ALLEN**

The Politics Of James Connolly Pluto Irish Library

Carolyn E. Wolf, Richard Wolf

The Politics Of James Connolly Pluto Irish Library:

The Politics of James Connolly Kieran Allen, 1990 A critical evaluation of the politics of Irish revolutionary socialist James Connolly 1868 1916 **A James Connolly Reader** James Connolly, 2018-05-15 Considered by many Ireland's most important revolutionary James Connolly devoted his life to struggles against exploitation oppression and imperialism Active in workers movements in the United States Scotland and Ireland Connolly was a peerless organizer sharp polemicist and highly original thinker His positions on the relationship between national liberation and socialism revolution in colonized in colonized and under developed economies and women's liberation in particular were often decades ahead of their time This collection seeks to return Connolly to his proper place in Irish and global history and to inspire activists students and those interested in history today with his vision of an Ireland and world free from militarism injustice and deprivation *A History of Irish Working-Class Writing* Michael Pierse, 2017-11-16 A History of Irish Working Class Writing provides a wide ranging and authoritative chronicle of the writing of Irish working class experience Ground breaking in scholarship and comprehensive in scope it is a major intervention in Irish Studies scholarship charting representations of Irish working class life from eighteenth century rhymes and songs to the novels plays and poetry of working class experience in contemporary Ireland There are few narrative accounts of Irish radicalism and even fewer that engage history from below This book provides original insights in these relatively untilled fields Exploring workers experiences in various literary forms from early to late capitalism the twenty two chapters make this book an authoritative and substantial contribution to Irish studies and English literary studies generally **Writings on Irish History**, 1991 *James Connolly and the Irish Left* William Keys Anderson, 1994 James Connolly is a major figure not only in Irish history but also on the broader canvas of international socialism A man of many parts militant labour organiser socialist leader military commander newspaper editor writer political theorist his life's work was dedicated to the establishment of an Irish Republic as well as to socialist revolution and as such provides a fascinating example one might even say model of a revolutionary life This book examines Connolly's political theory and practice as it developed over the quarter century of his active commitment to socialist revolution and then explores the extent to which his political legacy provided the Irish Left with a practical and theoretical instrument of revolutionary socialism The questions which concerned Connolly related to the immediate problems and demands of effective labour organisation and revolutionary strategy pressing problems which he encountered during his daily activities as a labour leader and revolutionary He was always willing to learn from experience and to grasp new opportunities whenever they arose This of course meant that his political positions altered over time and that his thoughts and writings on issues underwent considerable change over the years The first part of the book charts and analyses those changes A political figure of Connolly's stature was bound to exert some influence on Irish political life and on the Irish Left in particular and the second part of the book is devoted to an exploration and assessment of the nature and extent of this impact *Doing*

Working-Class History Oliver Betts, Laura Harrison, Laura Christine Price, 2024-11-04 Economic and political uncertainty has brought the language of class especially discussion of the working class to a broad audience across scholarship and social debate This introductory volume shows how the history of the working class has is and can be researched written and represented The book is structured in three parts perspective context and application Each offers an introduction to both classic historiography and new ideas and methodologies With chapters covering a span of the years c 1750 present the book focuses on three essential questions What is working class history and what should it become What can a focus on working class history reveal What are the possibilities of this research in the university classroom the heritage world and beyond Doing Working Class History will appeal to students and scholars of working class history whether relative newcomers to the field or veteran researchers interested in new approaches and material It will also be of interest to local and family historians museum and heritage professionals and general readers

The British National Bibliography Arthur James Wells, 2009

Communist Politics in Ireland 1916-1945 Mike Milotte, 2025-09-18 Mike Milotte's clear and meticulous reconstruction of Irish communism in the 1920s leaves no stone unturned He reassesses the communist movement and its key figures in light of previously overlooked or misinterpreted material from the Comintern archives During the revolutionary era Roddy Connolly's Communist Party robbed banks to fund its activities and 20 year old Connolly engaged in gun running for the IRA while struggling to maintain control of his fractious party In a later period of retreat James Larkin refused to submit to the imperialistic British Communist Party or follow the dictates of Moscow's Stalinist bureaucracy resisting its policies and practices on instinct

Basic Library Skills Carolyn E. James Joyce's America Brian Fox, 2019-02-14 James Joyce's America is the first study to address the nature of Joyce's relation to the United States It challenges the prevalent views of Joyce as merely indifferent or hostile towards America and argues that his works show an increasing level of engagement with American history culture and politics that culminates in the abundance of allusions to the US in Finnegans Wake the very title of which comes from an Irish American song and signals the importance of America to that work The volume focuses on Joyce's concept of America within the framework of an Irish history that his works obsessively return to It concentrates on Joyce's thematic preoccupation with Ireland and its history and America's relation to Irish post Famine history Within that context it explores

first Joyce's relation to Irish America and how post Famine Irish history as Joyce saw it transformed the country from a nation of invasions and settlements to one spreading out across the globe ultimately connecting Joyce's response to this historical phenomenon to the diffusive styles of *Finnegans Wake*. It then discusses American popular and literary cultures in terms of how they appear in relation to or as a function of the British Irish colonial context in the post Famine era and concludes with a consideration of how Joyce represented his American reception in the *Wake*.

Immerse yourself in the artistry of words with Experience Art with is expressive creation, **The Politics Of James Connolly Pluto Irish Library** . This ebook, presented in a PDF format (*), is a masterpiece that goes beyond conventional storytelling. Indulge your senses in prose, poetry, and knowledge.
