**60-Minute CEO** Dick Cross, 2016-11-03 Looking toward the C-suite, take heed. Author and serial CEO Dick Cross pulls back the curtain on this top leadership role, explaining in his new book that being a successful leader, running a business and doing it extraordinarily well isn't a full-time job. In *60 Minute CEO: The Fast Track to Top Leadership*, Cross makes the case that the single greatest determinant of business success revolves around the job at the top. Cross suggests that the most important and often overlooked duty for a CEO is thinking about how to improve his or her business and how to be a leader. Cross also reveals that a mediocre leader can be transformed into an exemplary one simply by refining two key things: thinking and character. In Cross's trademark conversational style, he conveys why strategy and execution, while important, should take a back seat to authenticity and responsibility, and that the essential elements of the CEO role can be accomplished in several 60-minute sessions every week. Executives may fill their time with other tasks, but leading and running a company requires explicit skills different from those needed for any other corporate position. The good news is that those skills are easy to learn, fun to do and not time consuming. In an entertaining style, Cross offers executives the fast track to the top leadership position. And while 60 minutes may seem like a quick fix, as Cross sees it, three 60-minute sessions a week devoted solely to considering your business and your role as leader are crucial to business and leadership success. In *60 Minute CEO*, Dick Cross brings over 25 years of experience of

transforming companies in various stages of underperformance into industry powerhouses Cross combines his knowledge and experience with the stories and lessons of preeminent leaders and thinkers including General George Patton and Seattle Seahawks quarterback Russell Wilson *Popular Fads and Crazes through American History* Nancy Hendricks,2018-08-17 This informative two volume set provides readers with an understanding of the fads and crazes that have taken America by storm from colonial times to the present Entries cover a range of topics including food entertainment fashion music and language Why could hula hoops and TV westerns only have been found in every household in the 1950s What murdered Russian princess can be seen in one of the first documented selfies taken in 1914 This book answers those questions and more in its documentation of all of the most captivating trends that have defined American popular culture since before the country began Entries are well researched and alphabetized by decade At the start of every section is an insightful historical overview of the decade and the set uniquely illustrates what today s readers have in common with the past It also contains a Glossary of Slang for each decade as well as a bibliography plus suggestions for further reading for each entry Students and readers interested in history will enjoy discovering trends through the years in such areas as fashion movies music and sports

**Leap** Bob Schmetterer,2003-03-10 Traditionally company leaders develop a business strategy based on bottom lines and profit margins then hire an ad agency to back up that strategy with creative advertising But history shows that some of the most effective branding campaigns are born when companies work with ad agencies to develop a business strategy that has a big creative idea at its heart what CEO of Euro RSCG Bob Schmetterer calls the Creative Business Idea In Leap Bob Schmetterer shows advertisers how to combine advertising creativity and bottom line realities to develop winning business strategies and winning ad campaigns He analyzes some of the most creative business ideas in history showing how successful advertising and marketing strategies do more than simply communicate the brand they define it Advertisers know how to create demand for an existing brand but Schmetterer argues that the next challenge for advertisers is to help their clients apply creative thinking to their core business strategy before they launch a branding blitz Leap is about connecting the left brain and the right brain to develop solid business strategies that are also creative fresh and exciting It s about mixing business s cold fixation on numbers with the warm heart of art and creativity to build revolutionary brands It s about connecting with and listening to the client understanding the business and the product tapping into the client s passion for the product and transmitting that passion to the consumer It s about what happens when the business makes creativity part of its core strategy enabling it to move beyond self imposed boundaries and expand the limits of its reach With a wealth of examples from Volvo to Purdue Schmetterer shows ad agencies and managers how to help their clients develop the big creative idea that will transform their businesses and perhaps their industries It s time for companies to make the Leap that synthesizes business and creativity to reap the full rewards of profitable innovation BOB SCHMETTERER is Chairman and CEO of Euro RSCG Worldwide a one of the world s top five global advertising and communications agencies with clients such
