Philip Cooke, Ben H. Shepherd

The Giant Killers The Danish Resistance Movement 1940 45:

The Giant-killers John Oram Thomas,1975 Bogen omhandler den danske modstandsbevægelse Bl a omtales BOPA Churchill Klubben Citronen Flammen De Frie Danske **The Giant-killers : the Story of the Danish Resistance Movement, 1940-1945** J. O. Thomas,1975 **The Giant-killers** John Oram,1976 *Britain and European Resistance, 1940-45* David Stafford,1983-06-18 British Policy and Strategy towards Norway, 1941-45 C. Mann,2012-11-19 After the German occupation of 1940 Britain was forced to reassess its relationship with Norway a country largely on the periphery of the main theatres of the Second World War Christopher Mann examines British military policy towards Norway concentrating on the commando raids deception planning and naval operations *Resistance Fighter* Jørgen Kieler,2007 Writing in lively tones with a wit that reveals his indomitable spirit the author paints a vivid picture of the resistance movement in Denmark with detailed descriptions of many of the Holger Danske group s daring sabotage operations

European Resistance in the Second World War Philip Cooke,Ben H. Shepherd,2013-11-13 Resistance to German led Axis occupation occurred all the way across the European continent during the Second World War It took a wide range of forms non cooperation and disinformation sabotage espionage armed opposition and full scale partisan warfare It is an important element in the experience and the national memory of the peoples who found themselves under Axis government and control For over thirty years there has been no systematic attempt to give readers a panoramic yet detailed view of the make up actions and impact of resistance movements from Scandinavia down to Greece and from France through to Russia This authoritative and accessible survey written by a group of the leading experts in the field provides a reliable in depth up to date account of the resistance in each region and country along with an assessment of its effectiveness and of the Axis reaction to it An extensive introduction by the editors Philip Cooke and Ben H Shepherd draws the threads of the varied movements and groups together highlighting the many differences and similarities between them The book will be a significant contribution to the frequently heated debates about the importance of individual resistance movements It will be thought provoking reading for everyone who is interested in or studying occupied Europe during the Second World War

Naval Warfare 1919-45 Malcolm H. Murfett,2008-11-04 Naval Warfare 1919 45 is a comprehensive history of the war at sea from the end of the Great War to the end of World War Two Showing the bewildering nature and complexity of the war facing those charged with fighting it around the world this book ranges far and wide sweeping across all naval theatres and those powers performing major as well as minor roles within them Armed with the latest material from an extensive set of sources Malcolm H Murfett has written an absorbing as well as a comprehensive reference work He demonstrates that superior equipment and the best intelligence ominous power and systematic planning vast finance and suitable training are often simply not enough in themselves to guarantee the successful outcome of a particular encounter at sea Sometimes the narrow difference between victory and defeat hinges on those infinite variables the individual s performance under acute

pressure and sheer luck Naval Warfare 1919 45 is an analytical and interpretive study which is an accessible and fascinating read both for students and for interested members of the general public *World War II* Spencer C. Tucker, 2016-09-06

With more than 1 700 cross referenced entries covering every aspect of World War II the events and developments of the era and myriad related subjects as well as a documents volume this is the most comprehensive reference work available on the war This encyclopedia represents a single source of authoritative information on World War II that provides accessible coverage of the causes course and consequences of the war Its introductory overview essays and cross referenced A Z entries explain how various sources of friction culminated in a second worldwide conflict document the events of the war and why individual battles were won and lost and identify numerous ways the war has permanently changed the world The coverage addresses the individuals campaigns battles key weapons systems strategic decisions and technological developments of the conflict as well as the diplomatic economic and cultural aspects of World War II The five volume set provides comprehensive information that gives readers insight into the reasons for the war s direction and outcome Readers will understand the motivations behind Japan s decision to attack the United States appreciate how the concentration of German military resources on the Eastern Front affected the war s outcome understand the major strategic decisions of the war and the factors behind them grasp how the Second Sino Japanese War contributed to the start of World War II and see the direct impact of new military technology on the outcomes of the battles during the conflict The lengthy documents volume represents a valuable repository of additional information for student research *The Griffin: The Greatest Untold Espionage Story of World War II* Arnold Kramish, 2019-08-15

