Six Storey House:

Six Storey House Geraldine McCaughrean, 2003-01-16 Six Storey House stands in its little garden like a potted palm tall thin and brownly dusty Once a single family lived there but now each floor has a different address Dexi lives on the third floor with his mother and each chapter introduces us to the owners of a different flat **The House in Russian Literature**

Joost van Baak, 2009-01-01 The domestic theme has a tremendous anthropological literary and cultural significance The purpose of this book is to analyse and interpret the most important realisations and tendencies of this thematic complex in the history of Russian literature It is the first systematic book length exploration of the meaning and development of the House theme in Russian literature of the past 200 years It studies the ideological psychological and moral meanings which Russian cultural and literary tradition have invested in the house or projected on it in literary texts Central to this study s approach is the concept of the House Myth consisting of a set of basic fabular elements and a set of general types of House images This House Myth provides the general point of reference from which the literary works were analyzed and compared With the help of this analytical procedure characteristics of individual authors could be described as well as recurrent patterns and features discerned in the way Russian literature dealt with the House and its thematics thus reflecting characteristics of Russian literary world pictures Russian mentalities and Russian attitudes towards life This book is of interest for students of Russian literature as well as for those interested in the House as a cultural and literary topic in the semiotics of literature and in relations between culture anthropology and literature **Readiana** Charles Reade, 1896

Rebuilding Cities from Medieval to Modern Times Percy Johnson-Marshall, 2017-07-12 Unique in the literature of planners architects and urban officials Rebuilding Cities is a compendium and analysis of the achievements of city planning from the Ideal City of Palmanova in 1593 to the innovative achievements of planners and designers of the twentieth century As such it is vital reading for anyone concerned with the problem of rebuilding and revitalizing cities after disasters either of a human or physical decimation Rebuilding Cities covers and includes medieval nuclei to urban sprawl physical economic and social factors in planning and the changing nature of components of cities incorporating elements from different periods in a single visual scheme Also included are analysis of planning schemes from Indian and Greek visionaries legislative and administrative changes needed for successful planning the massive redevelopment that happened in London after World War Two renewal schemes and urban design and work throughout the world The remarkable clarity and thoroughness of the book and its abundant illustrations clearly demonstrate the successes and failures of planning schemes and lays a solid groundwork for intelligent assessment of the goals and practical possibilities of city planning Teachers and students of planning and architecture professionals actively engaged in the field and all who visualize a truly civilized urban environment will find this book immensely helpful and satisfying *Buildings and Society* Anthony D. Mass Housing Miles Glendinning, 2021-03-25 Shortlisted for the Alice Davis Hitchcock Medallion 2021 The Society of Architectural Historians of Great Britain It will become the standard work on the subject Literary Review This major work provides the first comprehensive history of one of modernism's most defining and controversial architectural legacies the 20th century drive to provide homes for the people Vast programmes of mass housing high rise low rise state funded and built in the modernist style became a truly global phenomenon leaving a legacy which has suffered waves of disillusionment in the West but which is now seeing a dramatic 21st century renaissance in the booming crowded cities of East Asia Providing a global approach to the history of Modernist mass housing production this authoritative study combines architectural history with the broader social political cultural aspects of mass housing particularly the mass politics of power and state building throughout the 20th century Exploring the relationship between built form ideology and political intervention it shows how mass housing not only reflected the transnational ideals of the Modernist project but also became a central legitimizing pillar of nation states worldwide In a compelling narrative which likens the spread of mass housing to a Hundred Years War of successive campaigns and retreats it traces the history around the globe from Europe via the USA Soviet Union and a network of international outposts to its ultimate optimistic resurgence in China and the East where it asks Are we facing a new dawn for mass housing or another great housing failure in the making

The Great Urban Transformation You-tien Hsing, 2010 As China is transformed relations between society the state and the city have become central The Great Urban Transformation investigates what is happening in cities the urban edges and the rural fringe in order to explain these relations In the inner city of major metropolitan centers municipal governments battle high ranking state agencies to secure land rents from redevelopment projects while residents mobilize to assert property and residential rights At the urban edge as metropolitan governments seek to extend control over their rural hinterland through massive scale development projects villagers strategize to profit from the encroaching property market At the rural fringe township leaders become brokers of power and property between the state bureaucracy and villages while large numbers of peasants are dispossessed dispersed and deterritorialized and their mobilizational capacity is consequently undermined The Great Urban Transformation explores these issues and provides an integrated analysis of the city and the countryside elite politics and grassroots activism legal economic and socio political issues of property rights and the role of the state and the market in the property market

Antoni Gaudí Michael Eade, 2024-03-07 An accessible account of the contradictory life and work of the modernist Catalan architect The celebrated art nouveau architect Antoni Gaud was a contradictory figure a deeply religious politically right wing man who nevertheless built revolutionary buildings This book explores Gaudí's life work and

influences from Catalan nationalism to the industrial revolution Michael Eaude expertly guides readers through Gaudí's dozen great works including the Sagrada Família that attracts millions of tourists each year Gaudí's life is also chronicled from his provincial upbringing in Reus to his time in Barcelona He later suffered a nervous breakdown became obsessively religious and fused Gothic Baroque and Orientalist architecture into his unique style This brief biography offers an accessible introduction to this perplexing and fascinating life Experiencing China Detlev Kirchgatter, 2003 If you are planning to enter the burgeoning Chinese economy may he be a person with just an interest in this fourth largest country in the world and a population of 1.3 billion people I went to China to discover facts of Chinese life its fantastic progress to see if I could make new friends and above all to separate fact from fiction in my mind In ten months stay of travel acting as a foreign expert I had the opportunity to meet Chinese from every walk of life Those heads of high technology plants to simple students from Tibet to the ancient farmer having lived through the dark ages of the Mao period a period that is not talked about and is best forgotten The adage that East and West shall never meet I would now firmly discard as one of the fictions adhered to in the West For when one delves below the superficiality one will find regardless if in the West or the East humanity has the same wants feels the same pains as well as joys *The Surveyor & Municipal & County Engineer*, 1928 **Order, Materiality, and Urban Space in the Early Modern Kingdom of Sweden** Riitta Laitinen, 2025-10-01 Our corporeality and immersion in the material world make us inherently spatial beings and the fact that we all share everyday experiences in the global physical environment means that community is also spatial by nature This book explores the relationship between the seventeenth century townspeople of Turku Sweden and their urban surroundings Riitta Laitinen offers a novel account of civil and social order in this early modern town highlighting the central importance of materiality and spatiality and breaking down the dichotomy of public versus private life that has dominated traditional studies of the time period
