book about Rebecca West This new collection tells the story of how his biography got written of what it means to think like a biographer and why West's vision remains relevant She is one of the great personalities and writers of the modern age and one that we are just beginning to comprehend

Publius,2020-05-14 Something s not right All around us society seems to be sinking into decay and we don t recognize let alone even know the people living right next door to us The media sells illusory progress with the latest gadgets and fads and for all the talk of social justice there s scant justice to be had Alienation violence dereliction and despair fester as the wounds turn septic and the people are literally sick to death The nameless system of neo liberalism is the worst of both worlds a government willing to play God going so far as to generate an entirely new population amenable to their designs a global population of rootless producers and consumers and an oligarchic set of international bankers and businessmen who ve seen to it that the game is rigged in their favor This is a system of irreconcilable contradictions one that peddles equality but produces the greatest material disparity It peddles liberty while crushing all dissent It celebrates diversity but is soul crushingly uniform Its illusory progress looks more like a medieval fiefdom than the always just out of reach utopia the charlatans promise is just around the corner with one more concession always more until there s nothing left The God That Failed will drag the hideous nameless system into the light and expose its hypocrisy lies and destruction      *The Saturday Evening Post* ,1914      The God that Did Not Fail Robert Royal,2006 In this book Robert Royal offers an original reading of religion in ancient Greece and Rome of Christianity and Judaism the Middle Ages the Renaissance and Reformation the several modern Enlightenments culminating with a profound assessment of our current postmodern moment He concludes that since religion is a permanent part of human nature and of the particular character of the West our efforts should be directed not into a quixotic effort to deny the undeniable especially as we face challenges from Islamic fundamentalism but into promoting a well thought out and dynamic interplay of faith reason and modern freedom      The God that Failed.
