The Problem Of International Debt The Reference Shelf:

The Problem of International Debt Christopher A. Kojm, 1984 **The Reference Shelf**, 1928 *IMF Staff papers*
International Monetary Fund. Research Dept., 1985-01-01 This paper describes that publications of the IMF are one way in which this responsibility is discharged Through the publication of Staff Papers the IMF is making available some of the work of members of its staff The IMF believes that these papers will be found helpful by government officials by professional economists and by others concerned with monetary and financial problems On some international monetary problems final and definitive views are scarcely to be expected in the near future and several alternative or even conflicting approaches may profitably be explored The views presented in these papers are not therefore to be interpreted as necessarily indicating the position of the Executive Board or of the officials of the IMF The selected references presented in this bibliography cover books pamphlets reports and periodical articles that describe the functions organization and activities of the IMF Publications on the various aspects of international economics are included only when they contain material relating specifically to the IMF

Understanding Globalization Robert K. Schaeffer, 2005-07-28 This book examines the globalization of production and its impact on work and gender relations the impact of technology on workers around the world the economic problems associated with debt crisis the political opportunities associated with democratization the impact of global warming the reasons behind China's rise as an economic superpower and the problems in countries across the Middle East that culminated in the attacks of 9 11

IMF Staff Papers Supplement International Monetary Fund. Research Dept., 1985-01-01 This paper presents the bibliography cover books pamphlets reports and periodical articles that describe the functions organization and activities of the IMF Publications on the various aspects of international economics are included only when they contain material relating specifically to the IMF Previous bibliographies in this series that were compiled by Martin L Loftus were published in Staff Papers Vol 1 April 1951 Vol 3 April 1953 Vol 4 August 1955 Vol 6 November 1958 Vol 9 November 1962 Vol 12 November 1965 Vol 15 March 1968 Vol 19 March 1972 and Vol 21 July 1974 Mrs Salda prepared the bibliographies that were published in Vol 25 March 1978 Vol 26 June 1979 Vol 27 June 1980 Vol 29 June 1982 Vol 30 September 1983 and Vol 31 Supplement December 1984

After Globalization Robert K. Schaeffer, 2021-09-20 In the 1980s U S officials adopted tax and monetary policies that channeled huge new resources into Wall Street which fueled a stock market boom To increase profits and payouts to investors as stock prices soared corporate managers consolidated businesses outsourced manufacturing to low wage countries and adopted new technologies to increase productivity Government officials then facilitated mergers and negotiated free trade agreements to speed the process of globalization Wall Street became an engine of capital accumulation and a force for global change These developments resulted in massive job losses and stagnant wages for most Americans Meanwhile tax cuts and the stock market boom created vast new wealth for the rich and the top 10 percent seized 50 percent of all income in the United States

The result was growing economic inequality During the decades that followed globalization triggered regional economic crises toppled governments transformed societies galvanized economic development in China and created new forms of wealth and inequality around the world Then in 2008 a financial crisis rooted in Wall Street triggered the Great Recession wrecked the legitimacy of globalization as a development strategy and unleashed populist or restrictionist social movements and political parties that challenged globalization and attacked its economic and political foundations This book examines the origins of globalization in the 1980s the developments that triggered the Great Recession and the political and economic forces that contributed to the disintegration of globalization as a force for change in the modern world After Globalization explains what happened and what comes next
