Sculpture and the Garden Patrick Eyres,2017-07-05 Although the integration of sculpture in gardens is part of a long tradition dating back at least to antiquity the sculptures themselves are often overlooked both in the history of art and in the history of the garden This collection of essays considers the changing relationship between sculpture and gardens over the last three centuries focusing on four British archetypes the Georgian landscape garden the Victorian urban park the outdoor spaces of twentieth century modernism and the late twentieth century sculpture park Through a series of case studies exploring the contemporaneous audiences of gardens the book uncovers the social political and gendered messages revealed by sculpture s placement and suggests that the garden can itself be read as a sculptural landscape **The Garden** ,1895

Her Majesty's Stationery Office,1977 **Building the British Atlantic World** Daniel Maudlin,Bernard L. Herman,2016-03-11 Spanning the North Atlantic rim from Canada to Scotland and from the Caribbean to the coast of West Africa the British Atlantic world is deeply interconnected across its regions In this groundbreaking study thirteen leading scholars explore the idea of transatlanticism or a shared Atlantic world experience through the lens of architecture built spaces and landscapes in the British Atlantic from the seventeenth century through the mid nineteenth century Examining town planning churches forts merchants stores state houses and farm houses this collection shows how the powerful visual language of architecture and design allowed the people of this era to maintain common cultural experiences across different landscapes while still forming their individuality By studying the interplay between physical construction and social themes that include identity gender taste domesticity politics and race the authors interpret material culture in a way that particularly emphasizes the people who built occupied and used the spaces and reflects the complex cultural exchanges between Britain and the New World Paris Universal Exhibition of 1867 ,1868 *Africa's First Democrats* Abdi Ismail Samatar,2016-09-26 Abdi Ismail Samatar provides a clear and foundational history of Somalia at the dawn of the country s independence when Africa s first democrats appeared While many African countries were dominated by authoritarian rulers when they entered the postcolonial era and scholars have assumed this as a standard feature of political leadership on the continent Somalia had an authentic democratic leadership Samatar s political biography of Aden A

Osman and Abdirazak H Hussen breaks the stereotype of brutal African tyranny Samatar discusses the framing of democracy in Somalia following the years of control by fascist Italy the formation of democratic organizations during the political struggle and the establishment of democratic foundations in the new nation Even though this early state of affairs did not last these leaders left behind a strong democratic legacy that may provide a model of good governance for the rest of the continent
