*The Lost Superpowers of Ancient Humanity: In Search of the Prometheans* David Sinclair, 2022-01-29. Did alien astronauts visit the ancient earth, or were the real aliens the ancient humans themselves? People today imagine that ancient humans were just like us but at a more primitive stage of development. In fact, ancient humans were nothing like us. They had incredible abilities, superpowers that we have now lost. We discarded them in the course of becoming modern, conscious humans, but these superpowers still lie latent in all of us and can be recovered in the right circumstances. The ancient humans were the Prometheans, bridging the gap to the gods and supremely well-versed in carrying the divine fire. They knew the secrets of the gods. Isn't it time to regain all of their lost knowledge and power?
