The Gate of Remembrance Frederick Bligh Bond, 2019-01-09 As some readers of this remarkable book have thought it too incredible to be a record of fact but rather deemed it a work of imagination it may be useful to add my testimony to that given in the book as to the genuineness of the whole narrative The author has I am sure with scrupulous fidelity and care presented an accurate record of the scripts obtained through the automatic writing of his friend together with all the arch ological knowledge of the ruins of Glastonbury Abbey that was accessible before the excavations were begun In order to remove any doubt on this point before further excavations were made Mr Bligh Bond has wisely asked representatives of certain societies to examine the later scripts which refer to the Loretto Chapel note their contents and see how far the further excavations may or may not verify any of the statements made in the later scripts

The Gate of Remembrance Bond Frederick Bligh, 1918 *The Gate of Remembrance* Frederick Bond, 1820-01-20 Two problems in the script have engaged the serious attention of critics The first and simpler of the two is that which is involved in the language and literary form of the messages This is a curious patchwork of Low Latin Middle English of mixed periods and Modern English of varied style and diction It is a mosaic of multi coloured fragments cemented together in a strangely random fashion This anomaly is the more remarkable from the contrast it presents to the sustained and consistent burden of the script itself which as though in obedience to some preordained intention and settled plan seems to proceed to the presentment line by line of a completed whole with absolute patience and indifference to interruptions Lapse of time seems of no account After a break of several hours the thread is resumed at the point where it had been dropped The unfinished communications about the Loretto Chapel in 1911 are picked up and spontaneously completed five years later Nevertheless the queer patchwork of language is again evident This is not an illustrated series **The Gate of Remembrance;** Frederick Bligh Bond, 1918

The Gate of Remembrance Frederick Bligh Bond, 1921 **The Gates Of Kamt** Baroness Orczy, 2021-11-09 In *The Gates of Kamt* Baroness Orczy crafts a captivating tale that weaves together adventure mystery and a profound exploration of human ideals Set against the vivid backdrop of a fictional Oriental landscape Orczy employs lush descriptive prose and complex characterizations to delve into themes of loyalty bravery and sacrifice The narrative unfolds with a blend of historical intrigue and romantic tension reflecting the author's fascination with the era's exoticism and her skill in depicting poignant human emotions The book emerges as a significant contribution to early 20th century adventure fiction engaging readers through its intricate plot and philosophical undercurrents Baroness Orczy a Hungarian born English author and playwright is most renowned for her creation of the iconic character The Scarlet Pimpernel Drawing from her

diverse cultural background and her experiences as a theatrical writer Orczy's storytelling is characterized by its rich imaginative landscapes and her ability to imbue her characters with vitality and depth *The Gates of Kamt* exemplifies her mastery in constructing compelling narratives that resonate with her audience while reflecting the socio political climate of her time Readers who delight in tales of adventure that challenge moral boundaries and invite reflection will find *The Gates of Kamt* to be an engaging and enriching read Its seamless blend of thrilling escapades and emotional depth makes it not merely a story of action but also a meditation on what it means to be human in a world fraught with conflict and complexity

The Gate of Remembrance Francis Bligh-Bond, 2018-08-24 In 1908 Francis Bligh Bond was appointed as archaeologist for the ruined abbey at Glastonbury Bligh Bond's methods were a little unusual in that he consulted the ghosts of long dead monks for information on how the abbey was built and where to find the ruined chapels hidden under grass When the bishop found out some years later that Bligh Bond was consorting with the dead he fired him Glastonbury the holiest place in England sacred to Christians and Pagans alike Bligh Bond demonstrates with his rigorous scientific method that the information he got from the monks was accurate New edition texts previously untranslated from Latin now clearly set out All foot notes now incorporated in the text to make the reading of this little book much easier than all previous editions
