and song and the poetry of the atomic bomb Say It with a Beautiful Song Michael Lasser, Harmon Greenblatt, 2024-10-15

An illumination for music lovers and an inspiration to songwriters Booklist Working within the limits of a popular song the songwriters of the Great American Songbook wrote with a combination of familiarity and freshness sentiment and wit The songwriters were masters of craft who created a distinctively American popular music that still resonates strongly today This book looks at the Great American Songbook s craft and its mastery Michael Lasser and Harmon Greenblatt uncover the essential elements of these beloved songs and investigate the qualities that make the songbook a unique staple of American culture Filled with interesting anecdotes each chapter looks at a variety of songs thematically and dives into the lives of songwriters Ultimately Lasser and Greenblatt reveal the genius behind this body of music and show us why the Great American Songbook has stood the test of time **A Noel Coward Gala** Noel Coward, 1982 **The Publishers Weekly**, 1972 **A Passion for the Past** Ivor Noël Hume, 2010-08-12 Ivor Noël Hume has devoted his life to uncovering countless lives that came before him In A Passion for the Past the world renowned archaeologist turns to his own life sharing with the reader a story that begins amid the bombed out rubble of post World War II London and ends on North Carolina s Roanoke Island where the history of British America began Weaving the personal with the professional this is the chronicle of an extraordinary life steered by coincidence scarcely believable even as fiction Born into the good life of pre Depression England Noël Hume was a child of the 1930s who had his silver spoon abruptly snatched away when the war began By its end he was enduring a period of Dickensian poverty and clinging to aspirations of becoming a playwright Instead he found himself collecting antiquities from the shore of the river Thames and stumbling upon this new passion becoming an accidental archaeologist From those beginnings emerged a career that led Noël Hume into the depths of Roman London and later to Virginia s Colonial Williamsburg where for thirty five years he directed its department of archaeology His discovery of nearby Martin s Hundred and its massacred inhabitants is perhaps Noël Hume s best known achievement but as these chapters relate it was hardly his last his pursuit of the past taking him to such exotic destinations as Egypt Jamaica Haiti and to shipwrecks in Bermuda When the author began his career historical archaeology did not exist as an academic discipline It fell to Noël Hume s books lectures and television presentations to help bring it to the forefront of his profession where it stands today This story of a life and a career unlike any other reveals to us how the previously unimagined can come to seem beautifully inevitable Dictionary of World Biography Barry Jones, 2025-01-06 Jones Barry Owen 1932 Australian politician writer and lawyer born in Geelong Educated at Melbourne High School and Melbourne University he was a public servant high school teacher television and radio performer university lecturer and lawyer before serving as a Labor MP in the Victorian Parliament 1972 77 and the Australian House of Representatives 1977 98 He took a leading role in reviving the Australian film industry and abolishing the death penalty in Australia and was the first politician to raise public awareness of global warming the post industrial society the IT revolution biotechnology the rise of the Third Age and the need to preserve
