

# THE NEW GNOSTICS

*Discerning Extra-Biblical Revelation  
in the Contemporary Charismatic Movement*

BY  
PHIL MASON

# The Gnostics

**David Brakke**

## **The Gnostics:**

**Gnostics** Sean Martin,2010-08-01 Gnosticism is the name given to various religious schools that proliferated in the first centuries after Christ nearly becoming the dominant form of Christianity but was eventually branded as heretical by the emerging Christian church The long and diverse history of Gnosticism is recounted here as well as reasons for its continued relevance today Although some Gnostic beliefs are close to mainstream Christianity others examined here include that the world is imperfect because it was created by an evil god who was constantly at war with the true good God that Christ and Satan were brothers that reincarnation exists and that women are the equal of men Also covered is the influence Gnostics had on the Renaissance the Enlightenment psychologist Carl Jung the Existentialists the New Age movement and writers as diverse as William Blake W B Yeats Albert Camus and Philip K Dick     The Gnostics David Brakke,2012-09-03 Who were the Gnostics And how did the Gnostic movement influence the development of Christianity in antiquity Is it true that the Church rejected Gnosticism This book offers an illuminating discussion of recent scholarly debates over the concept of Gnosticism and the nature of early Christian diversity Acknowledging that the category Gnosticism is flawed and must be reformed David Brakke argues for a more careful approach to gathering evidence for the ancient Christian movement known as the Gnostic school of thought He shows how Gnostic myth and ritual addressed basic human concerns about alienation and meaning offered a message of salvation in Jesus and provided a way for people to regain knowledge of God the ultimate source of their being Rather than depicting the Gnostics as heretics or as the losers in the fight to define Christianity Brakke argues that the Gnostics participated in an ongoing reinvention of Christianity in which other Christians not only rejected their ideas but also adapted and transformed them This book will challenge scholars to think in new ways but it also provides an accessible introduction to the Gnostics and their fellow early Christians     *The Essence of the Gnostics* Bernard Simon,2005-03-01 For what is it that the All lacked if not the knowledge of the Father Gnostic text from the Gospel of Truth Long before there was a system of belief called Gnosticism there were those who reached for a special intimate knowledge of God and His mysterious ways The possession of such knowledge they believed would bring salvation from suffering All religious traditions acknowledged that the world is imperfect Where they differ is in the explanations they offer for this imperfection and in what they suggest might be done about it While many religionists hold that humans are to be blamed for these imperfections the Gnostics believed that the world is flawed because it was created in a flawed manner thereby implicating the creator Such a perspective was regarded as blasphemous by fellow Christians at the dawn of the new religion and led to the sect's persecution Equally concerning were the Gnostics' liberal views regarding sex the role of women and toleration of other faiths In *The Essence of the Gnostics* Bernard Simon offers a fascinating insight into this ancient and yet in many ways surprisingly contemporary faith and explores the reasons for its current renaissance     *The Gnostics* Andrew Phillip Smith,2012-01-01 According to the ancient Gnostics the early Christians who wrote such controversial texts as the

recently discovered Gospel of Judas we are all capable of gnosis or direct knowledge of the true reality that lies behind the material world Andrew Phillip Smith author of respected works on the lost sayings of Jesus the Gospel of Philip and other Gnostic subjects now offers a highly accessible layman's introduction to this long suppressed philosophy that offers an intriguing alternative to accepted Christian beliefs With references to The Da Vinci Code The Matrix and other fictions inspired by the Gnostic worldview this is an eye opening and possibly life changing book meant to revive forgotten traditions and perhaps even allow readers to experience gnosis themselves

**The Gnostics** Jacques Lacarriere, 1989 This inquiry into Gnosticism examines the character history and beliefs of a brave and vigorous spiritual quest that originated in the ancient Near East and continues into the present day

[The Secret History of the Gnostics](#) Andrew Phillip Smith, 2015-11-24 Learn more about the myths practices history and recent resurgence of Gnosticism as a Gnostic scholar seeks to answer why this Christian mystical movement has inspired the likes of Dan Brown and Philip Pullman The Secret History of the Gnostics offers long awaited illumination on the mystical movement that teaches gnosis knowledge of God as opposed to unquestioning faith Acclaimed author Andrew Phillip Smith delves into the myths and practices of this ancient movement exploring its popularity during 2nd century AD its subsequent decline under the weight of orthodoxy in the Church and its present day resurgence Gnosticism has travelled a fascinating path from the Manichaeans in Modern Persia between the 3rd and 7th centuries AD to the triumphs and tragedies of the Cathars in Southern Europe between the 12th and 14th centuries to finally today's Mandaean in Iraq However as the author points out the revival of Gnosticism extends further than these narrow sects offering inspiration to a legion of literary figures including Dan Brown and Philip Pullman Gnosticism's emphasis on personal over organized religion in keeping with the doctrine of the early Christian era during which it thrived has found particular resonance with today's multicultural world In addition to discussing the Gnostic gospels and the sect's practical beliefs and customs The Secret History of the Gnostics is also in effect a manifesto an appeal to those inspired by or drawn to the Gnostic faith not to forget its origins

**The Gnostics and their Remains, Ancient and Medieval** C. W. King, 2022-04-05 Reprint of the original first published in 1864

