The Genesis Of God A Theological Genealogy:

The Genesis of God Thomas J. J. Altizer, 1993-04-15 Thomas Altizer one of America's premier theologians searches for a proper understanding of the Christian God which he believes can only be explicated when the question of origin is raised. He begins with an investigation of Hegelian thinking, develops his insights in dialogue with such thinkers as Augustine and Nietzsche, and then focuses on notions generated by the Christian epic poetry of Dante, Milton, and Blake. By explicating the absolute origin of God that only Christianity knows, Altizer discloses the origin of a uniquely Christian freedom while also touching upon such important themes as predestination, the fall, evil, and eternity.

A Theology of the Sublime Clayton Crockett, 2002-01-04 A Theology of the Sublime is the first major response to the influential and controversial Radical Orthodoxy movement. Clayton Crockett develops a constructive radical theology from the philosophy of Immanuel Kant, a philosophy attacked by Radical Orthodoxy, to show Kant's relevance to postmodern philosophy and contemporary theology.

The Call to Radical Theology Thomas J. J. Altizer, 2013-01-02 The major death of God theologian explores the meaning and purpose of radical theology.

Timetables of History for Students of Methodism Rex D. Matthews, 2007-06-01 Winner of the 2007 Saddlebag Selection Award from the Historical Society of The United Methodist Church as the best book published during the year on the history, biography, polity, or theology of United Methodism or its predecessors. Understanding history rests largely on a grasp of two things: sequence and context. Know which events came earlier and which later, and you've gone a long way toward understanding influence and causation. Know what was going on in the wider world at the same time a historical event occurred, and you'll better grasp the meaning and significance of that event for the people who experienced it. Yet even with the best history textbooks, students have difficulty in gaining an immediate sense of sequence and context. Hence the purpose of this book: To lay out the most important events in the history of the Wesleyan Methodist movement to show them in their proper order and to include the most important occurrences taking place on the national and international stages at the same time. Matthews presents his material in an easy-to-comprehend and visually appealing layout, enumerating the major trends and developments in Methodist history from 1700 to 2004. Rex D. Matthews is Assistant Professor in the Practice of Historical Theology at Candler School of Theology, Emory University, Atlanta, Georgia. He currently serves as co-chair of the Wesleyan Studies Group of the American Academy of Religion, as General Editor of the Kingswood Books series, and as Managing Editor of the new electronic academic journal *Methodist Review*. An excerpt from the Circuit Rider review: This is a book for college and seminary professors, for high school teachers of religion, for Sunday School teachers of children, youth, and adults. It is a book for preachers and church musicians. It should be in every church library. This is a book for people who think history is boring, as well as for those who delight in rich historical detail and story. It is a book to be savored and returned to again and again. And this is a book for all who love the church and yearn to be part of perfecting its mission and its life. [Click here to read the entire review.](#)

McClymond, 2018-06-05 2018 Book Award Winner The Gospel Coalition Academic Theology A Choice Outstanding Academic Title for 2019 Will all evil finally turn to good or does some evil remain stubbornly opposed to God and God's goodness Will even the devil be redeemed Addressing a theological issue of perennial interest this comprehensive book in two volumes surveys the history of Christian universalism from the second to the twenty first century and offers an interpretation of how and why universalist belief arose The author explores what the church has taught about universal salvation and hell and critiques universalism from a biblical philosophical and theological standpoint He shows that the effort to extend grace to everyone undermines the principle of grace for anyone

A New Handbook of Christian Theologians Donald W. Musser, 1996 In recent years the flow of Christian theology has been channeled in diverse streams represented by such trends and movements as black theology liberation theology feminist theology and womanist theology To survey this abundance and diversity of current Christian theology this book examines the theologies of representative theologians Particularly to help students navigate the sea of information the editors have identified various

routes for reading and have traced several threads or issues common to many of the essays thus demarcating such recurrent concerns as the ways in which the theologians consider the sources and goals for theology their variant assumptions and conclusions about the nature of God their divergent approaches to understanding the person and purpose of the Christ and their distinct expectations for the destiny of history and faith

