Obrist, A.H. Black, Jasper Brener, Leo V. DiCara, 2017-11-13 The literature relating to the learned control of autonomic processes especially cardiovascular processes demonstrating that the activities of visceral response systems may be modified by operant reinforcement and biofeedback procedures has grown exponentially This research seems to show behavioral properties in the cardiovascular system that were previously believed to be exclusive attributes of the somatic response systems the implications of this for possible therapeutic use have received widespread publicity Questions remained unanswered about the nature of voluntary control and the conditions necessary for establishing it the reciprocal effects of conditioned changes in cardiovascular and

psychological or behavioral functioning the use of cardiovascular events to index behavioral states and the principles and techniques whereby operant conditioning of the cardiovascular system can be clinically applied **The Real Matilda**

Miriam Dixon,1999 The Real Matilda book investigates the Australian experience of women in colonial times and asks how far Australians have moved beyond formative influences elites convicts the Irish which have led to discriminatory attitudes towards women **The Gunpowder Empires and Modern Times** Marshall G.S. Hodgson,2009-05-15 The final installment

in the groundbreaking The Venture of Islam series a monumental three volume interpretation of Islamic civilization Review of Middle East Studies The Venture of Islam has been honored as a magisterial work of the mind since its publication in early 1975 In this three volume study illustrated with charts and maps Hodgson traces and interprets the historical development of Islamic civilization from before the birth of Muhammad to the middle of the twentieth century This work grew out of the famous course on Islamic civilization that Hodgson created and taught for many years at the University of Chicago In this concluding volume of The Venture of Islam Hodgson describes the second flowering of Islam the Safavi Timuri and Ottoman empires The final part of the volume analyzes the widespread Islamic heritage in today s world Praise for The Venture of Islam This is a nonpareil work not only because of its command of its subject but also because it demonstrates how ideally history should be written The New Yorker In placing Islamic society in a context encompassing not only Islam outside the Middle East proper but contemporary societies such as western Europe and China he provides a perspective sorely missed in most works on the subject Linda C Rose History **Are We Postmodern Yet?** Reinhold Kramer,2019-11-08 In this book

Reinhold Kramer explores a variety of important social changes including the resistance to objective measures of truth the rise of How I Feel ethics the ascendancy of individualism the immersion in cyber simulations the push toward globalization and multilateralism and the decline of political and religious faiths He argues that the displacement since the 1990s of grand narratives by ego based narratives and small narratives has proven inadequate and that selective adherence pluralist adaptation and humanism are more worthy replacements Relying on evolutionary psychology as much as on Charles Taylor Kramer argues that no single answer is possible to the book title s question but that the term postmodernity referring to the era not to postmodernism still usefully describes major currents within the contemporary world *Mist* Eric C.

Taylor,2011-12 A fascinating and heartwarming tale about an orphaned hero who overcomes his sorrow at the loss of his wife

Arms and the Imagination Robert C Gordon,2009-07-16 From the time of John Milton to that of William Blake the literature of Britain absorbed the impact of two major military developments In the early modern era the military revolution strove to establish permanent armies under state discipline and in England the resistance to this development exhibited in the controversy over standing armies In this penetrating and highly original study Gordon demonstrates that military debate encouraged by Britain s semi secure insular situation had a remarkable impact on the British imagination and its narratives Affected were structure and closure character evaluation heroic and mock heroic styles attitudes toward love and marriage

and the roles of locality and environment in the shaping of the national and personal character More remarkable still these effects signaled the emergence of a civilian consciousness that still influences our literary preference and expectations

Lincoln and the Bluegrass William H. Townsend,2021-12-14 The Bluegrass region of Kentucky was the only part of the slaveholding South Abraham Lincoln knew intimately How the cultural environment of Lexington the home of Lincoln s wife with its pleasure loving aristocracy its distinguished political leaders and its slave auctions shaped his opinions on slavery and secession is traced in these pages In this city early known as the Athens of the West Lincoln s alliance with the Todd family widened his circle of acquaintances to include such diverse personalities as the fiery Cassius M Clay who urged immediate emancipation Dr Robert J Breckinridge courageous Presbyterian minister and the doctor s nephew John C Breckinridge who took up arms against Lincoln after his election to the presidency **The Hidden Gospel of Matthew** ,2011-06-30 The previously untold story of Matthew s Gospel brought to life for today s readers Matthew s Gospel stands as the first book of the Christian Testament visible to all the world for almost two thousand years But there is something hidden in Matthew s Gospel The document was not written at one time by one person it is an edited document bringing together different sources of tradition The Hidden Gospel of Matthew Annotated and Explained takes readers deep into the text to find the words and events that have the strongest connection to the historical Jesus Ron Miller reveals the underlying story of Matthew to readers giving them a full appreciation of the book s message uncovering a portrait of Jesus that at times resembles the gnostic Christ and sage teacher of the Gospel of Thomas more than it does traditional Christianity