The Griffin was Paul Rosbaud s code name as a spy Rosbaud 1896 1963 was a distinguished science editor for the German publishing firm Springer Verlag a close friend of leading physicists who worked on nuclear fission and apparently a pillar of Nazi society But he was also Britain s most valuable spy in Germany during World War II Rosbaud supplied the British with the Oslo Report which disclosed early in the war details about Germany s military technology including the rockets developed at Peenemünde that would devastate London It was from Rosbaud that the British first learned of the German intent to make the atomic bomb When they failed to grasp the principles of the bomb Rosbaud reported that to the British as early as 1942 He passed his reports to Norwegian and French underground couriers who brought them to England He helped Lise Meitner the Austrian Jewish scientist who first interpreted the German experiments on nuclear fission escape from Hitler s Reich He even visited concentration camps on errands of mercy None of this was done for money when he died Rosbaud left 500 or for fame the British Secret Service has kept his record closed but rather through compassion for humanity and a burning hatred of Nazism Among the plethora of intelligence related volumes to have appeared within the past decade Arnold Kramish s carefully researched and closely reasoned biography of Paul Rosbaud must be viewed as one of the most original and valuable Donal J Sexton *The Journal of Military History* Kramish has assiduously gathered details of Rosbaud s life and has delved into the murky world of

Intelligence with considerable success He has discovered much about Rosbaud that I for one did not know even though I saw the most crucial of Rosbaud's reports that were successfully transmitted during the war and though I came to know him fairly well afterwards when he lived in London Kramish has performed a welcome service in ensuring a wider appreciation of those genuine and important contributions that Rosbaud so courageously made R V Jones Nature during World War II R V Jones was with the British Air Staff responsible for scientific intelligence Despite Kramish's careful research which included interviews with approximately 500 of those who knew Rosbaud it is an ironic tribute to this bookish spy's mastery of his trade that the Griffin remains a surprisingly shadowy figure one who continues to defy the effort to capture him Gregg Herken The Washington Post A fascinating tale of a pioneering breakthrough in technological espionage and also of sheer courage the events recounted still retain their underlying tension Rosbaud's story is a remarkable demonstration of human ingenuity and bravery and of the enduring values of the West under the most adverse conditions James Schlesinger former Secretary of Defense and former CIA Director One of the most interesting and important books on World War II published for years a story more thrilling than any thriller I have read for a long time Walter Laqueur author of World of Secrets The Uses and Limits of Intelligence This tour de force of a book reveals a hitherto secret chapter in the history of the resistance against Hitler telling for the first time how one strategically placed scientist in Germany with the help of a small number of Norwegian and German anti Nazis contributed substantially to British intelligence about Germany's fearful new weapons Arvid Brodersen leading figure in the Norwegian Resistance in World War II This book reads with the fascination of a good detective novel It will stimulate controversial discussion among all those who want to know something of the beginning of our nuclear age and among those few who helped bring it about General Gerd Schm ckle panzer division officer on the Russian front during World War II later NATO deputy commander under General Alexander Haig The author has accomplished a mammoth task in knitting together material from 500 interviews and more than 100 archival sources and he has succeeded in creating an intricate and sometimes fascinating picture of intelligence activities inside Germany and the occupied countries during the war Peter Goodchild Los Angeles Times *Hitler's Europe Ablaze* Philip Cooke, Ben H. Shepherd, 2014-11-18 Local resistance to German led Axis occupation occurred throughout the European continent during World War II taking a wide range of forms noncooperation and disinformation sabotage and espionage and armed opposition and full scale partisan warfare It is a key element in the experience and the national memory of those who found themselves under Axis government and control But for decades there has been no systematic attempt to give readers a panoramic yet detailed view of the make up actions and impact of resistance movements from Scandinavia down to Greece and from France through to Russia This authoritative and accessible survey written by a group of the leading experts in the field provides a reliable in depth up to date account of the resistance in each region and country along with an assessment of its effectiveness and of the Axis reaction to it An extensive introduction by the editors Philip Cooke and Ben H Shepherd draws the threads of

the varied movements and groups together highlighting the many differences and similarities between them True Stories of Resistance in World War II is a significant contribution to the frequently heated debates about the importance of individual resistance movements and thought provoking reading for everyone who is interested in or studying occupied Europe during the World War II Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

The A to Z of Denmark Alastair H. Thomas, 2010-05-10 Denmark is the oldest monarchy in Europe At different points in its history Denmark's boundaries have encompassed England Sweden West Africa India and the West Indies Despite its changing and relatively small boundaries Denmark has played a much larger part in the politics of Europe than might be expected Additionally through its territories Faroe Islands and Greenland Denmark has managed to retain an important presence in the North Atlantic Today democratic Denmark with its thriving capital Copenhagen is peaceful prosperous and progressive Within NATO Denmark has contributed to peace keeping in the Persian Gulf and Bosnia The Danish Model of welfare gives Danes a real sense of social security and presents many naysayers with a provocative example of a successfully managed welfare state Danes have a reputation for inventiveness and good design whether in architecture furniture or industrial design The A to Z of Denmark relates the history of this successful country through a chronology an introductory essay appendixes a bibliography and hundreds of cross referenced dictionary entries on kings politicians officials explorers authors architects composers painters astronomers educationists reformers political parties social movements and other aspects of Danish society

