They were the trappers of the Rocky Mountain fur trade in the years following Lewis and Clark's Expedition of 1804-1806. With their bold journeys peaking during the period of 1830-1840, they were the first white men to enter the vast wilderness reaches of the Rockies in search of beaver pelts as the skins were called. They feasted on the abundant buffalo, elk, and other game while living the ultimate free-spirited wilderness life. Often they paid the ultimate price for their ventures under the arrows, tomahawks, and knives of those native Americans whose lands they had entered. *Tales of the Mountain Men* presents in one book many of the most engaging and revealing portraits of mountain men ever written. Ranging from nonfiction classics like Bernard DeVoto's *Across the Wide Missouri* through fiction from such acclaimed novels as A.B. Guthrie Jr.'s *The Big Sky*, this collection is destined to be well appreciated by the huge and dedicated audience fascinated by mountain man lore and legend. These readers include many who today participate in reenactments of the mountain man Rendezvous with colorful costumes and competitions of traditional skills with authentic guns, knives, and tools. No book exists today with such a diverse and engaging collection of mountain man literature. For an already large and still growing audience, *Tales of the Mountain Men* will be a valued extension of their interest in the mountain man as a compelling and uniquely American figure.

*McBride's Magazine*, 1879      *War of the Mountain Man* William W. Johnstone, 2013-06-06 USA Today bestselling author Smoke Jensen has taken on plenty of outlaws, but this time it's personal. Big Max Higgins ran the outlaw town of Hell's Creek up in the north Montana Rockies, and then he decided to include the nearby town of Barlow in his cutthroat operation. What he didn't know was that Smoke Jensen was there with his wife visiting relatives. It didn't take Smoke long to rout out the lot of them with angry fists and blazing guns, but Smoke didn't count on Big Max doing something as daring, desperate, and stupid as kidnapping his wife and demanding the town of Barlow itself as ransom. Soon Big Max Higgins would look up and see the last mountain man riding down the middle of the street with reins in his teeth and both hands filled with 44s. Big Max had always wanted to make a name for himself. And he was going to get it too, carved on his gravestone.      **Pan's Mountain** Amélie Rives, 1910
