The One Thing You Need to Know Marcus Buckingham,2008-09-04 Drawing on a wide body of research including extensive in depth interviews THE ONE THING YOU NEED TO KNOW reveals the central insights that lie at the core of Great Managing Great Leadership and Great Careers Buckingham uses a wealth of relevant examples to reveal that at the heart of each insight lies a controlling insight Lose sight of this one thing and all of your best efforts at managing leading or

individual achievement will be diminished For great managing the controlling insight has less to do with fairness or team building or clear expectations although all are important Rather the one thing great managers know is the need to discover and then capitalize on what is unique about each person For leadership the controlling insight is the opposite discover and capitalize on what is universal to all your people regardless of differences in personality race sex or age For sustained individual success the controlling insight is the need to discover what you don t like doing and know how and when to stop doing it In every way a groundbreaking work **THE ONE THING YOU NEED TO KNOW** offers crucial performance and career lessons for business people at every level *Death in Mumbai* Meenal Baghel,2011-12-12 Three years ago the brutal killing of a young TV producer called Neeraj Grover sent shockwaves through Mumbai An alluring aspiring actress Maria Susairaj and her dashing naval officer boyfriend Emile Jerome were accused of killing him and hacking his body into pieces before setting it on fire The cast of characters was young attractive and upwardly mobile the press hungry for a headline As details of the case unravelled the questions flew around what had gone wrong What made these young professionals turn to violent crime Was it the savage pressure of the city or was the motive even darker This book will shock and inspire a much needed change in perception of celebrity culture and Bollywood It s about so much more than a contested killing case and will be a talking point for years to come **The Booked Solid Club** Ehsan Rasul,2020-05-17 This book is your lifeguard to save your struggling insurance and financial services business from sinking into the ocean of competition generality and mediocrity Take your business to a higher level of Excellence Remark ability and Generational Wealth Are you struggling to survive in a hard market and facing fears competition from the big guys like banks major financial insurance companies large multi national brokerages with deep pockets AI based sophisticated call centers You don t have to worry anymore Imagine that you can get over 90% of your new clients through referrals of your happy and loyal clients What if you consistently generate new leads and prospects effortlessly without any fear of rejection or disappointment How you can build a great culture in your organization to transform it into a highly profitable long lasting and a successful enterprise Transform yourself into a person of such great value and trust that you become indispensable to your employer If you want all of the above and more this book is your Mentor It will give you the guiding principles and wisdom to become a great leader and a highly successful entrepreneur **WELCOME TO THE BOOKED SOLID CLUB** *Addicted to Grief* Amelia Ochoa,2024-05-24 In writing about grief I hope my story can help parents and loved ones who are struggling with the death of a child No matter the age the death of a child seems unnatural Untimely It hurts but you are not alone the world is full of us I am here to share my story with you and explain why I had to break my addiction to grief for my child Alexis After going through the whole ordeal I told myself that I needed to finalize this process we all call grief I had to be the mother that my kids needed I needed to be the strong and courageous woman that God put me on this earth to be the woman I was before Alexis died I wrote this book with the hopes of helping others understand their own grief and hopefully find their way through the concepts that grief has

imposed upon us all In doing so it helped me with my own process in more ways than I could have imagined **I See Something Special In You** Timo Kiuru,2022-08-26 What drives creativity in the world s most innovative companies such as Google Nike Apple and Microsoft How is creativity and talent harnessed to lead these global businesses Timo Kiuru an internationally recognized creative director and public speaker ventured on a mission to discover the answers to these questions Timo reached out to numerous innovation experts with decades of experience in leading creative teams and companies and asked them to share their stories He captured their valuable insights and advice for this book What turned out to be the common thread in all the conversations was their ability to see that something special in a person It became clear that the essence of leadership is in the skill to nurture people s individual growth This book is about more than business it s about the experiences that make us who we are the challenges that bring out the best in us It helps us to see the connections between raw talent creativity and business leadership Because that s how we turn potential into superpower Timo Kiuru is a global creative director on a mission to change how creativity is seen in business He travels the world to speak to professional audiences about innovation leadership and change and writes books about creativity Timo was recognized with the global 40 Under 40 industry award in Texas in 2016 and Speaker of the Year honorary award in 2019 in Helsinki With this book he wants to inspire people to seek more specialness everywhere Don t dance like no one is watching dance how you want to even if everyone is watching Audiobook and e book Laine Publishing Word Audio Publishing
