the site for atrocities meted out on the Russian far east in the twentieth century during the Russian civil war and under Stalin The long shared history on the Amur has conditioned the way China and Russia behave toward each other and toward the outside world To understand Putin s imperial dreams we must comprehend Russia s relationship to its far east and how it still shapes the Russian mind Not only is the Amur a key to Putinism its history is also embedded in an ongoing clash of empires with the West The Literary World ,1874 *Encyclopedia of Russian Women's Movements* Norma C.
