The Gardeners Year:

The Gardener's Year Karel Čapek, 1984 Karel Capek's *The Gardener's Year* is a timeless classic of wit and wisdom sure to capture the heart and imagination of every gardener indeed everyone who has pursued any hobby with a passion that occasionally overrides good common sense Originally published more than fifty years ago in Czechoslovakia it transcends the years with grace and ease Whether Capek is talking about the lack or surfeit of rain the fruitless search for space to plant just a few more perennials or the unfathomable mystery of the green thumb his words strike chord upon chord within every gardener in every time and place Fifty eight sprightly drawings by Karel Capek's brother Josef Capek lend themselves perfectly to the artful simplicity and humour of this book Through the year Capek does battle with the garden hose learns the value of patience in spring prays to the Lord for rain but only on certain parts of the garden please buys far too many plants at every opportunity curses raspberry canes that invade from his neighbor's garden routs stones from the soil they seem to grow from spores and agonizes continually about the garden while he is on vacation in August In short Karel Capek is a gardener timeless with all the frailties hope and boundless optimism necessarily shared by all gardeners After the sun sets he leans on his spade and sighs with deep content I have sweated today
