The Possessor and the Possessed Peter Kivy, 2008-10-01 The concept of genius intrigues us Artistic geniuses have something other people don't have In some cases that something seems to be a remarkable kind of inspiration that permits the artist to exceed his own abilities It is as if the artist is suddenly possessed as if some outside force flows through him at the moment of creation In other cases genius seems best explained as a natural gift The artist is the possessor of an extra talent that enables the production of masterpiece after masterpiece This book explores the concept of artistic genius and how it came to be symbolized by three great composers of the modern era Handel Mozart and Beethoven Peter Kivy a leading thinker in musical aesthetics delineates the two concepts of genius that were already well formed in the ancient world Kivy then develops the argument that these concepts have alternately held sway in Western thought since the beginning of the eighteenth century He explores why this pendulum swing from the concept of the possessor to the concept of the possessed has occurred and how the concepts were given philosophical reformulations as views toward Handel Mozart and Beethoven as geniuses changed in the eighteenth nineteenth and twentieth centuries

The Possession at Loudun Michel de Certeau, 2000-08 It is August 18 1634 Father Urbain Grandier convicted of sorcery that led to the demonic possession of the Ursuline nuns of provincial Loudun in France confesses his sins on the porch of the church of Saint Pierre then perishes in flames lit by his own exorcists A dramatic tale that has inspired many artistic retellings including a novel by Aldous Huxley and an incendiary film by Ken Russell the story of the possession at Loudun here receives a compelling analysis from the renowned Jesuit historian Michel de Certeau Interweaving substantial excerpts from primary historical documents with fascinating commentary de Certeau shows how the plague of sorceries and possessions in France that climaxed in the events at Loudun both revealed the deepest fears of a society in traumatic flux and accelerated its transformation In this tour de force of psychological history de Certeau brings to vivid life a people torn between the decline of centralized religious authority and the rise of science and reason wracked by violent anxiety over what or whom to believe At the time of his death in 1986 Michel de Certeau was a director of studies at the cole des hautes tudes en sciences sociales Paris He was author of eighteen books in French three of which have appeared in English translation as *The Practice of Everyday Life* *The Writing of History* and *The Mystic Fable* Volume 1 the last of which is published by The University of Chicago Press Brilliant and innovative *The Possession at Loudun* is de Certeau's most

accessible book and one of his most wonderful Stephen Greenblatt from the Foreword *Possessed Women, Haunted States* Christopher J. Olson, Carrie Lynn D. Reinhard, 2016-11-02 Since the release of *The Exorcist* in 1973 there has been a surge of movies depicting young women becoming possessed by a demonic force that only male religious figures can exorcise thereby saving the women from eventual damnation This book considers this history of exorcism cinema by analyzing how the traditional exorcism narrative established in *The Exorcist* recurs across the exorcism subgenre to represent the effects of demonic possession and ritual exorcism This traditional exorcism narrative often functions as the central plot of the exorcism film with only the rare film deviating from this structure The analysis presented in this book considers how exorcism films reflect reinforce or challenge this traditional exorcism narrative Using various cultural and critical theories this book examines how representations of possession and exorcism reflect reinforce or challenge prevailing social cultural and historical views of women minorities and homosexuals In particular exorcism films appear to explore tensions or fears regarding empowered and sexually active women and frequently reinforce the belief that such individuals need to be subjugated and disempowered so that they no longer pose a threat to those around them Even more recent films produced after the emergence of third wave feminism typically reflect this concern about women Very rarely do exorcism films present empowered women and feminine sexuality as non threatening In examining this subgenre of horror films this book looks at films that have not received much critical scrutiny regarding the messages they contain and how they relate to and comment upon the historical periods in which they were produced and initially received Given the results of this analysis this book concludes on the necessity to examine how possession and exorcism are portrayed in popular culture [Demonic Possession in the New Testament](#) William M. Alexander, 2001-08-21 Demon possession in New Testament times was real contends the author in the face of rationalistic denials A study of the Gospels reveals that genuine demon possession had two distinctive elements 1 insanity or idiocy of some sort forming the natural element and 2 the confession of Jesus as Messiah forming the supernatural element The author's research also led him to conclude that demon possession in the New Testament is a unique phenomenon in the history of the world being confined indeed to the earlier portion of the ministry of our Lord Why did this phenomenon erupt when it did The incarnation initiated the establishment of the kingdom of heaven upon earth That determined a countermovement among the powers of darkness Genuine demonic possession was one of its manifestations Entire chapters are devoted to historic demonology medical aspects of demonic possession the existence of genuine demonic possession the New Testament narratives concerning the Beelzebul controversy and the Gerasene affair and the alleged continuance of genuine demonic possession [Demonic Possession and Exorcism in Early Modern England](#) Philip C. Almond, 2004-07-01 This book is exclusively devoted to demonic possession and exorcism in early modern England It offers modernized versions of the most significant early modern texts on nine cases of demonic possession from the period 1570 to 1650 the key period in English history for demonic possession The nine stories were all written by eyewitnesses or were

derived from eyewitness reports They involve matters of life and death sin and sanctity guilt and innocence of crimes which could not be committed and punishments which could not be deserved The nine critical introductions which accompany the stories address the different strategic intentions of those who wrote them The modernized texts and critical introductions are placed within the context of a wide ranging general Introduction to demonic possession in England across the period 1550 to 1700
