Malay language newspapers and how apparently monolithic institutions of the authoritarian state hid diverse contests for resources and prestige In this contest the concept of news values the perception of the reader and the ways in which women constructed themselves as journalists all come into play and are examined here The book contributes to the field of feminist media studies by examining how gendered newsroom practices paradoxically allowed women journalists in the women's pages more editorial freedom than those in the malestream press

Women Politicians and the Media Maria Braden, 2014-10-17 All American politicians face the glare of media coverage both in running for office and in representing their constituents if elected But for women seeking or holding high public office as Maria Braden demonstrates the scrutiny by newspapers and television can be both withering and damaging a fact that has changed little over the decades despite the emergence of more women in politics and more women in the news media Particularly disturbing is the fact that the increase in the number of women reporters appears to have had little effect on the way women candidates are portrayed in the media Some women reporters in fact seem intent on proving that they can be just as tough on women

candidates as their male counterparts thus perpetuating the misrepresentations of the past Braden examines the political fortunes of Jeannette Rankin the first woman elected to the U S House those of the congressional glamour girls of the 1940s Clare Boothe Luce and Helen Gahagan Douglas the long Senate career of Margaret Chase Smith the political struggles of diverse women of more recent decades including Bella Abzug Elizabeth Holtzman Nancy Kassebaum Barbara Jordan Dianne Feinstein and Ann Richards and the disastrous vice presidential bid of Geraldine Ferraro Braden traces a persistent double standard in media coverage of women s political campaigns through the past eighty years Journalists dwell on the candidates novelty in public office and describe them in ways that stereotype and trivialize them Especially demeaning are comments on women s appearance personality and family connections comments of a sort that would rarely be made about men candidates Are they too pretty or too plain What do their clothes say about them Are they feminine enough or too masculine Are they still just ordinary housewives or are they neglecting their families by heading for Washington or the state house Braden s study is based on both media accounts and the revealing personal interviews she conducted with a broad range of recent women politicians including Margaret Chase Smith Bella Abzug Kay Bailey Hutchison Nancy Kassebaum and Ann Richards All describe agonizing struggles to get across to the public the message that they are serious and competent candidates capable of holding high office and shaping our nation s course

The Girl's Guide to the Big Bold Moves for Career Success Caitlin Friedman, Kimberly Yorio, 2008 Based on interviews with more than 100 successful women who have made great professional strides The Girl s Guide to Kicking Your Career into Gear is a woman s ticket to taking charge of her career once and for all and getting where she wants to go