*The Gnostics* David Brakke, 2012-09-03 Who were the Gnostics And how did the Gnostic movement influence the development of Christianity in antiquity Is it true that the Church rejected Gnosticism This book offers an illuminating discussion of recent scholarly debates over the concept of Gnosticism and the nature of early Christian diversity Acknowledging that the category Gnosticism is flawed and must be reformed David Brakke argues for a more careful approach to gathering evidence for the ancient Christian movement known as the Gnostic school of thought He shows how Gnostic myth and ritual addressed basic human concerns about alienation and meaning offered a message of salvation in Jesus and provided a way for people to regain knowledge of God the ultimate source of their being Rather than depicting the Gnostics as heretics or as the losers in the fight to define Christianity Brakke argues that the Gnostics participated in an ongoing reinvention of Christianity in which other Christians not only rejected

their ideas but also adapted and transformed them This book will challenge scholars to think in new ways but it also provides an accessible introduction to the Gnostics and their fellow early Christians **The Gnostics** Tobias Churton,1997 The Greek word gnosis means knowledge the Gnostics themselves used it to refer to the spiritual knowledge they believed would redeem them from what they regarded as the inherent evil of the material universe As a mystical alternative tradition within Christianity Gnosticism suffered the hostility of the official church and as a result remains largely unknown or misunderstood to this day **The Gnostics and Their Remains, Ancient and Medieval** Charles William King,1864

The Gnostics Alastair Logan,2006-06-23 This book is an attempt to demonstrate the existence and explore the character theology liturgy and cultic beliefs and practices of the Gnostic movement This is a fascinating study into the past to identify the Gnostics as a cult movement originating in the late first century and arising out of Christianity Logan explores the Gnostics own sense of identity against the Catholics seeks to reconstruct the unique Gnostic rite of initiation from Nag Hammadi and related texts and finally argues that the early third century Hypogeum of the Aurelii in Rome with its remarkable series of paintings represents a cult centre of Gnostics where they recalled their initiation and theology and buried their dead **The Gnostics and Their Remains, Ancient and Mediæval. [With Plates.]** Charles William

KING,1864 **The Gnostics and Their Remains** Charles William King,1887 Before Valentinus: The Gnostics of Irenaeus Einar Thomassen,2023-08-21 This book offers the first detailed commentary on the Gnostic treatises reported by Irenaeus in *Adversus Haereses* 1 29 30 It is argued that these texts represent the earliest tangible layer of the Gnostic literary tradition and served as sources for the Apocryphon of John and other later works They also formed the starting point for Valentinus and his followers who sought to reconcile the ideas of the Gnostics with apostolic Christianity The book also shows that Irenaeus and later heresiologists referred to the Gnostics as a specific group among the great mass of heretics

**The Gospel of the Gnostics** Duncan Greenlees,2006-10 Recommended by top scholars in the field of Gnostic studies for many years but has been virtually impossible to find until now One of the best books on the subject essential for any serious researcher A virtual gold mine of Gnostic material some translated and presented here for the first time **The Gnostics** Jacques Lacarriere,2014-08-01 Gnostics have always sought to know rather than to accept dogma and doctrine often to their peril This inquiry into Gnosticism examines the character history and beliefs of a brave and vigorous spiritual quest that originated in the ancient Near East and continues into the present day Lawrence Durrell writes This is a strange and original essay more a work of literature than of scholarship though its documentation is impeccable It is as convincing a reconstruction of the way the Gnostics lived and thought as D H Lawrence s intuitive recreation of the vanished Etruscans

*The Gnostic Bible* Willis Barnstone,Marvin W. Meyer,2006 The most comprehensive collection of gnostic literature ever published this volume is the result of a unique collaboration between a renowned poet translator and a leading scholar of early Christian texts **The Gnostic New Age** April D. DeConick,2016-09-27 Gnosticism is a countercultural spirituality

that forever changed the practice of Christianity Before it emerged in the second century passage to the afterlife required obedience to God and king Gnosticism proposed that human beings were manifestations of the divine unsettling the hierarchical foundations of the ancient world Subversive and revolutionary Gnostics taught that prayer and mediation could bring human beings into an ecstatic spiritual union with a transcendent deity This mystical strain affected not just Christianity but many other religions and it characterizes our understanding of the purpose and meaning of religion today In The Gnostic New Age April D DeConick recovers this vibrant underground history to prove that Gnosticism was not suppressed or defeated by the Catholic Church long ago nor was the movement a fabrication to justify the violent repression of alternative forms of Christianity Gnosticism alleviated human suffering soothing feelings of existential brokenness and alienation through the promise of renewal as God DeConick begins in ancient Egypt and follows with the rise of Gnosticism in the Middle Ages the advent of theosophy and other occult movements in the nineteenth and early twentieth centuries and contemporary New Age spiritual philosophies As these theories find expression in science fiction and fantasy films DeConick sees evidence of Gnosticism s next incarnation Her work emphasizes the universal countercultural appeal of a movement that embodies much more than a simple challenge to religious authority **The Gnostic Jung and the Seven Sermons to the Dead** Stephan A Hoeller,2012-12-13 Jungian psychology based on a little known treatise he authored in his earlier years

**The Gnostic World** Garry W. Trompf,Gunner B. Mikkelsen,Jay Johnston,2018-10-03 The Gnostic World is an outstanding guide to Gnosticism written by a distinguished international team of experts to explore Gnostic movements from the distant past until today These themes are examined across sixty seven chapters in a variety of contexts from the ancient pre Christian to the contemporary The volume considers the intersection of Gnosticism with Jewish Christian Islamic and Indic practices and beliefs and also with new religious movements such as Theosophy Scientology Western Sufism and the Nation of Islam This comprehensive handbook will be an invaluable resource for religious studies students scholars and researchers of Gnostic doctrine and history
