**Mythology in Stephen Harrigan's The Gates of the Alamo** Karen Casanova Mendiola Tanguma, 2008 *Conversations with Texas Writers* Frances Leonard, Ramona Cearley, 2010-01-01 Larry McMurtry declares Texas itself doesn t have anything to do with why I write It never did Horton Foote on the other hand says I ve just never had a desire to write about any place else In between those figurative bookends are hundreds of other writers some internationally recognized others just becoming known who draw inspiration and often subject matter from the unique places and people that are Texas To give everyone who is interested in Texas writing a representative sampling of the breadth and vitality of the state s current literary production this volume features conversations with fifty of Texas s most notable established writers and emerging talents The writers included here work in a wide variety of genres novels short stories poetry plays screenplays essays nonfiction and magazine journalism In their conversations with interviewers from the Writers League of Texas and other authors organizations the writers speak of their apprenticeships literary influences working habits connections with their readers and the domestic and public events that have shaped their writing Accompanying the interviews are excerpts from the writers work as well as their photographs biographies and bibliographies Joe Holley s introductory essay an overview of Texas writing from Cabeza de Vaca s 1542 Relaci n to the work of today s generation of writers who are equally at home in Hollywood as in Texas provides the necessary context to appreciate such a diverse collection of literary voices A sampling from the book This land has been my subject matter One thing that distinguishes me from the true naturalist is that I ve never been able to look at land without thinking of the people who ve been on it It s fundamental to me John Graves Writing is a way to keep ourselves more in touch with everything we experience It seems the best gifts and thoughts are given to us when we pause take a deep breath look around see what s there and return to where we were revived Naomi Shihab Nye I ve said this many times in print the novel is the middle age genre Very few people have written really good novels when they are

young and few people have written really good novels when they are old You just tail off and lose a certain level of concentration Your imaginative energy begins to lag I feel like I m repeating myself and most writers do repeat themselves Larry McMurtry I was a pretty poor cowhand I grew up on the Macaraw Ranch east of Crane Texas My father tried very hard to make a cowboy out of me but in my case it never seemed to work too well I had more of a literary bent I loved to read and very early on I began to write small stories short stories out of the things I liked to read Elmer Kelton      **The Eye of the Mammoth** Stephen Harrigan,2019-10-01 History natural history human history and personal history and place are the cornerstones of The Eye of the Mammoth Stephen Harrigan s career has taken him from the Alaska Highway to the Chihuahuan Desert from the casinos of Monaco to his ancestors village in the Czech Republic And now in this new edition he movingly recounts in Off Course a quest to learn all he can about his father who died in a plane crash six months before he was born Harrigan s deceptively straightforward voice belies an intense curiosity about things that by his own admission may be unknowable Certainly we are limited in what we can know about the inner life of George Washington the last days of Davy Crockett the motives of a caged tiger or a father we never met but Harrigan s gift a gift that has also made him an award winning novelist is to bring readers closer to such things to make them less remote just as a cave painting in the title essay eerily transmits the living stare of a long extinct mammoth      **Alamo Traces** Thomas Ricks Lindley,2003-02-28 Never wavering in its search for the bedrock of fact this book is a methodical piece by piece dismantling of what we thought we knew and a convincing speculation about what might have really happened during that courageous fight for independence
