Commentary on the Ten Maxims of Sahaj Marg Ram Chandra, In this book Ram Chandra has endeavoured to put into words those spiritual secrets that had previously been passed down from spiritual teacher to student silently through vibrations from heart to heart They relate to direct perception to the study of Nature Instead of focusing on what not to do he shows us what we can do to mould our lifestyle to be in tune with our spiritual journey The ten guiding principles are beautifully designed to follow the natural cycle of the day starting with rising and meditating before dawn and finishing with the practices to be done just before sleeping at night In between he focuses on the principles that help us to meet the challenges of daily lives being in tune with Nature being authentic accepting what comes letting go of negative emotions and guilt nurturing human oneness and unity in diversity cultivating positive attitudes towards resources like food and money and changing behavioural patterns that are limiting If practised these Maxims are ten steps to eternal peace and fulfilment in life
