The Postwar Years Studebaker:

World War II and the Postwar Years in America William H. Young, Nancy K. Young, 2010-09-17 More than 150 articles provide a revealing look at one of the most tempestuous decades in recent American history describing the everyday activities of Americans as they dealt first with war and then a difficult transition to peace and prosperity The two volume *World War II and the Postwar Years in America A Historical and Cultural Encyclopedia* contains over 175 articles describing everyday life on the American home front during World War II and the immediate postwar years Unlike publications about this period that focus mainly on the big picture of the war and subsequent economic conditions this encyclopedia drills down to the popular culture of the 1940s bringing the details of the lives of ordinary men women and children alive The work covers a broad range of everyday activities throughout the 1940s including movies radio programming music the birth of commercial television advertising art bestsellers and other equally intriguing topics The decade was divided almost evenly between war 1940-1945 and peace 1946-1950 and the articles point up the continuities and differences between these two periods Filled with evocative photographs this unique encyclopedia will serve as an excellent resource for those seeking an overview of life in the United States during a decade that helped shape the modern world *Studebaker* Richard M. Langworth, 1979 Life at Studebaker contained paradoxes and was rarely uninteresting Management made some impressive decisions but far too many bad ones Stylists made great advances in automotive design only to follow with periods of stagnation or regression The Studebaker story is sure to engross the reader in a fascinating facet of American automobile history *Studebaker, 1946-1966* Richard M. Langworth, 1993 Higher Education and the United States Office of Education (1867-1953) Richard Wayne Lykes, 1975 **Paul G. Hoffman** Alan R. Raucher, 2021-10-21 Having gained fame and success in business Paul G Hoffman went on to become involved in a wide range of public concerns In this new and revealing biography Alan R Raucher provides the first assessment of Hoffman s entire career beginning with his rise to the presidency of Studebaker and his success in applying progressive management to lift it from bankruptcy to profitability A firm believer in the automobile Hoffman became known as a sales genius as a promoter of the new human relations approach to labor management and as the industry s apostle of automotive safety Raucher follows the movement of Hoffman s career into the broad public arena Having developed a reputation as a progressive industrial statesman Hoffman was a logical choice in 1948 to become the first administrator of the Marshall Plan a key position in which he used economic foreign aid primarily to rebuild Western Europe in order to contain the spread of Communism As the Cold War continued he came to regard economic foreign aid as a necessary sacrifice and dismissed all suggestions that the U S actually gave away billions of dollars in order to promote its own prosperity Hoffman became convinced that foreign aid could promote peace and prosperity especially through economic development in the poorer countries As the first president of the new Ford Foundation as a confidant of President Eisenhower and as a top official of the U N Secretariat from the late 1950s to the

early 1970s Hoffman continued to confront the problems of the emerging Third World in a career that sheds light on the rise of the powerful development establishment and on its attitudes and policies **TW Index Volumes 1 and 2 Combined** Jan Young, 2011-10-27 TW Index is a complete and detailed index of everything that has appeared in the SDC Turning Wheels magazine since its inception in 1972 Of greatest importance are the advice items that are indexed by subject engines brakes steering etc model AND year including all individual letters that appear in the Co Operator column Historical items are also indexed by subject as well as by the vehicle model and year they relate to If you own for instance a 1959 Hawk TW Index will give you instant access to everything that has been published about your car and much more Each listing of course refers you to the specific issue of Turning Wheels and cites the page on which the item begins Rated excellent by Fred Fox and Bob Palma Volume 1 of Turning Wheels Index includes issues of Turning Wheels from 1972 through 1992 with 10 711 references on 159 pages Volume 2 includes 1993 through 2009 with 9 995 references on 158 pages *Nixon in New York* Victor Li, 2018-04-02 Richard Nixon s loss in the 1962 gubernatorial election in California was more than just a simple electoral defeat His once promising political career was in ruins as he dropped his second high profile race in as many years Nixon himself rubbed salt in his own self inflicted wounds by delivering a growling bitter concession speech that made him seem like a sore loser In the months following his defeat and self immolation he left California to move to New York so that he could work for a prestigious Wall Street law firm His new career only seemed to confirm what everyone already knew Richard Nixon was finished as a politician Except he wasn t Nixon s political resurrection was virtually unprecedented in American history role and he had his law firm to thank for paving his way to the White House His role as public partner at Nixon Mudge Rose Guthrie Alexander was the ideal platform for him as he looked to reinvent himself after his back to back losses in 1960 and 1962 Nixon s firm gave him access to deep pocketed clients many of whom became donors when he decided to take the plunge in 1968 Furthermore working for so many international clients allowed him to travel the world and burnish his foreign policy credentials a vital quality that voters were looking for as the Cold War raged on and the Vietnam War showed no signs of slowing down Nixon s time at the firm also allowed him to build a formidable campaign staff consisting of top notch lawyers researchers and writers a staff that did just about everything for him when it came time to ramp up for the 1968 campaign *LIFE* , 1947-08-04 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use *Independent Pickups* Don Narus, 2018-06-26 Covers Crosley Hudson International Nash Studebaker and Willys plus others 1 2 ton to 1 ton pickups pre and post World War II Over 150 large B W photos details introductory text basic specifications Makes for a great primer and quick reference guide **Case Histories of Advertising when Oversold** , 1951
