TALKS

Charles Michelson

As the unofficial "ghost" of the Democratic Party, Charles Michelson has been credited with the authorship of more important public statements than any other man of his time. Political wizard and publicity impresario extraordinaire, "Old Poison Pen" has watched the scene behind the national scene for half a century. Here is the intimate and revealing story of men and events as he has seen them.

## **The Ghost Talks:**

**The Ghost Talks** Charles Michelson, 2010      *Ghost Talk* Robert H. Coddington, 2001 There have been many books written about troubled spirits who are trapped on earth and who continue to haunt the living Ghost Talk goes one step further Robert Coddington and his psychic wife Marianne know firsthand that ghosts are among us During a ghost hunt in Richmond Virginia Marianne's body first became the medium for the lost spirit of a teenager named Angelica who forever changed their beliefs about life and death In this spellbinding trip to the other side readers will meet the Coddingtons ghostly subjects in their own words and learn of the Coddingtons extraordinary methods for contacting the lost and frightened souls of the dead Readers will share in another incredible experience how earthbound spirits unaware of their mortal deaths and still trapped on this plane of existence can be guided to the Light      Sociopathic Society Charles Derber, 2015-11-17 Charles Derber introduces and vividly explains the idea of a sociopathic society and why the idea has become necessary to understand today's world Sociopathic society is rooted in governments and economies not psychiatry The book offers a new sociology of societies organized around antisocial values which ultimately lead to societal and planetary self destruction Most of the sociopathic behaviors are perfectly legal and are perpetrated by governments financial institutions and corporate capitalism Focusing on the United States Derber connects the dots of Wall Street meltdown guns and murder uninhibited greed the 1% and the 99% a new crisis of unemployable surplus people Hurricane Sandy and global warming cheating scandals and more including the war on democracy itself Although the book brings together a breathtaking set of stories of a system run wild it also offers hope showing pathways for confronting and avoiding the many ways a society can commit sociocide **FEATURES OF THE BOOK**      *Women Talk Back to Shakespeare* Jo Eldridge Carney, 2021-10-27 This study explores more recent adaptations published in the last decade whereby women either authors or their characters talk back to Shakespeare in a variety of new ways Talking back to Shakespeare a term common in intertextual discourse is not a new phenomenon particularly in literature For centuries women writers novelists playwrights and poets have responded to Shakespeare with inventive and often transgressive retellings of his work Thus far feminist scholarship has examined creative responses to Shakespeare by women writers through the late twentieth century This book brings together the then of Shakespeare with the now of contemporary literature by examining how many of his plays have cultural currency in the present day Adoption and surrogate childrearing gender fluidity global pandemics imprisonment and criminal justice the intersection of misogyny and racism these are all pressing social and political concerns but they are also issues that are central to Shakespeare's plays and the early modern period By approaching material with a fresh interdisciplinary perspective *Women Talk Back to Shakespeare* is an excellent tool for both scholars and students concerned with adaptation women and gender and intertextuality of Shakespeare's plays      **Conversations with Ghosts** Laurens Hedegaard, 2023-06-23 Understanding people on the earth and the way in which they think and act is a challenging feat but

even more difficult is understanding those who have left us Additionally ghosts themselves are often misunderstood They can be lost souls with baggage hoping someone will notice their existence and lend an ear not spectres with ill intent or out to harm the living This book combines the expertise of two people who have had a multitude of encounters and have successfully made meaningful connections with several spirits throughout the years This novel recounts 10 detailed situations and the conversations between Pernille Laurens and a multitude of ghosts which each result in the unfolding of applicable life lessons and a unique story A deep connection and understanding were made with each spirit who was outwardly affecting the lives of the living in the hopes of attracting the attention of someone or anyone out there who would help them move on Through the reading of this book Pernille and Laurens hope to achieve two things One the understanding that ghosts are not out to get us rather they are simply misunderstood and waiting for someone who will listen Two sharing stories and becoming the voice of spirits that could not speak for themselves

**Best Monologues from The Best American Short Plays, Volume Three** William W. Demastes, 2015-04-01 Best American Short Plays Sticks and stones may break my bones but words will never hurt me Really Words can break spirits destroy confidence They can also build hope and incite great acts of heroism Playwrights know this and so do theater audiences Otherwise why go Words matter and carry clout every bit as dangerous as a hammer or crowbar This too playwrights know The monologues in this volume are full of such blows striking at our imaginations and our memories generating responses such as joyful laughter or chilling surprise Others squeeze us into worlds we ve never experienced or perhaps experienced at the furthest edges of memory and recollection Still others may help us alter the way we see certain things people or beliefs Best Monologues from The Best American Short Plays Volume Three is a collection of monologues drawn from the popular Best American Short Plays series an archive of works from many of the best playwrights active today Long or short serious or not excerpts or entireties this collection abounds in speech acts that may trigger physical reactions and almost certainly will transform an attitude or two drawing out lost memories creating new ones and definitely entertaining engaging amusing us all along the way
