Bangkok after Dark Benjamin Tausig, 2025-03-28 From the 1930s to the 1950s jazz pianist Maurice Rocco was a mainstay in Hollywood and American nightlife scenes As rock and roll surpassed jazz as America's most popular music in the 1950s the queer Black pianist's fortunes faded and he was forced to go abroad for new opportunities In 1964 Rocco settled in Bangkok where he thrived and enjoyed a relatively privileged life until he was murdered by two young male sex workers in 1976 In Bangkok after Dark Benjamin Tausig uses Rocco's intriguing story to trace the history of transnational nightlife encounters between Thais and Americans during the long American war in Vietnam Tausig shows how these encounters which included musical collaborations romantic and sexual relationships and new labor identity and geopolitical configurations remade Thailand in crucial and enduring ways As Tausig demonstrates

Rocco's Blackness, queerness and musical life in Thailand illuminate how Thai American relationships complicated neat distinctions between the two countries. In teasing out these complexities through the figure of Rocco Tausig, challenges conventional understandings of the global Cold War on individual and transnational scales. **Thailand and its women**

,2024-07-04 Thai women like all women there are unpredictable and inexplicable. They may be the most loyal, loving, caring and warmest people on earth but able in a second to turn into the baddest person in this world. They are very shy and shameful people, great and at the same time naive lovers, great cooks but they are hopeless housewives. **The "Bare Life" of Thai Migrant Workmen in Singapore** Pattana Kitiarsa, 2014-01-05 Transnational labor migration often begins with the dream of securing a more stable and prosperous future, a chance to survive. The lure of global cities as a place to attain that dream looms large within the context of rural-urban migration flows. This book reveals some of the complex phenomena and processes that strip bare the lives and dreams of migrant workers living abroad whose life experiences are overwhelmingly dominated by stress and suffering and diminished gendered roles. The book illuminates the intimate aspects of how Thai male migrants have transcended their harsh reality while living under Singapore's strict regulations governing foreign workers. Stripped bare of the powerful sociocultural, economic and legal processes that govern their existence at home, these men must recraft their gendered selfhoods, identities and sensibilities. Using personal and interpretive ethnography, the book explores how popular music, sports, religious beliefs, cultural traditions, sexual desire and intimacy are refashioned by appropriating cultural and symbolic capital into new cultural experiences. It also provides an extensive look at the sudden, unexplained nocturnal death syndrome (SUNDS) among young, healthy Thai construction workers in Singapore. The author's in-depth analyses of migrant social life and male migrant gendered identity-negotiating processes provide an invaluable contribution to our understanding of labor transnationalism in the Southeast Asian context. **Highlights** An important contribution to studies of the masculinization of migration. Provides ample insight into the lived experience of migrant workers. Explores an often forgotten side of labor migration: that of sexual intimacy. Adds a rich, detailed understanding of village transnationalism. *Corpse Story of Thailand* Wang Cai, 2020-06-19 Thailand is full of intrigue. Buddha, card, fall, head, ancient man, child of course they still have a special liking to female corpse. **Human Trafficking in Thailand** Siroj Sorajjakool, 2013-10-15 Few subjects elicit greater moral outrage than human trafficking. Media reports of dehumanizing practices such as slavery, abduction, child prostitution and torture along with shocking statistics form the basis of public knowledge. Those who work closely with victims acknowledge the complexity of the issue and it is this complexity rather than loose statistics and conjecture that deserves our attention. With sensitivity and candor, this book addresses the reality of human trafficking in Thailand, dissecting studies, presenting facts and dismissing stereotypes. It focuses on the areas of fishing, agriculture, domestic work, sex work and the trafficking of children, weaving individual narratives and official studies into the wider history of Thailand's changing economy and labor situation. It also details how the Thai government has addressed the

issue reflects on the roots of human exploitation and suggests a way forward This book raises much needed awareness of commonly held misconceptions and clarifies what we know and what we have yet to discover about the trafficking of persons to and from Thailand Highlights Concise and accessible study of the reality of human trafficking in Thailand Thorough critical analysis of current policies and public discourse on trafficking Details relevant Thai and international laws Discusses the relationship between the modern economic system and exploitation Analyzes the changing face of the Thai labor market and the impact of industrialization on the Thai population

Letters from Thailand Botan,2002-02-01 When the original Thai version of Letters from Thailand appeared in Bangkok in 1969 it was promptly awarded the SEATO Prize for Thai Literature Thirteen years later it was translated into English to reach a much wider readership Today the book is still considered one of Thailand's most entertaining and enduring modern novels and one of the few portrayals of the immigrant Chinese experience in urban Thailand Letters from Thailand is the story of Tan Suang U a young man who leaves China to make his fortune in Thailand at the close of World War II and ends up marrying raising a family and operating a successful business The novel unfolds through his letters to his beloved mother in China In Tan Suang U's lively account of his daily life in Bangkok's bustling Chiantown larger and deeper themes emerge his determination to succeed at business in this strange new culture his hopes for his family his resentment at how easily his children embrace urban Thai culture at the expense of the Chinese heritage which he holds dear his inability to understand or adopt Thai ways and his growing alienation from a society that is changing too fast for him
