The Politics Of Race In New York:

White Backlash and the Politics of Multiculturalism Roger Hewitt, 2005-06-23 The murder of Stephen Lawrence led to the widest review of institutional racism seen in the UK Sections of the white working class communities in south London near to the scene of the murder however displayed deep hostility to the equalities and multiculturalist practice of the local state and other agencies Drawing on extensive ethnographic research this book relates these phenomena to the backlash to multiculturalism evident during the 1990s in the USA Australia Canada the UK and other European countries It examines these within the unfolding social and political responses to race equalities in the UK and the USA from the 1960s to the present in the context of changes in social class and national political agendas This book is unique in linking a detailed study of a community at a time of its critical importance to national debates over racism and multiculturalism to historically wider international economic and social trends

The Oxford Handbook of American Immigration and Ethnicity Ronald H. Bayor, 2016-06-01 Scholarship on immigration to America is a coin with two sides it asks both how America changed immigrants and how they changed America Were the immigrants uprooted from their ancestral homes leaving everything behind or were they transplanted bringing many aspects of their culture with them Although historians agree with the transplantation concept the notion of the melting pot which suggests a complete loss of the immigrant culture persists in the public mind The Oxford Handbook of American Immigration and Ethnicity bridges this gap and offers a comprehensive and nuanced survey of American racial and ethnic development assessing the current status of historical research and simultaneously setting the goals for future investigation Early immigration historians focused on the European migration model and the ethnic appeal of politicians such as Fiorello La Guardia and James Michael Curley in cities with strong ethno political histories like New York and Boston But the story of American ethnicity goes far beyond Ellis Island Only after the 1965 Immigration Act and the increasing influx of non Caucasian immigrants scholars turned more fully to the study of African Asian and Latino migrants to America This Handbook brings together thirty eminent scholars to describe the themes methodologies and trends that characterize the history and current debates on American immigration The Handbook's trenchant chapters provide compelling analyses of cutting edge issues including identity whiteness borders and undocumented migration immigration legislation intermarriage assimilation bilingualism new American religions ethnicity related crime and pan ethnic trends They also explore the myth of model minorities and the contemporary resurgence of anti immigrant feelings A unique contribution to the field of immigration studies this volume considers the full racial and ethnic unfolding of the United States in its historical context

Race, Performance, and Approval of Mayors S. Howell, 2007-02-05 Please note this is a Palgrave to Order title PTO Stock of this book requires shipment from an overseas supplier It will be delivered to you within 12 weeks This book is a study of why people approve and disapprove of the mayor in four cities with long histories of racial conflict New Orleans Detroit Chicago and Charlotte NC It examines the relative influence of race

racial factors racial environment and perceptions of the quality of life in determining mayoral approval **Split** Mark D. Brewer, Jeffrey M. Stonecash, 2006-08-01 Talk of politics in the United States today is abuzz with warring red and blue factions The message is that Americans are split due to deeply held beliefs over abortion gay marriage stem cell research prayer in public schools Is this cultural divide a myth the product of elite partisans Or is the split real Yes argue authors Mark Brewer and Jeffrey Stonecash the cultural divisions are real Yet they tell only half the story Differences in income and economic opportunity also fuel division a split along class lines Cultural issues have not displaced class issues as many believe Split shows that both divisions coexist meaning that levels of taxation and the quality of healthcare matter just as much as the debate over the right to life versus the right to choose The authors offer balanced objective analysis complete with a wealth of data rich figures and tables to explain the social trends underlying these class and cultural divides and then explore the response of the parties and voters Offering solid empirical evidence the authors show that how politicians the media and interest groups perceive citizen preferences be they cultural or class based determines whether or not the public gets what it wants Simply put each set of issues creates political conflict and debate that produce very different policies and laws With a lively and highly readable narrative students at every level will appreciate the brevity and punch of Split and come away with a more nuanced understanding of the divisions that drive the current American polity *City Son* Wayne Dawkins, 2012 The story of an unforgettable African American journalist and his impact on New York City and America

Black Americans in Congress, 1870-2007, 2008 From the publisher Provides a comprehensive history of the more than 120 African Americans who have served in the United States Congress Written for a general audience this book contains a profile of each African American Member including notables such as Hiram Revels Joseph Rainey Oscar De Priest Adam Clayton Powell Shirley Chisholm Gus Hawkins and Barbara Jordan Individual profiles are introduced by contextual essays that explain major events in congressional and U S history Illustrated with many portraits photographs and charts

Upsetting the Apple Cart Frederick Douglass Opie, 2014-12-02 Upsetting the Apple Cart surveys the history of black Latino coalitions in New York City from 1959 to 1989 In those years African American and Latino Progressives organized mobilized and transformed neighborhoods workplaces university campuses and representative government in the nation s urban capital Upsetting the Apple Cart makes new contributions to our understanding of protest movements and strikes in the 1960s and 1970s and reveals the little known role of left of center organizations in New York City politics as well as the influence of Jesse Jackson s 1984 and 1988 presidential campaigns on city elections Frederick Douglass Opie provides a social history of black and Latino working class collaboration in shared living and work spaces and exposes racist suspicion and divisive jockeying among elites in political clubs and anti poverty programs He ultimately offers a different interpretation of the story of the labor student civil rights and Black Power movements than has been traditionally told His work highlights both the largely unknown agents of historic change in the city and the noted politicians political strategists and union leaders

whose careers were built on this history Also as Napoleon said An army marches on its stomach and Opie s history equally delves into the role that food plays in social movements with representative recipes from the American South and the Caribbean included throughout

Politics, Race, and Schools Joseph Watras,2013-11-26 First Published in 1997 Focusing on a case study from the civil rights movement the author illuminates the issues and problems that emerge when schools are used to advance social equality He examines the political controversies surrounding the racial desegregation of public and private schools in Dayton over a 40 year period during which the city initiated several nationally recognized programs to overcome segregation The book also discusses racial integration in public and religious schools in different parts of the United States during that time It describes experiences in public schools Catholic schools and private schools covering individually guided education ethnic studies magnet schools compensatory education and the New Futures Program funded by a private foundation The text is innovative in its survey of the relationships between city administrators public school officials and Catholic and private school educators It also provides important analysis of how curriculum changes have affected desegregation and examines the role of private philanthropies in education

Double Trouble J. Phillip Thompson III,2005-12-01 J Phillip Thompson III an insider in the Dinkins administration provides the first in depth look at how the black mayors of America s major cities achieve social change Black constituents naturally look to black mayors to effect great change for the poor but the reality of the situation is complicated Thompson argues that African American mayors legislators and political activists need to more effectively challenge opinions and public policies supported by the white public and encourage greater political inclusion and open political discourse within black communities Only by unveiling painful internal oppressions and exclusions within black politics will the black community s power increase and compel similar unveilings in the broader interracial conversation about the problems of the urban poor Tracing the historical development and contemporary practice of black mayoral politics this is a fascinating study of the motivations of black politicians competing ideologies in the black community and the inner dynamics of urban social change

Radicalism at the Crossroads Dayo F. Gore,2011-02-02 In this exciting work of historical recovery Dayo F Gore unearths and examines a dynamic extended community of black radical women during the early Cold War including established Communist Party activists such as Claudia Jones artists and writers such as Beulah Richardson and lesser known organizers such as Vicki Garvin and Thelma Dale These women were part of a black left that laid much of the groundwork for both the social movements of 1960s and later strains of black radicalism

Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
