The Politics Of Relationships:

The Politics of Relationships Barbara Ruth,1979 **The Politics of Love** Carla Christina Hustak,2024-02-13 The Politics of Love explores the entanglement of emotions social movements and science in reconfiguring human and nonhuman relations As Darwin s evolutionary theory informed the development of sexual science and the sex reform movement between the 1890s and the 1920s sex reformers emerged as a group of diverse and culturally influential professionals doctors psychologists artists political activists novelists and academics who shared a profound commitment to changing the world by changing the practice of sex Sex reformers reinvented love as a scientific practice of sex that brought humans and nonhumans into the fold of early twentieth century racial gender and sexual politics Carla Christina Hustak illuminates how sex reformers insistence that love can shift human and nonhuman relations is more than just a historical narrative it is a moment in time interconnected with urgent contemporary concerns over the global implications of our emotional relationships to other humans animals the earth and atmospheric and technological forces *Psychology, Psychotherapy, Psychoanalysis, and the Politics of Human Relationships* Laurence Simon,2003-05-30 This volume offers a psychology of human personality and behavior created as a function of the politics practiced by the social structure in which they are based The interaction of individuals with authoritarian totalitarian democratic humanistic and anarchistic forms of politics is examined The focus is on the particular type of politics practiced by psychiatry psychotherapy and psychoanalysis with the conclusion that these enterprises operate more along authoritarian totalitarian than democratic humanistic lines Simon argues that the mental health field as currently dominated by psychiatric thinking entrenched in the myths of mental illness is acting as a social control agency and a force in the development of a totalitarian state This volume also offers a view of how psychotherapy can be used as a means to fuel democratic states for individuals Other works that focus on the politics of psychiatric services have also emerged since Thomas Szasz work *The Myth of Mental Illness* but this is the first to demonstrate the dangers of the psychiatry and therapy industries from this variety of political religious and scientific perspectives **The Politics of Love** Maxime Foerster,2018-04-03 What would love be if heterosexual couples were no longer assigned gender and sexual norms Maxime Foerster examines the heterosexual trouble between men and women in nineteenth century French Romantic and Decadent literature Key works by authors ranging from George Sand to Charles Baudelaire persistently demonstrate that heterosexuality did not work these authors and many others investigated the struggle that men and women alike waged against patriarchal norms Whereas Romantic fiction dedicated itself to the reinvention of love Decadence promoted sexual and gender deviance In expertly evaluating the discord afflicting fictional heterosexual couples male and female dandies and doctors and their female patients Foerster shows the crucial role that literature played in the fashioning of alternative identities A concluding look at Proust s *la recherche du temps perdu* traces the legacy of heterosexual trouble in the twentieth century *The Politics of Love* Rebecca Joubin,2013-10-03 Dramatic

miniseries are the primary arena for the expression of postcolonial Syrian culture and artistic talent an arena that unites diverse aspects of artisanship in a struggle over visions of the past present and future of the nation As the tour de force of the television medium blossoming amidst persisting authoritarianism these miniseries serve as a crucial and complex artistic avenue through which political and social opposition manifests Scholars have tried to come to terms with a highly critical culture produced within attempted state co optation and argue that politically critical culture operates as a safety valve to release frustrations so that dissenters are less likely to mobilize against the government Through research fueled by a viewing of over two hundred and fifty miniseries ranging from the 1960s to the present as well as an examination of hundreds of press reports Facebook pages and extensive interviews with drama creators this book turns away from the dominant paradigm that focuses on regime intent When turning attention instead to the drama creators themselves we witness the polyphony of voices employing love and marriage metaphors and gender de constructions to explore larger issues of nationalism self identity and political critique At the heart of constructions of femininity are the complications that arise with the symbiosis of pure femininity with authentic national identity Deconstructing masculinity as political critique has been less complicated since it is not implicated in Western identity issues on the contrary illustrations of subservient masculinity serve to subtly denounce government corruption and oppression Miniseries from the 1960s demonstrate that the focus of the qabaday tough man on female sexuality comes from his own political alienation vis vis the state and is part of a vicious cycle of state violence vis vis the citizen In recent years and in particular after the uprising we can see the emerging definition of the true qabaday as one who does not suppress a woman s sexuality thereby allowing for full equality in relationships as the basis of a truly free society

The Politics of Conjugal Love Conor Sweeney,Brian T. Trainor,2019-06-27 Does the New Testament teach that a wife must submit to her

husband as head If so does it have a lasting value beyond the cultural milieu in which it was first articulated The Politics of Conjugal Love takes a fresh approach to this classic issue in theological anthropology paying specific attention to the role of theological hermeneutics in its interpretation Conor Sweeney and Brian T Trainor contend that both subordinationist and anti subordinationist readings of headship and submission miss the mark Their alternative is a baptismally specified trinitarian reading in which headship and submission appear as modes intrinsic to both life in Christ and the love proper to the highest mode of trinitarian love Love and the Politics of Care Stanislava Dikova,Wendy McMahon,Jordan Savage,2022-11-03 This edited volume offers a contemporary rethinking of the relationship between love and care in the context of neoliberal practices of professionalization and work Each of the book s three sections interrogates a particular site of care where the affective political legal and economic dimensions of care intersect in challenging ways These sites are located within a variety of institutionally managed contexts such as the contemporary university the theatre hall the prison complex the family home the urban landscape and the care industry The geographical spread of the case studies stretches across India Vietnam Sweden Brazil South Africa the UK and the US and provides broad coverage that crosses the divide between the Global North and the Global South To address this transnational interdisciplinary field of study the collection utilises insights from across the humanities and social sciences and includes contributions from literature sociology cultural and media studies philosophy feminist theory theatre art history and education These inquiries build on a variety of conceptual tools and research methods from data analysis to psychoanalytic reading Love and the Politics of Care delivers an attentive and widely relevant examination of the politics of care and makes a compelling case for an urgent reconsideration of the methods that currently structure and regulate it **The Politics of Love** John Ferguson,1973 Issues of war and terrorism have concentrated attention once again on the role of the use of force in the world today Published in 1973 Professor John Ferguson s The Politics of Love remains a timely and relevant treatise on the alternatives to violence In a scholarly yet accessible account he looks at the New Testament to reveal a Christian basis for pacifism and non violence Personal involvement and commitment he emphasises can have a more profound effect to bring about much needed change than arms expenditure and brute force The Politics of International Marriage in Japan Viktoriya Kim,Nelia G. Balgoa,Beverley Anne Yamamoto,2021-12-10 This book provides an in depth exploration and analysis of marriages between Japanese nationals and migrants from three broad ethnic cultural groups spouses from the former Soviet Union countries the Philippines and Western countries It reveals how the marriage migrants navigate the intricacies and trajectories of their marriages with Japanese people while living in Japan Seen from the lens of gendered geographies of power the book explores how state level politics and policies towards marriage migration and gender affect the personal power politics in operation within the relationships of these international couples Overall the book discusses how ethnic identity intersects with gender in the negotiation of spaces and power relations between and amongst couples and the role states and structural inequalities

play in these processes resulting in a reconfiguration of our notions of what international marriages are and how powerful gender and the state are in understanding the power relations in these unions
