Daniel Yergin

The Prize The Epic Quest For Oil Money And Power:

The Prize Daniel Yergin, 2012-09-11 *The Prize* recounts the panoramic history of oil and the struggle for wealth power that has always surrounded oil This struggle has shaken the world economy dictated the outcome of wars and transformed the destiny of men and nations *The Prize* is as much a history of the twentieth century as of the oil industry itself The canvas of this history is enormous from the drilling of the first well in Pennsylvania through two great world wars to the Iraqi invasion of Kuwait and Operation Desert Storm The cast extends from wildcatters and rogues to oil tycoons and from Winston Churchill and Ibn Saud to George Bush and Saddam Hussein The definitive work on the subject of oil and a major contribution to understanding our century *The Prize* is a book of extraordinary breadth riveting excitement and great importance

The Prize Daniel Yergin, 1992 Chronicles the history of the oil industry and the forces that have shaped the modern world *The Prize : the Epic Quest for Oil, Money, & Power* Daniel Yergin, 2009 **The Prize** Daniel Yergin, 2005

The Prize Daniel Yergin, 2013 **The Prize Oil Money & Power** , Video 11 12 13 14 *The Quest* Daniel Yergin, 2012-09-26 A sprawling story richly textured with original material quirky details and amusing anecdotes Wall Street Journal It is a cause for celebration that Yergin has returned with his perspective on a very different landscape I t is impossible to think of a better introduction to the essentials of energy in the 21st century *The Quest* is the definitive guide to how we got here The Financial Times This long awaited successor to Daniel Yergin s Pulitzer Prize winning *The Prize* provides an essential overarching narrative of global energy the principal engine of geopolitical and economic change A master storyteller as well as a leading energy expert Daniel Yergin continues the riveting story begun in his Pulitzer Prize winning book *The Prize* In *The Quest* Yergin shows us how energy is an engine of global political and economic change and conflict in a story that spans the energies on which our civilization has been built and the new energies that are competing to replace them *The Quest* tells the inside stories tackles the tough questions and reveals surprising insights about coal electricity and natural gas He explains how climate change became a great issue and leads readers through the rebirth of renewable energies energy independence and the return of the electric car Epic in scope and never more timely *The Quest* vividly reveals the decisions technologies and individuals that are shaping our future *Energy Reality* Peter

Cabana, 2018-05-29 In 1963 he began work as a civil engineer working on the California State Water Project and he went on to develop large energy projects throughout the world capping his career working with Bechtel on the Big Dig in Boston *Energy Reality* reveals how energy politics and power are intertwined Highlights include power struggles between United States of America and Russia the Soviet Union to be the worlds largest producer of petroleum which began after the Rothschilds took a shortcut through the Suez Canal secretly opening the Asian market to kerosene John Watson Foster his son in law Robert Lansing and Uncle Berts two nephews John Foster and Allen Dulles who made certain that Sullivan and Germany and Japan and how they were excluded from sharing oil wealth from the Middle East The author also examines five

postwar oil crises including the taking of American hostages in Iran by the Khomeini regime in 1979 and how Vladimir Putin is seeking to turn Russia into a powerful petro state **Enabling the Iranian Gas Export Options** Maximilian Kuhn, 2014-01-17 Maximilian Kuhn investigates one of the most pressing yet neglected subjects in the field of global energy politics the integration of the Iranian gas market Possessing the world's second largest proven natural gas reserves Iran is a hypothetical energy giant in waiting Yet over three decades of internal divisions coupled with crippling international sanctions have left Iran unable to capitalize on its vast energy potential Increasing global demand for natural gas and a government in constant need of finding new sources of revenue to meet the needs of a fast growing population should lead Iran to eventually become a large scale gas exporter How this could take place and what the implications for global gas markets would be are the central research questions tackled by this study The study allows a look beyond international politics Iranian political decision making investment laws and pipeline games *The Business of Development in Post-Colonial Africa* Véronique Dimier, Sarah Stockwell, 2021-03-13 This collection brings together a range of case studies by both established and early career scholars to consider the nexus between business and development in post colonial Africa A number of contributors examine the involvement of European companies most notably those of former colonial powers in development in various African states at the end of empire and in the early post colonial era They explore how businesses were not just challenged by the new international landscape but benefited from the opportunities it offered particularly those provided by development aid Other contributors focus on the development agencies of the departing colonial powers to consider how far these served to promote the interests of European companies Together these case studies constitute an important contribution to our understanding of both business and development in post colonial Africa redressing an imbalance in existing histories of both business and development which focus predominantly on the colonial period This volume breaks new ground as one of the very first to bring the study of foreign companies and development aid into the same frame of analysis
