[The Bhagavad Gita](#) Edward Viljoen, 2019-06-11. The Bhagavad Gita: The Song of God Retold in Simplified English is the latest title in the Essential Wisdom Library. This unique edition of the timeless epic is designed to be accessible for readers without any prior experience of Hinduism. Not simply a translation of the original, Viljoen has simplified and restated the Gita's complex ideas so that a first-time reader can fully appreciate the scope and beauty of this magnificent Indian classic. Written in concise modern language, the retelling vividly captures the power and depth of the original work. Part of the Mahabharata, the Gita is a dialogue between Prince Arjuna and Lord Krishna. Its verses contain some of the key ideas of Hindu philosophy: Dharma, Moksha, and various yogic practices. Originally written well over a thousand years ago, the Gita has proven to be a timeless source of wisdom inspiring philosophers and revolutionaries alike in the millennia since it was written. In addition to the retelling of the text, this edition includes a character list, a glossary of important terms, and chapters exploring the back story from the Mahabharata and the impact and meaning of the Bhagavad Gita itself. The Bhagavad Gita is an approachable way for today's readers to engage with one of history's richest spiritual epics. **Krishna, The Cxo** Dr. Hare Krishna Chandrasekaran, 2022-09-08. This first edition has 18 of the total 54 chapters grouped into 6 Sections. Each chapter starts with a sloka in Sanskrit and its pronunciation and then the explanation. Krishna always advocates that our thought, words, and action should be in one line and He is the first follower of that policy. What He says, what He means, and what He does are all one, and that is clear in the section Krishna Manages. The sloka is followed by a simple joke. This book will help the Startups learn to manage their companies and lifestyle in this competitive world. By not reading this book, you will be missing the following: to know the qualities of KRISHNA, His ethics, presence of mind, guidance in creating confidence, how to react to a situation, and the ways to implement all these in your work. [108 Most Important Shlokas of the Bhagavad Gita \(Simplified For Beginners of All Ages\)](#) Monisha K Gumber, 2024-08-26. About the Book: The simplification of the selected 108 shlokas of the Bhagavad Gita is not a direct translation nor an in-depth analysis. With humility and respect, my endeavor is just to offer the wisdom of the Gita in regular conversational language, especially for beginners in India and beyond. If you haven't read any of the scriptures and would like to know more about our ancient civilization and history, then this might be a good place to start.

though there are some brilliant minds who have dedicated their lives for dharma and desh sewa An excellent body of work is produced by some great personalities such as Sanjay Dikshit Nilesh Oak Rajeev Malhotra Ami Ganatra Neeraj Atri and countless others towards whom I humbly offer my deepest and sincerest gratitude In this particular compilation there are only 108 shlokas as recommended by the ISKCON and are aligned to the Bhakti aspect In totality there are 700 shlokas logically structured into 18 chapters mostly focusing on Karma Yog Gyan Yog and Bhakti Yog The word yog or yoga doesn't have a single meaning In the context of Gita it means the path undertaken to be united with a specific goal The Gita starts with Arjuna's anguish just before the battle of Kurukshetra is about to begin and seeks guidance from his trusted friend and Guru Shri Krishna To even attempt to list down the great learnings in this sacred text would not be possible in a single lifetime still this document would provide you a base to explore deeper and wider into this ocean of precious knowledge Please also note at this stage you could find some concepts repetitious or contradictory Hence you might eventually need a trusted Guru All depends on the intensity of your desire to know more Gita is the song of Bhagwan Himself and the essence of the Vedas If you are reading this probably it's Krishna's will and you can consider yourself fortunate that the Gita has chosen to come to you in whatever form Please continue on this beautiful journey that shall open up your hearts and minds to some enchanting places in the universe I am writing from personal experiences that all we need is devotion and He shall take care of everything Radhey Radhey

Games Indians Play V Raghunathan, 2008-01-01 Raghunathan writes really well there are rare instances where a reviewer thinks I wish I could write like that This is one of those rare instances Bibek

Debroy in Indian Express In a rare attempt to understand the Indianness of Indians among the most intelligent people in the world but also to a dispassionate eye perhaps the most baffling V Raghunathan uses the props of game theory and behavioural economics to provide an insight into the difficult conundrum of why we are the way we are He puts under the scanner our attitudes towards rationality and irrationality selflessness and selfishness competition and cooperation and collaboration and deception Drawing examples from the way we behave in day to day situations Games Indians Play tries to show how in the long run each one of us whether businessmen politicians bureaucrats or just plain us stand to profit more if we were to assume a little self regulation give fairness a chance and strive to cooperate and collaborate a little more even if self interest were to be our main driving force
