The God In Yourself:

Know Yourself Ole Jakob Filtvedt, Jens Schröter, 2023-12-31 The book explores ancient interpretations and usages of the famous Delphic maxim know yourself The primary emphasis is on Jewish Christian and Greco Roman sources from the first four centuries CE The individual contributions examine both direct quotations of the maxim as well as more distant echoes Most of the sources included in the book have never previously been studied in any detail with a view to their use and interpretation of the Delphic maxim Thus the book contributes significantly to the origin and different interpretations of the maxim in antiquity as well as to its reception history in ancient philosophical and theological discourses The chapters of the book are linked to each other by numerous cross references which makes it possible to compare the different views of the maxim with each other It also helps readers to notice relationships and trajectories within the material The explorations of the relevant sources are also set in the context of ongoing debates about the shape and nature of ancient conceptions of self and self knowledge

The result is a life totally committed to Christ, knowing yourself, recognizing the possibilities in that self through Christ, and projecting your new self image into the world around you. This honest revealing book opens up new and endless possibilities for continuing creative Christianity. The (G)od Theory Sasha Ravae, 2022-08-19. Since birth we have been conditioned to believe that money will make us happy, an attractive and successful partner will make us happy, a high IQ will make us happy, a big house will make us happy, a thriving career will make us happy, a perfect life will make us happy, but this is all a lie. Whenever we pursue happiness, we are immediately losing touch with the fact that happiness is already here, right now, in this very moment, without us having to do anything or question anything. Happiness just is. With The God Theory, there is no script to stick to; the only requirement is that you let your light shine through, that you be a true manifestation of the Divine's love, and not Ego. The process of discovering your Inner God is all about turning your power inward instead of outward, no longer giving your power away to anything or anyone, and acknowledging that the Creator put you here for a very specific reason. This takes patience, practice, and dedication. But once achieved, everything in life becomes easier because we're now in flow. It's all about swimming downstream.
