The Gentle Dragon:

The Gentle Dragon Joseph K. Coates, 1979 Relates the adventures of a very gentle dragon who lived a thousand years ago in the high places of the land now called Japan

The Gentle Dragon Author Cooper, 2025-05-19 Kaylani is the last water dragon or she was until a scientist began making hybrids out of dragon DNA She was unable to have her own children even when she mated with the earth dragon Avani He is now permanently mated so having a dragon baby is no longer an option Instead of her own child Kaylani adopted Naida a hybrid created in a laboratory by the mad scientist Oliver using Kaylani's DNA Everett is a human who became a doctor for the dragons He switched his focus from humans to dragons shifters and eventually hybrid and elf anatomy He has worked to find ways to save the hybrids whether from explosives in their brains from shifting into deformed creatures in a hybridization gone wrong or correcting the DNA of the ones whose injected DNA is incompatible killing the hybrid when they shift for the first time Kaylani recognized Everett as her mate the first time she saw him Unlike the other elemental dragons she has no intention of fighting the mate bond and would love nothing more than for Everett to claim her Everett however doesn't feel worthy of the gorgeous water dragon who looks like a goddess However her intelligence and her kindness continue to draw him to her nearly as much as the mate bond pulls her to him They work well together and have opened a school for the laboratory created dragons and hybrids as well as other shifters to help them understand their new lives and ensure that they have a positive future Can Kaylani convince Everett to claim her or are they destined to work side by side never knowing the true love that comes from the dragon bond

child's name Where does this candy come from The children agree that the candy is very different like it's out of this world These are only two of the mysteries that exist in the town of Sneila Much mystery lives in the town of Sneila The number of people in this town never changes When one person dies another is born People who die are not buried The number 8 appears throughout the town Sometimes you have to add two digits to find the 8 The infinity symbol appears throughout the novel Magic turtles surface and communicate with the two main characters Samantha and Victoria Flickering lights hidden doors basement baskets spaceships magic turtles mysterious bubbles candles and fairies create a magical kingdom Wrinkles and gray hair are witnesses to times past The surprise ending is sure to give you goose bumps Other books from the author include the following Sleepy Tears Laughing Tears Sleepy Tears Miss You Tears Gods Love is Real poetry book Friends and Angels poetry book The Secret Meeting of the Sworceracs **A Hero's Worth** Debbie Ouellet, 2009 Jacob and Orson rush to the rescue when Lia is taken prisoner by her own father who has promised her hand in marriage to Lord Manning and the pair of unlikely heroes find themselves in battle against Manning and his evil wizard Kain Sowing Dragon's Teeth Dragon, 1872 **Chronicles of Dragon Lore** Julie A.
