enriching the style It is an astounding story of super science a thrilling wonder story that recaptures the excitements of SF's golden age writers The Golden Age takes place 10 000 years in the future in our solar system an interplanetary utopian society filled with immortal humans Within the frame of a traditional tale the one rebel who is unhappy in utopia Wright spins an elaborate plot web filled with suspense and passion Phaethon of Radamanthus House is attending a glorious party at his family mansion to celebrate the thousand year anniversary of the High Transcendence There he meets first an old man who accuses him of being an impostor and then a being from Neptune who claims to be an old friend The Neptunian tells him that essential parts of his memory were removed and stored by the very government that Phaethon believes to be wholly honorable It shakes his faith He is an exile from himself And so Phaethon embarks upon a quest across the transformed solar system Jupiter is now a second sun Mars and Venus terraformed humanity immortal among humans intelligent machines and bizarre life forms that are partly both to recover his memory and to learn what crime he planned that warranted such preemptive punishment His quest is to regain his true identity The Golden Age is one of the major ambitious SF novels of the year and the international launch of an important new writer in the genre At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied The Golden Bowl Henry James,2015-02-04 The wealthy American widower Adam Verver and his shy daughter Maggie live in Europe closely tied through their love of art and their mutual admiration Maggie's future seems assured when she becomes the wife of a charming though impoverished Italian prince But when Adam marries his daughter's friend Charlotte Stant unaware that she is the prince's mistress the stage is set for a complex and indirect battle between the two wives The brilliant Charlotte is determined to keep her lover while Maggie is determined to protect her beloved father from any knowledge of their shared betrayal The acuity with which Henry James calibrates the four characters delicately shifting alliances and documents the maturation of a naive young woman marks this as a magnificent achievement The Golden Bowl was not only James's last major work but also the novel in which his unparalleled gift for psychological drama reached its height Introduction by Denis Donoghue **Otherland: City of Golden Shadow** Tad Williams,2020-08-04 Young people are having their minds stolen in cyberspace part of a crooked scheme to create a new virtual reality A black South African teacher and her brother try to save the children
