The Golfers Fairway Of Verses:

The Golfer's Fairway of Verses Larry Garland Morgan, 2003-12 The Reverend Dr James by reflecting on the roots of public social policy causes us to re examine the central issue of the extent to which American urban society cares for the least of us He ably makes the point that the seminal document that has guided national and local public policy since the 1994 elections termed the Contract with America has been at tremendous odds with the higher principle upon which this nation was founded what he describes by way of contrast as the Covenant with God Dr James s analysis places these developments in the context of this covenant and he brings to this discussion a rich personal experience having devoted his entire professional life to serving the spiritual and socioeconomic needs of the people of New York City s communities America today is so affluent and many of its citizens are enjoying a level of personal material comfort unlike that ever before experienced But in the absence of a public policy that recognizes the entitlements of all Americans to a share of that comfort by virtue of our citizenship a contract that relies so heavily on individual largesse does nothing more than pay lip service to those ideals upon which the nation was founded The so called Contract with America has represented not an opportunity to exercise greater responsibility to the public good as it has been touted but an abdication of that responsibility The economies of this country and of our urban centers are booming on many levels but too few are sharing in that bounty We must as Dr James suggests question challenge and act on the fact that conditions are worsening for the poor while the rich continue to live better existences Lack of access to education affordable health care and job opportunities all these problems are walking with us into a new century *Trump vs. Biden Golf Match: The Showdown in Middletown* JP Kanen, 2022-12-31 Character is revealed on the golf course A hilarious yet poignantly ridiculous tale of a chance meeting at a municipal golf course between Trump and Biden A challenge is issued and an epic team match ensues New partners continually enter the fray such as Ted Cruz Lauren Boebert Herschel Walker LeBron James Kamala Harris Nancy Pelosi and more surprises Jill Biden steals the show in this Caddyshack meets Magaworld novel You will laugh and cry the whole way through It s an easy read and an awesome conversation piece It places the whole Trump Experiment in the place it belongs a farcical comedy Enjoy

translation of the Chinese classic Daodejing with a unique interpretation of the Dao for today innovatively employing perspectives of Rudolf Steiner's Anthroposophy interwoven with esoteric world history Inspirations for this singular reading of the Daodejing includes the suggestion by contemporary esoteric scholars that the mythical Yellow Emperor of Chinese history was a human incarnation of the spirit called Lucifer in the West This argument has been used to explain the ways in which demigods have inserted themselves into the earthly sphere to affect human evolution and history This theory resonates with certain readings of Genesis 6 and the idea that fallen angels have penetrated the human world and promoted the establishment of ruling classes and elite bloodlines throughout history The Luciferic Verses considers such claims from the perspective of esoteric history The author evaluates them on the basis of their convergence with kindred concepts including Zen enlightenment mysticism and the simulation hypothesis depicted in the Matrix films revealing the activities and historical implications of Gnosticism He makes a bold case for this common thread in various consciousness only concepts of mind from Plato and the ancient Skeptics to Daoism Zen and even the idealism of the 1960s leading directly to postmodern hypotheses of digital consciousness Today philosophers are exploring such topics as virtual reality and digital simulation as new ways of discussing the contours of reality suggested in the Daodejing Rather than leading us to a more humanistic vision of reality as the Daoist scholars traditionally maintain this theory of mind might be the root of a systematic anti humanist impulse that has operated throughout world history The Luciferic Verses offers fresh perspectives on Laoze's classic guide to life and inner development describing its relevance and meaning for today's cultural milieu and modern esoteric thought