The Contemporary Jesus Thomas J. J. Altizer, 1997-01-01 Integrates a contemporary understanding of Jesus with the most powerful imaginative visions of Jesus in philosophy literature and religion The Contemporary Jesus is the first critical study integrating contemporary understanding of Jesus with the most powerful imaginative visions of Jesus in our history The book imaginatively engages many views of Jesus an apocalyptic Jesus gnostic Jesus Buddhist Jesus Pauline Jesus Crossan's Jesus and the Catholic Protestant and nihilistic views found in writers such as Dante Joyce Milton Blake Dostoyevsky and Nietzsche Altizer also examines the Jesus who emerges from the Jesus Seminar Seldom if ever has there been such an intense public and critical engagement with Jesus as our New Testament scholarship is wholly isolated from both our imaginative and our conceptual traditions and likewise isolated from all genuine theological or even religious understanding The Contemporary Jesus bridges that chasm this alone making the book unique but the book is also an embodiment of a contemporary radical theology which is Christian and universal at once It intends a critical recovery of the original Jesus that can be integrated with our deeper history a history which is finally a universal history but a universal history that is wholly opaque to our given and established theological understanding

Written in a r *Godhead and the Nothing* Thomas J. J. Altizer, 2012-02-01 Eminent theologian Thomas J J Altizer breaks

new ground by exploring the ultimate transfiguration of the Godhead as a question of the Nihil or nothingness and God The Nihil is essential to the full actualization of the Godhead in that it fully occurs in both a primordial and an apocalyptic sacrifice of the Godhead Virtually unexplored by philosophical and theological thinking the Nihil is luminously enacted in the deepest expressions of the imagination and most clearly and decisively so in the Christian epic tradition Altizer looks at the works of philosophers and theologians such as Spinoza Barth Hegel Nietzsche and epic writers such as Dante Milton and Blake to ultimately posit a God that is necessarily a dichotomous God

On the Scope and Truth of Theology Robert Cummings Neville, 2006-06-05 This is the first volume of Robert Cumming Neville's magnum opus Theology as Symbolic Engagement Neville is the premier American systematic theologian of our time His work is profoundly influenced by Paul Tillich Friedrich Schleiermacher and the American pragmatists John Dewey and Charles Sanders Pierce From Tillich he takes the notion of religion art and morality as symbol and the notion that religion is the substance of culture and culture the form of religion Thus theology is symbolic engagement with cultural forms and Neville explores the ways that such engagement occurs among various religious traditions One of the most important tasks in theology is to devise ways of testing correcting or affirming claims that we had been unable to question before This book will argue that system in theology is not merely correlating assertions but rather building perspectives from which we can render the various parts of theology vulnerable for assessment In fact one of the unique features of this book is its engagement with other religions Such dialogue has been a feature of Neville's work from the beginning Theology as Symbolic Engagement breaks the boundaries of systematic theology and moves away from the static character that characterizes such enterprises from Barth onward Instead Neville's book showcases the dynamic character of all theology The hallmark of this entire project is its effort to show theology to be hypothetical and to make it vulnerable to correction

A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The

literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease New Directions in Philosophical Theology Gavin

Hyman, 2018-01-18 At the beginning of a new millennium philosophical theology has become more contested than ever before The appearance of non realist theologies postmodern theologies and the theology of radical orthodoxy has provoked a vibrant debate about the nature of theology itself In what new directions should theology be moving in the wake of the end of modernity For over thirty years Don Cupitt has been provoking theologians to reconsider the nature of their discipline Taking their inspiration from his work and writing in his honour on the occasion of his 70th birthday some of the leading figures in the contemporary theological scene address urgent questions facing theology today and in doing so exemplify the methodological diversity which characterises the contemporary field **Theological Reflection and the Pursuit of**

Ideals Dale Wright, Maria Antonaccio, 2016-02-17 Contemporary thought is marked by heated debates about the character purpose and form of religious thinking and its relation to a range of ideals spiritual moral aesthetic political and ecological to name the obvious This book addresses the interrelation between theological thinking and the complex and diverse realms of human ideals What are the ideals appropriate to our moment in human history and how do these ideals derive from or relate to theological reflection in our time In *Theological Reflection and the Pursuit of Ideals* internationally renowned scholars from a range of disciplines physics art literary studies ethics comparative religion history of ideas and theology engage with these crucial questions with the intention of articulating a new and historically appropriate vision of theological reflection and the pursuit of ideals for our global times **Rituals of Literature** Gian Balsamo, 2004-06 Balsamo's *Rituals of*

Literature is devoted to Joyce's and Dante's special contributions to the tradition of Christian epics born out of Biblical stories and Homeric poems By highlighting the integrated nature of its typical tropes Joyce and Dante establish the historical identity of the Christian epic as a distinct literary genre Major World Religions Lloyd Ridgeon, 2003-12-08 This book focuses upon those religions that continue to demand the attention of the Western world
