live and let live scenario makes life worthy living

In Search For The Gift Of The Holy Spirit Gaylon West, 2016-07-24 Not only is Acts 2 38 a controversial text because of the mention of baptism for the remission of sin but also because of the second independent clause The audience asks What shall we do Peter answers in two clauses The second is You shall receive the gift of the Holy Spirit What does that mean West has taken a fresh look at the many passages dealing with the Holy Spirit He revisits Acts 5 32 where much misunderstanding has arisen West deals with the English and Greek grammar in the passages in the context of the entire Bible The major views of the gift of the Holy Spirit are dealt with 1 the gift is salvation 2 the gift is supernatural signs 3 the expression is metaphorical 4 the gift is the Spirit Himself Major problems that influence beliefs are a learned scholars use their theology instead of their scholarship b the grammar is treated as a complex sentence instead of a compound one and c passages such as Acts 5 29 32 are misused to prove what the gift is *Parliamentary Papers* Great Britain. Parliament. House of Commons, 1907

A Gift of God in Due Season Richard D. Weis, David M. Carr, 1996-11-01 This volume of essays addresses from a variety of vantage points the relation of scriptures and community that has been so central to the canonical critical work of James A Sanders The first part of the volume focuses on the formation of the Jewish and Christian canons and texts in them while the second part looks at ancient and modern appropriations of canonical texts Together these essays show the multiple potential links between canonical criticism and historical literary feminist and other approaches in contemporary biblical studies
