Taking On The Gods:

Taking on the Gods Merle R. Jordan, 2001-11-13 Taking on the Gods explores a clinical theological approach to the treatment of individuals couples and families suffering from neurotic styles of life Merle Jordan exposes the origins of neuroses in idolatry the substitution of false psychological gods for the true God as the center of ultimate reality In attempting to earn the approval of these false gods and to escape their harsh judgment one enters into a second idolatry becoming one's own Messiah parts of the self are sacrificed to placate the false gods The resulting personality distortions are the source of many emotional difficulties Jordan discusses not only the role of pastoral counselors in helping clients confront their idols but also the counselors responsibility to recognize their own false gods Topics covered include Pastoral Counseling as the Encounter Between Gods The Implicit Religious Drama in Marital and Family Counseling The Operational Theology of the Common Cold Depression and Self justification Versus Justification by Faith Through Grace According to Jordan helping people to take on their gods to free themselves to experience the loving God is the heart of the pastoral counselor's task

Religion & Classical Warfare Matthew Dillon, Christopher Matthew, 2020-09-22 This study looks at destroying the gods of Rome's enemies wartime ceremonies the role of women in Republican warfare and even the gruesome live burials of people during times of military crisis Religion was integral to the conduct of war in the ancient world and the Romans were certainly no exception No campaign was undertaken no battle risked without first making sacrifice to propitiate the appropriate gods such as Mars god of War or consulting oracles and omens to divine their plans Yet the link between war and religion is an area that has been regularly overlooked by modern scholars examining the conflicts of these times This volume addresses that omission by drawing together the work of experts from across the globe The chapters have been carefully structured by the editors so that this wide array of scholarship combines to give a coherent comprehensive study of the role of religion in the wars of the Roman Republic Aspects considered in depth will include declarations of war evocatio and taking gods away from enemies dedications and ceremonies the cult of the legionary eagle the role of women in Republican warfare omens and divination live burials of people in times of military crisis and the rituals of the Roman triumph Research and Review, 1908 *Christianity and the Qur'an* Gabriel Said Reynolds, 2025-09-02 A leading Qur'anic scholar's revisionary account of how Islam emerged in dialogue with Christian traditions Challenging the dominant narrative about the history of the Qur'an and the emergence of Islam in a predominantly pagan context Gabriel Said Reynolds presents the Qur'an as a text born within a largely Christian culture As he examines the ways the Qur'an engages with Christian traditions not only those of the

New Testament but also those of late antique Christian literature and with Christians themselves Reynolds also draws on recent scholarship on pre Islamic Arabic inscriptions suggesting that monotheism Christianity in particular was a significant presence in the pre Islamic Hijaz the region in which Muhammad preached This study re situates the Qur an as a text thoroughly concerned with Christianity not just the longer narratives of individuals such as Mary and Jesus but also passages that do not mention Christians explicitly The Qur an s stance toward Christianity is on occasion controversial aiming to advance Islamic theology and undermine Christian apologetical arguments yet the Qur an is not always polemical At times the text makes use of the audience s knowledge of the Bible to advance its own vision of God and God s relationship with humanity
