The Politics Of Solzhenitsyn:

The Politics of Solzhenitsyn Stephen Carter, 1977 Discusses the effect of Solzhenitsyn's 12 year imprisonment and exile on his later years of creative activism **Solzhenitsyn** F. Barker, 1977-06-17 **Assault on Ideology** James F. Pontuso, 2004-01-01 In this new paperback edition of *Assault on Ideology* Aleksandr Solzhenitsyn's Political Thought author James F Pontuso showcases the titanic thought that understood Marxism to be a vain and ultimately merciless effort to fulfill the Enlightenment dream of fully conquering and exploiting nature in order to establish a perfect and just society on earth

The Solzhenitsyn-Sakharov Dialogue Donald Kelley, 1982-08-26 This book deals with Solzhenitsyn and Sakharov as political philosophers presenting their philosophies in a comparative framework He sets their dissident activities within the larger framework of the emergence of dissent in contemporary Soviet society Both men are recognized as the products of their life experiences their occupations as author and scientist respectively their views of the social and political legitimacy of the current Soviet regime and their hopes for the future as expressed in their images of the ideal Soviet society This work also compares the Solzhenitsyn Sakharov dialogue to the ongoing debate in western nations about the nature and future of industrial society and clarifies the ideologies of two key figures in the modern day Russian dissident movement *Aleksandr Solzhenitsyn* Daniel J. Mahoney, 2001-08-07 In *Aleksandr Solzhenitsyn* Daniel Mahoney presents a philosophical perspective on the political condition of modern man through an exegesis and analysis of Solzhenitsyn's work Mahoney demonstrates the tremendous yet often unappreciated impact of Solzhenitsyn's writing on twentieth century thinking through an examination of the writer's profoundly important critique of communist totalitarianism in a judicious and original mix of western and Russian Christian and classical wisdom The Politics of Heaven and Hell James V. Schall, 2020-10-27 *The Politics of Heaven and Hell* makes an invaluable contribution to the understanding of classical medieval and modern political philosophy while explaining the profound problem with modernity Christianity freed men from the overwhelming burden of ever thinking that their salvation will ultimately come from the political order writes Fr James Schall S J Modernity on the other hand is a perversion of Christianity which tries to achieve man's salvation in this world It does this by politicizing everything which results in the absolute state The distance from the City of God to the Leviathan is not at all far once the City of God is relocated on earth The best defense against this tyranny is the adequate description of the highest things of what is beyond politics Both reason and revelation are needed for this work and they are eloquently and ably set forth in this book

Jimmy Carter, the Politics of Family, and the Rise of the Religious Right J. Brooks Flippen, 2011 As Jimmy Carter ascended to the presidency the heir apparent to Democratic liberalism he touted his background as a born again evangelical Once in office his faith indeed helped form policy on a number of controversial moral issues By acknowledging certain behaviors as sinful while insisting that they were private matters beyond government interference J Brooks Flippen argues Carter unintentionally alienated both social liberals and conservative Christians thus ensuring that the debate over these

moral family issues acquired a new prominence in public and political life The Carter era according to Flippen stood at a fault line in American culture religion and politics In the wake of the 1960s some Americans worried that the traditional family faced a grave crisis This newly politicized constituency viewed secular humanism in education the recognition of reproductive rights established by Roe v Wade feminism and the struggle for homosexual rights as evidence of cultural decay and as a challenge to religious orthodoxy Social liberals viewed Carter s faith with skepticism and took issue with his seeming unwillingness to build on recent progressive victories Ultimately Flippen argues conservative Christians emerged as the Religious Right and were adopted into the Republican fold Examining Carter s struggle to placate competing interests against the backdrop of difficult foreign and domestic issues a struggling economy the stalled Strategic Arms Limitation Talks disputes in the Middle East handover of the Panama Canal and the Iranian hostage crisis Flippen shows how a political dynamic was formed that continues to this day