Britain and European Resistance, 1940-1945 David Stafford, 1980 This book is the first general study of SOE operations in Europe to have been written using the wartime documents now available Although SOE archives remain closed the author has used a wide range of other sources to produce what is likely to remain for some time the only comparative study of Britain's direct physical links with resistance in occupied Europe which is set firmly in the wider strategic and diplomatic context of the war

Historical Dictionary of Denmark Alastair H. Thomas, 2016-07-26 Denmark has a millennium long continuous history and development from Viking times about 800 1050 AD to the modern welfare state The resilience of the Danish people is evident in the artistic golden age of the early 19th century despite national bankruptcy the agricultural revival during the final third of the 19th century Modern Denmark leads in industrial design furniture engineering pharmacy and social development in the 20th century Danish scientists medical doctors composers musicians choreographers playwrights authors sculptors architects designers painters and film directors have made significant contributions to the development of European culture In the 21st century Denmark combines a thriving and highly

productive modern economy with extensive social care and welfare and thus refutes the neo conservative economists who claim that such a combination is impossible In short Denmark is seen by the Danes and their neighbors as a very good place to live This third edition of Historical Dictionary of Denmark contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 1000 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Denmark

The Holocaust in 100 Histories Paul R. Bartrop, 2024-07-25 This chronologically arranged collection of articles demonstrates the complex and multifaceted nature of the Holocaust From January 1933 and the ascent to office of Hitler and the Nazi Party in Germany through to October 1945 and the opening of the International Military Tribunal at Nuremberg The Holocaust in 100 Histories takes an episodic approach to consider some of the people ideas groups and events that characterized the genocide which unfolded against the backdrop of the Nazi period and the Second World War Paul R Bartrop shines a light on Nazi perpetrators Righteous Gentiles who helped save Jews during the Holocaust Jewish resisters as well as movements events and developments during the Third Reich and the war years The 100 entries included in the book provide both a series of snapshots and a pathway to understanding how the Holocaust was manifested or defied during the years between 1933 and 1945 Its structure enables readers to access the Holocaust in or out of sequence reading individual entries as appropriate while the book also contains key primary source documents further reading suggestions and discussion questions designed to prompt debate and further study

The to Z of Denmark Alastair H. Thomas, 2010-05-10 The A to Z of Denmark relates the history of this successful country through a chronology an introductory essay appendixes a bibliography and hundreds of cross referenced dictionary entries on kings politicians officials explorers authors architects composers painters

The Holocaust Paul R. Bartrop, Michael Dickerman, 2017-09-15 This four volume set provides reference entries primary documents and personal accounts from individuals who lived through the Holocaust that allow readers to better understand the cultural political and economic motivations that spurred the Final Solution The Holocaust that occurred during World War II remains one of the deadliest genocides in human history with an estimated two thirds of the 9 million Jews in Europe at the time being killed as a result of the policies of Adolf Hitler and Nazi Germany The Holocaust An Encyclopedia and Document Collection provides students with an all encompassing resource for learning about this tragic event a four book collection that provides detailed information as well as multidisciplinary perspectives that will serve as a gateway to meaningful discussion and further research The first two volumes present reference entries on significant individuals of the Holocaust both victims and perpetrators anti Semitic ideology and annihilationist policies advocated by the Nazi regime giving readers insight into the social political cultural military and economic aspects of the Holocaust while enabling them to better understand the Final Solution in Europe during World War II and its lasting legacy The third volume of the set presents memoirs and personal

narratives that describe in their own words the experiences of survivors and resisters who lived through the chaos and horror of the Final Solution The last volume consists of primary documents including government decrees and military orders propaganda in the form of newspapers and pamphlets war crime trial transcripts and other items that provide a direct look at the causes and consequences of the Holocaust under the Nazi regime By examining these primary sources users can have a deeper understanding of the ideas and policies used by perpetrators to justify their actions in the annihilation of the Jews of Europe The set not only provides an invaluable and comprehensive research tool on the Holocaust but also offers historical perspective and examination of the origins of the discontent and cultural resentment that resulted in the Holocaust subject matter that remains highly relevant to key problems facing human society in the 21st century and beyond *Professional Journal of the United States Army* ,1977 **Refusing to Crumble** Michael Burgan,2010 A look at the Danish resistance to the Nazis during World War II *The Era of World War II* Louise A. Arnold-Friend,1979
